FOR A CLEVELAND MONUMENT.

Chicagoans have started a \$100,000 fund to erect a local monument to Grover Cleveland. Chicago, where the dead President strongly upheld law and order against anarchy, might well hasten with a Cleveland monument of its own.

OUT OF THE OLD RUTS.

The farm equipment stores have sold more scythes and harvesters this year than ever before in Anderson county, says The Anderson Daily Mail. How much better this sounds than an announcement that the farmers had bought a greater quantity of Western meat, hay and flour than in any previous year.

TIME-TABLE FOR THE TARIFF.

If Senator Aldrich only can make the Senators keep their seats during the ten-hour sessions he will thereby do much toward hastening completion of the tariff bill. And when the bill goes to conference if he can keep the conferees of the two houses working night and day the compromise necessary to bring the matter to conclusion will be quickly agreed upon.

Of course Senator Aldrich objects to the evidence of production cost which our State Department obtained from the German government. He dislikes any data which may interfere with arbitrary tariff-making and there will never be a genuine tariff commission to make investigation into tariff matters if he can manage otherwise.

PAYING POLITICAL DEBTS.

Charity and Children expresses its views upon political debt-paying, with obvious reference to North Carolina conditions. "It is all right for a man to be true to his friends and, all other things being equal, to give them the preference in the appointments, but when other things are not equal it is wrong to foist upon the people a man for the sole and simple reason that he has been useful in carrying out the political plans of the administration."

LID FOR CHARLESTON NOISES.

The nightly moanings of the cows in Charleston having become a nuisance which The Charleston News and Courier feelingly but helplessly deploras, we come to the rescue with information obtained by way of a reader's letter in The New York Sun. "City folks sojourning at a cool, sequestered retreat," says this timely adviser, "were driven to the verge of distraction through insomnia caused by the braying of a donkey. It was the custom of the inconsiderate beast to send his deep, far-reaching, penetrating, melodious (?) notes out upon the still night from midnight until near dawn. This continued until a recent arrival, being made aware of the trouble, replied quietly but with full assurance, 'I will stop all that.'"

MRS. HURLEY NOW RELENTS.

Well-known Charlotte Man Under Impression For Assault With a Revolver Upon His Wife, Secures New Houseman and Leaves the City—Mrs. Hurley Relents and Wires Message of Sympathy and Forgiveness—Little Probability That Case Will Now Amount to Anything—An Act Intensely Human—An Incident That Will Not Be Forgotten.

ANCIENT NEAR-POETRY.

Verses Discovered in the Vault of the Court House at Lincolnton—Supposed to Have Been Written About 1814, Though Undated and Unsigned.

MR. HURLEY TO LYNCHBURG.

Mr. Dennis Hurley, who is under a \$500 bond for his appearance at the August term of criminal court to answer the charge of assaulting his wife, Mrs. Katherine Jordan Hurley, with a pistol with intent to kill, left Charlotte Friday night on a northbound train. Before leaving the city Messrs. C. E. Hooper, J. W. Wadsworth, J. M. Uair and Samuel Powell signed the bond fixed by the court, for which Mr. T. C. Guthrie, Mr. Hurley's attorney, had pledged himself.

A TRIAL HARDLY PROBABLE.

At any rate the case against Mr. Hurley will hardly ever come to trial. It is not probable that Mrs. Hurley will testify against him and otherwise the State will hardly be able to produce sufficient evidence in the case to make it worth while to be presented to a jury.

GLENN RIGHT; SIMMONS WRONG.

This Opinion Expressed by Mr. H. K. Reid, of the County, on the Subject of the Tariff. To the Editor of the Observer: Please allow me space in your valuable paper to express my joy at finding that the mass of the people are beginning to realize somewhat of the abominable iniquity of a protective tariff. We have recently heard calm, thoughtful men expounding the opinion that if the common people fully understood the iniquity of our present protective tariff, that there is no power on earth that could prevent them from rising in their wrath and going to Washington and overthrowing the government. This may be an extreme view, but they would at least see to it that no man who favors a protective tariff should ever again hold any office whatever in this country.

CONCERNING CHIEFLY THE OLD MAN.

Under the head of "An Able Substitute," The Norfolk Landmark, pays this tribute to a rather industrious individual: "Not for the sake of a mere passing compliment, but from a deep sense of what is justly due, The Landmark takes the liberty of congratulating Mr. Caldwell and The Observer upon the admirable manner in which Mr. Klutz has met the responsibility. The editor who has to stand comparison with a writer like Elder Caldwell is at a serious disadvantage, and the fact that Mr. Klutz has proved equal to the situation is evidence of the stuff that is in him. Like the late President Cleveland, whom he so much admired, Mr. Caldwell is a great judge of bright young men, and his skill in recognizing and encouraging them has been an important factor in the remarkable success of The Observer." Mr. Klutz has had a rather stiff contract to fill, but he has done it in a way that is entirely deserving of the notice The Landmark has taken of it.

ROOSEVELT PARTY GOES TO SOUTH DISTRICT.

Klabe, British East Africa, June 5.—The Roosevelt expedition left here at 1 o'clock to-day for the South district. Between Klabe and the objective point there is a waterless tract that it will take two days and a half to traverse. Water for the expedition will be carried in ox-wagons in charge of a Ulyate settler. The moon at present is full and the nights are bright; this will enable the party to travel day and night with scarcely a stop until water on the other side is reached.

TO EXHUME BODY TO ASCERTAIN CAUSE OF DEATH.

Abilene, Tex., June 5.—Judge Blanton to-day ordered that the body of Tom Barnett, who it is alleged was killed by a mob, be exhumed, to determine whether Barnett's death was caused by scissors wounds inflicted by himself or by bullets fired by the mob.
