FARMERS' INSTITUTES.

Agricultural Department Plans to Have Five of Such Events in This

County This Summer. Events which are always anticipated with interest by the country people especially the farmers, are the annual institutes which are given under the direction of the State Agricultural Department. Five of such gatherings have been planned so far for this county, the first one to be held July 30 at Derita.

Director T. B. Parker has sent out the following notice in regard to these

institutes "Dear Sir :- Referring to the Farmers' institutes to be held in Mecklenburg county this summer, the following dates are given: Derita, Friday, July 30; Sharon, August 3; Kapps School House, August 4; Matthews, August 11; Paw Creek, August 12

At Derits, Matthews and Paw Creek there will be a carload of agricultural implements and also a car to be presided over by the women in charge of the women's institute at

those places. These I am sure will be of interest to your farmers and their wives and daughters. There is to my mind a great future for agri-culture in North Carolina, but it is very necessary to stop the heavy drain made upon the State by the purchasing of the millions of dollars' worth of stuff from outside the State.

which should be grown upon our own farms. It is with the desire to pro-mote better farming that these institute parties are sent out. "Tours truly,

"T. B. PARKER. "Director of Institutes." "Raleigh, N. C., June 29."
