STATE RESTS CASE REGARDING RATES OF JUSTICE BILL

(Special to The Observer.)

Asheville, July 10.—The action of the State in resting its case and the introduction of a bill of amendments from officials of the Southern Railway, in which efforts are made to show that the placing of the rates of the Justice bill into effect will mean disaster to the system, were features of today's sessions of the North Carolina Freight Rate Commission.

Rate Expert C. W. Hillman was recalled to the stand for a few minutes in the morning, and J. E. Fulgham of the Western Carolina Lumber and Timber Association was the last witness to be called by the State. Mr. Fulgham's testimony related chiefly to the rates now in force on lumber shipments, his statements being to the effect that the rates are higher than those in effect in other States and western North Carolina lumbermen are forced to pay discriminatory tariff in making their intrastate shipments.

The statements of Comptroller Plant and Freight Traffic Manager Green of the Southern were voluminous and a great deal of time was required to read them into the records. They were replies to the testimony State's witnesses introduced at Raleigh several weeks ago. The witnesses present asserted and insisted by way of effort to show that the rates provided for in the Justice bill are entirely too low and will work a great handicap on the Southern.

L. M. Jones, traffic manager of the Norfolk Southern, was examined next, his testimony being along the lines of that introduced by the officials of the Southern Auditor of Revenue. Duke of the Southern was another witness whose testimony was long drawn out. He presented figures to show that the rates proposed by the State are too low.

On the Increase.

(From The Sanford Express) Prof. R. W. Allen recently finished the school census of the Sanford Graded School district. He found 232 children of school age in the district. Last year the census showed 555. This is an increase of 67. Some of this number became of school age during the year while others have moved in.

COLLEGE BOOKS AUDITED. Summer Issue Davidson Bulletin Is Out This Week. (Special to The Observer.) Davidson, July 10.—The Summer issue of The Davidson College Bulletin, being mailed out this week, devoted itself in part to a review of the recent comment and things pertaining thereto. Attention is called to the fact that for the first time in the history of the institution a thorough audit of the books was made this year, the work being done by the Southern Audit Company at Atlanta, the expense of the work being borne by W. J. Roddey, a member of the executive committee of whom President Martin in The Bulletin writes as follows: "An enthusiastic, clear-headed worker for the best business methods in the institution, not only paid the bill of the Audit Company, but likewise paid for the installation of a new set of books, drawn up to suit the needs of the college, to be used by the treasurer and business manager, Mr. F. L. Jackson."

DAVIDSON. Davidson, July 10.—Mrs. Belle Robinson of Wilmington is here spending several days with her niece, Mrs. A. Currie, before they leave for western Carolina for a stay of length. Mrs. Barnes and daughter, Miss Florence, have gone to their Summer home at Crossnore, near Linville. Mr. Ernest Campbell is a member of the same household for the Summer season.

President Martin who will remain at Montreat during the month of July, will return to Davidson to spend most of August, keeping open the office in the administration building, when Miss Shaw, registrar, takes her vacation in western Carolina.

Returns from Asheville. Grand Chancellor J. G. Baird of the Grand Lodge, Knights of Pythias, has just returned from Asheville where he spent the night here. There were highly enthusiastic meetings held. Grand Chancellor Baird will leave Monday for Winston-Salem to visit the lodges there and assist in the installation of officers.

SEARCH FOR WOMEN MAKES NO PROGRESS

The Mystery of the Disappearance of Atlanta Women Is Unsolved.

Atlanta, Ga., July 10.—Information still was lacking here tonight as to the whereabouts of Mrs. Eloise Nelms Dennis, believed to have signed a letter received here which said that she had murdered her sister in New Orleans, was preparing to kill her brother in San Francisco and then would commit suicide.

Police officials in San Francisco, New Orleans and Houston, Dallas and San Antonio, Texas, where Mrs. Dennis and her sister, Miss Beatrice Nelms, planned to visit, failed to find any trace of them.

Mrs. John W. Nelms, mother of the missing women and recipient of the mysterious letter, continued to believe that her daughters were the victims of a conspiracy. They had a draft for \$1,450 cashed in New Orleans on June 13 after their departure from here, the proceeds of which were to be used completing Mexican investments made by Mrs. Dennis.

Checks issued by Mrs. Dennis for previous sums for investments were made in favor of a "Victor E. Innes" who developed today. The two women left New Orleans for Texas on June 14, supposedly to meet the man giving his name as Innes in either Houston or San Antonio.

The first sum turned over to Innes for investment amounted to approximately \$10,000, according to Mrs. Nelms. No information as to whether the business transaction was completed was developed today. A telegram from Houston on June 24, stated that the women were only of an enjoyable time in Houston. A week later the telegram was received from New Orleans, signed "L. and B." for Eloise and Beatrice, which said that they were going farther West. This indicated that they had returned from Texas.

This was also the last message received by Mrs. Nelms until last Tuesday when a typewritten letter, signed with the name of Mrs. Dennis, was received from San Francisco, where it had been mailed on July 3. It told of the alleged death of her sister, her plans for killing Marshall Nelms her brother, and then drowning herself. It was accompanied by a handwritten note indicating the identity of the typewritten note was the following sentence referring to Mrs. Dennis divorced husband: "I am sending a copy of this to Walter Dennis in New York, devoted to her who was in Reno, Nev. about a year and a half ago. Mrs. Nelms said. He is supposed to have been a lawyer and to have assisted Mrs. Dennis in obtaining a divorce there."

A woman giving her name as Mrs. Margaret Mims, or Mines, and representing herself to be an aunt of Innes was in Atlanta about June 1, according to the typewritten note. She was accompanied for a short time consulting with Mrs. Dennis about the Mexican investments.

In compliance with a request from her daughter, Beatrice, Mrs. Nelms said today that she had sent an express package containing some wearing apparel to San Antonio, addressing it "in care Mrs. Margaret Mims." Information from San Antonio late today said that the package had not been delivered.
