Court continued till Saturday afternoon. More was done on the civil docket than during any court in years. The docket is now in better shape than it has been in a long time. Judge Hoke presided with great satisfaction.

Rev. M. A. Abernethy, manager of the Farmers Mutual Insurance Association for Catawba and Burke counties, has been sick the last week with the grip, and unable to send out a notice which many members have perhaps been looking for.

Mt. Holly has formed a new society. It is to rid the town of "vampires." By vampires, it meant men who put children in factories and then loaf around the streets themselves and live off the earnings of their children. In Mt. Holly they march them out of town and give them notice to return. A branch of this society should be formed in every cotton mill town.

Mr. William Herman, of Cline's township, who lives on the Spring's road about three miles above Conover, had the misfortune to lose his house by fire last Friday. He was gone to Hickory at the time and his children were at school. It is not known exactly how the fire started. All his furniture and the clothing of himself and children except what they had on at the time, were lost. His wife died a few months ago. He is a poor man, and the children are now homeless. The neighbors are helping him to get started again and a money subscription was taken up for him in Newton Wednesday.

There is another case of smallpox at Long Shoals. John Ross is the victim this time. He was with Rhyne while the latter was sick, and consequently was nudged by the doctors to be vaccinated. He refused, and the result is that he now has a severe case of smallpox. Monday his face began to break out, and by Tuesday he had a fully developed case. His wife, also, has refused to be vaccinated.

CLEVELAND.

Death of Mr. M. W. Doggett—A Waco Marriage—Dangerously Stabbed—Mad Dogs at Large—Other News.
Shelby Star, Feb. 19th.

Mr. J. R. Jolly, a good farmer of the Mt. Pleasant section, was a loser last Thursday night to the extent of two good middlings of meat. A thief entered his house and stole his meat and left no trace of his identity. Complaints about meat stealing come from all sections of the county.

Mr. David Hull died on January 16th at the home of his son, Wm. Hull, at the Goforth place on King's Creek, and was buried at Antioch church. He was nearly 87 years of age and leaves three daughters and four sons to mourn his loss. Deceased was a brother of Squire W. H. Hull, of Casar, and Mr. Ben Hull.

There was a serious cutting affair at the Shelby Cotton Mills on last Thursday night. As a result Mr. King Black, son of Mr. Ham-bright Black, was arrested and is now in jail awaiting his trial. The party assailed and so dangerously cut was Mr. Hugh Lowe, another operative in the mill. The preliminary trial has not been held so far on account of the inability of Mr. Lowe to attend the trial.

A mad dog was at large in the Elizabeth section last week and a child of Mr. Joe Porter was bitten before it was learned that the dog was rabid. The child was carried to Charlotte and the mad stone adhered for an hour and a half. The same dog bit Mr. Frank Barrett, while the latter was trying to tie it, and Mr. Barrett went to Charlotte Thursday. The dog was killed, and several other dogs that were bitten have been killed also.

Petitions have been sent in for three rural free delivery routes in Cleveland county, and the inspector will be here at an early date to go over the routes and make recommendations. Three carriers will be appointed at the same time to carry the mail on these routes. The salary is \$500 per year, but it will require two horses to stand the work. The salary will probably be increased to \$600 soon. Applications have already been filed for all these places.

Mrs. Vienna Bridges, mother-in-law of Mr. W. M. Blanton, of Mooresboro, was visiting her son-in-law near Henrietta recently when she fell from the piazza and dislocated her left wrist and ankle, and broke her leg just above the ankle and broke her collar bone, besides receiving other bruises of a less serious nature. She has been doing as well as could be expected under the circumstances. She is 72 years of age and we note with pleasure that she is improving.

There was a marriage at Waco Sunday in which popular young people from Cherryville were the chief actors. The ceremony was performed in the Baptist church at 2 o'clock in the afternoon and Mr. Jno. Mr. Doggett was about 63 years old and had been a prominent citizen of Shelby for nearly two score years, although he had resided in Asheville for a few years. He was a member of the board of Aldermen, a bright Mason, a consistent member of the Baptist church and a true Christian. He was a loyal and enthusiastic Democrat and a citizen true in all the relations of life.

A Mistrial in Bill Shehan's Case—\$25,000 Raised for Another Factory in Marion—Veteran Bond Granted a Pension.
Marion News, Feb. 20th.

We hear that another bank is in contemplation, and that its establishment is almost a certainty.

Mr. B. W. Bond, an old veteran and formerly a tailor in Marion, has been notified that his pension of \$12 per month has been granted, through the instrumentality of Major Moody.

A number of our enterprising business men have put their heads together and resolved to build another factory in Marion. We understand from good authority that \$25,000 has been raised for this purpose.

Judge Council is decidedly right. He is a pre-eminently fair man; a just man, and during his stay in Marion has made an agreeable impression on members of the bar and others who have had the good fortune to meet him personally.

Yesterday evening the famous Bill Shehan was tried for stealing J. S. Elliott's hog. Col. Chas. F. McKesson, of Asheville, was in court and volunteered to aid the defense, and made an eloquent and memorable address to the jury. They could not agree, six being for acquittal and six for conviction, and a mistrial was directed.

HE RECOMMENDS CHAMBERLAIN'S COUGH REMEDY.

"I have used Chamberlain's Remedy for a number of years and have no hesitancy in saying that it is the best Remedy for coughs, colds and croup I have ever used in my family. I have not words to express my confidence in this Remedy.—Mrs. J. A. Moore, North Star, Mich. For sale by W. A. Leslie, druggist."

Rutherford College Notes.

Since September last one hundred and fifty-seven students have matriculated at Rutherford College. The total enrollment last year was one hundred and four.

The plans for the new building have been drawn. Rev. Mr. Maloney is in the field hard at work and we hope to have the building soon.

The prospects are bright for a good baseball team. Several games have been scheduled and the team will play in Morganton, Hickory, Davidson, Asheville and here.

Prof. Crawford went to Raleigh last week to attend the educational conference which met in Governor Aycock's office.

Prof. and Mrs. Reynolds and Miss Cora Woods left on Monday last for Orange county in response to a letter saying that Mr. Woods, the father of Mrs. Reynolds, was very sick.

Commencement will be on Tuesday and Wednesday, May 27th and 28th. The speakers have been selected and it is the purpose of the faculty to make the exercises profitable and entertaining to all.

The entertainment given at the college on last Saturday evening was novel and unique and Mrs. Rutherford and Mrs. Moore deserve especial thanks for giving us such a pleasant evening.

Monday, the 21st, will be observed as a holiday, and appropriate exercises have been planned for the 22nd. RUTH R. FORB.

SAVED HIM FROM TORTURE.

There is no more agonizing trouble than piles. The constant itching and burning make life intolerable. No position is comfortable. The torture is unceasing. DeWitt's Witch Hazel Salve cures piles at once. For skin diseases, cuts, burns, bruises, all kinds of wounds it is unequalled. J. S. Gerall, St. Paul, Ark., says: "From 1865 I suffered with the protruding, bleeding piles and could find nothing to help me until I used DeWitt's Witch Hazel Salve. A few boxes completely cured me." Beware of counterfeits. W. A. Leslie's drug store.

OUR RALEIGH LETTER.

NEWS FROM THE STATE CAPITAL.

Raleigh at Last to Have an Auditorium—General Toon's Work and Funeral—New Superintendent of Education—Various Matters of Interest.
Correspondence of The News-Herald.

RALEIGH, N. C., February 24.—Raleigh has at last perfected arrangements whereby a combined auditorium theatre will be provided, amply sufficient to accommodate any crowd that is likely to gather on any one occasion in Raleigh for many years to come—and especially with the view of furnishing a hall large enough to comfortably care for the great political and other State conventions.

The auditorium company, formed several months ago, have bought the Academy of Music building (in which these conventions have been held of late years) and will purchase additional adjoining property with about 40 feet front and running the length of the present building, and will make the reconstructed hall as wide again as at present, put in another gallery and enlarge the stage fifty per cent, providing additional entrances and exits. This will give us an auditorium that will hold 3,500 and more people, and at the same time provide a first-class theatre with a stage of sufficient dimensions to accommodate the largest attractions and scenery that come this way. No other hall in North Carolina can seat over 1,500 at present, I believe, and therefore the conventions will continue to be held here—at the "centre," the natural and most available location.

The funeral of General Toon, Superintendent of Public Instruction, last Friday was largely attended by the State officials, local military companies, representatives of Masonic and other orders, despite the particularly bad weather. While General Toon had been dangerously ill for two or three months, he had improved so rapidly of late that his complete recovery was expected, and he had stated his intention to go to his office this week. When he suddenly expired last Wednesday (from heart failure) the sad event was as surprising as deplorable. He had exceeded the expectations of his best friends in the successful performance of his new duties and had he lived to complete the unexpired term of three years yet remaining his record would have been an especially fine one. The interment was in Oakwood Cemetery, this city. His death leaves only two surviving ex-Brigadier Generals of the Confederacy in North Carolina, General Wm. R. Gox and General W. P. Roberts—all of them "in their twenties" when commissioned as sub-Generals being twenty-four years of age, only.

The number of aspirants and candidates for the office of Superintendent of Public Instruction is unprecedented, while many others are "in the hands of their friends." Enumerated in both classes the following names have been presented: Ex-Governor Jarvis, ex-Congressman Grady, Ex-Superintendent Mebane, J. Allen Holt, Oak Ridge; M. S. Noble, State University; J. C. Scarborough, another ex-Superintendent; W. S. Long of Alamance; J. Y. Joiner, State Normal and Industrial College; J. B. Carlyle, Wake Forest College; O. L. Stringfield Financial Agent Baptist Female University; W. H. Ragsdale, of Pitt; Ira T. Tarlington, of Johnson; E. L. Madison, of Caldwell; W. T. Whitsett, of Whitsett Institute; W. G. Quackenbush, of Scotland; P. E. Law, of Robeson; John Duckett, Chief Clerk in office of Superintendent; J. T. Alderman, Henderson; Ernest P. Mangum, of Wilson; John Blair, Wilmington.

No one has appreciated the necessity of a first class man for this particular office at this time more than Governor Aycock, the leader of the "campaign of education" now being undertaken, and who names the man.

Among the other valuable improvements (heretofore noted in these letters), it is now learned that \$10,000 have now been raised towards the erection of the new "Student's Building" at the State Normal and Industrial College, the

CLERK'S WISE SUGGESTION.

"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro, Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure, which I did with most happy results. I have no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily." You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodol Dyspepsia Cure digests your food. Leslie's drug store.

students of the college subscribing \$2,000 last week, and that the corner-stone will be laid during the commencement exercises in May.

There will be no celebration at Roanoke Island the coming summer, as it has been found impracticable to secure an appropriation from Congress during the session now drawing to a close. After conferring with Senator Simmons and Pritchard and the North Carolina Congressmen the promoters of the plan have decided to postpone it at least one year.

The order of Red Men in this State will probably build an Orphanage, the plan originating with Oconeechee Tribe of Raleigh.

Miss Helen Gould, and party of New York friends, now visiting the South, will accept Dr. Melver's invitation to include the Greensboro State Normal and Industrial College in their itinerary, and will visit that institution in a few days.

The proposed visit of Governor Aycock and staff to Southern Pines was called off on account of the funeral of General Toon.

The names of candidates for the official aches of the dead man were being exploited in the daily newspapers before Superintendent of Instruction Toon's funeral could be held and the interment of the body looked after—such is the greed of public office (with a salary attached).

The Jr. O. U. A. Mechanics which met in Wilmington last week decided to hold their meeting next year at High Point.

The prospects are for a largely increased acreage of tobacco in this State this year.

Mr. and Mrs. Benjamin N. Duke celebrated their "silver wedding" at Durham last Friday evening and tendered a brilliant reception to their friends. The event was also made the occasion for the presentation of handsomely engraved and framed resolutions, passed last month by the Grand Lodge, A. F. and A. M., concerning Mr. Duke's resignation from the Board of Trustees of the Oxford Orphanage, to which he has been very liberal. Grand Secretary, J. O. Dreary and Past Grand Master John Nichols had charge of this incident.

The order received here Saturday, and taking effect at once, increasing fire insurance rates 25 per cent., effective over the entire territory east of Rocky Mountains, was an unwelcome one to property owners, merchants, manufacturers etc. But they must pay it or go without insurance.

The engagement of Hon. J. R. Young, Insurance Commissioner to Miss Virginia, daughter of Ex-Governor Nichols of Louisiana, is announced. The wedding will occur in April.

North Carolina was requested to contribute \$1,000 to the McKinley monument fund. Only about half of it has so far been subscribed. Any postmaster will receive subscriptions. Small amounts from many people are most desirable.

The report that Gen. J. S. Carr would contest the nomination for Congress in the Durham District this year with Congressman Kitchin at last accounts was neither confirmed or denied.

There will be 3 hangings in this State on Wednesday of this week—two of the four Emma burglars in Asheville and Andrew Jackson at Lincolnton, 2 white men and one negro, and all convicted of burglary and housebreaking, no life having been taken by either. But it was not their fault in either case and a brave young man and woman were murderously assaulted.

Advices from Washington state that Senator Pritchard's efforts to secure pensions for the Western North Carolina soldiers who, after first serving as Confederates, later enlisted in the Union Army, will ultimately be successful. The Senator's "pull" at Washington seems to enable him to accomplish a good deal of this sort of thing, but the ordinary Senator, especially those from the South, has found impossible. But there is no kick coming to us, or any of his constituents, on that account. LLEWYAM.

The Vote in this State as Shown by the Census Returns.

Washington Dispatch.

The returns of the 12th census show a total of 413,890 males of voting age in North Carolina, 127,078 of whom are colored. Deducting the total number of votes cast at the last election from total number in the State, we have 123,160 voters who for some reason did not go to the polls.

The counties of Chowan, Craven, Edgecombe, Halifax, Hertford, Northampton, Scotland, Vance and Warren all have negro majorities and all were carried by Bryan with the single exception of Chowan, which gave a small majority for McKinley. Bryan's vote was smallest in the white counties.

Notice to Tax-Payers!

OWING to the small amount of Taxes paid in at this time and the large number of tax receipts on my books, it becomes necessary for me to be looking out for the money. The Taxes have been due since the 1st of last September, and some are asking for more time. It is not in my power to grant this. I must collect the Taxes and place the money where it belongs.

You may want to vote in the next election, and if you do not have your Tax receipt you will not be able to do so. Please look up the law, section 13, chapter 89, acts 1901, carrying out a requirement of the constitutional amendment. No one will be allowed to vote in the next State election unless he pays his Taxes by the first of May, and it also provides that before the person shall be allowed to vote he shall exhibit to the Register his Tax receipt, signed by the sheriff or tax collector. Unless the receipt bear date before the first day of May he will not be permitted to vote.

Therefore, I will be at the following places on the dates mentioned for the purpose of receiving taxes, and expect that those in arrears will promptly meet me prepared to pay up.
