RYDALE'S TONIC

A New Scientific Discovery
for the
BLOOD and NERVES.
It purifies the blood by eliminating the
poisonous matter and other impurities and
replaces the same with the purest of
nature. It builds up the blood
and stimulates the nervous system, thus
restoring the normal flow of nerve force
throughout the entire nervous system. It
restores the vitality of the nerves, and
gives the system a new lease of life.

FARRAND ORGANS.

When discussing the subject of high grade organs one's mind naturally turns to the historic name of Farrand, which for over twenty-three years has been in the lead of high grade musical instruments. The Farrand organ is a most wonderfully sweet instrument and is unequalled for its durable qualities.
My second Car Loan for Lenoir, N. C. has just arrived and I am sure that you place your order with me for a Car Loan you will never regret it. The increasing demand for the Farrand organ is sufficient evidence that they are appreciated.

A Batch of Live Items Culled from the Papers in the Adjoining Counties.

MCDOWELL.
Marion Democrat, July 8th.
Bell, the daughter of Mr. and Mrs. J. W. Ballew, of Bridgewater, was seriously injured last week. She attempted to cut off a chicken's head and cut off the upper part of her first finger and thumb. Dr. J. B. Riddle dressed the wound.

George Eaves, a son of our fellow townsman Attorney G. G. Eaves, and a mail clerk on the Southern Railway, was quietly married Wednesday night, June 29, in Blacksburg, S. C. The bride was the charming Miss Helen Whisnant, a daughter of Mr. and Mrs. John Whisnant.

Miss Mary A. Garner, a very popular and highly gifted young lady of Washington, D. C., became the bride of Dr. W. P. Jones, proprietor of the McDowell Furniture Company of this place, Thursday, June 30. The ceremony was performed at high noon at the residence of the bride's brother, George Garner, 67 I street, N. E., where she made her home. The bride and groom came here Monday night and will reside on Garden street, in the attractive dwelling which Dr. Jones recently completed.

J. B. von Eberhard, at the ripe age of almost four-score years, died last Thursday afternoon at his residence on Morgan street. Deceased had not enjoyed good health for several years, being troubled much with rheumatism. He came to this place in the spring of 1900 from Savannah, Ga., but was a native born German. His wife, formerly Mrs. F. M. Krivatsky, and a Baroness, of Hungary, by direct descent, owns some property in this county and they came to look after it personally. In the fall of 1900 they purchased the property on Morgan street and have since resided there. The wife is the only survivor, as deceased had no immediate kin living. As they were very reticent and went but little away from the house, not much was known concerning them.

WATAUGA.

Boone Democrat, July 7th.
Miss Mary Rryant, daughter of Mr. John Bryan, of Meat Camp, died on last Sunday in the 21st year of her age.

A heavy rain in this section on Monday evening did much damage to the roads, and upland was considerably washed.

Judge Council and family, of Hickory, arrived in the village yesterday, and will remain here during the vacation the Judge is now enjoying.

We learn of the serious illness of Mrs. F. P. Moore, of Globe, She has been ill for only a few days but when last heard from was considered dangerously ill.

Will Wheelin, of Middle Cane, was tried before J. W. Bryan in Boone last Monday under a charge of being implicated in the killing of Henry Rimer. The defendant was acquitted.

The cherry crop in this vicinity is immense, and are now getting full ripe. The small boy is getting in full time and the doctors are getting an occasional call as a result thereof.

A move is now on foot to erect a very handsome school building on Cove Creek. Dr. Madron tells us that a good part of the money has been pledged and that they hope to get the work far along by cold weather.

WORKING NIGHT AND DAY.

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. These pills change weakness into energy, brain-fog into mental power. They're wonderful in building up the health. Only 25c per box. Sold by John Tull and W. A. Leslie, druggists.

CATAWBA.

Newton Enterprise, July 8th.
Mr. E. P. Johnston of Bandy's township has been appointed a county commissioner to take the place of Mr. J. A. Cook, who has resigned.

Mr. Logan Whitener, a well known and respected citizen of Jacob's Fork township, died last Saturday, July 2nd, aged 77 years. He lived just beyond the Simpson bridge on the South Fork and was for many years postmaster of Jacob's Fork office.

The 4th of July was more observed as a holiday in this county than we have ever known it before. There were celebrations in Hickory, Plateau, Monbo, and Rock Springs, besides numerous other small parties. There was also a good sprinkling of people in Newton.

There were more people from different parts of the county here Monday than on any one day for some time. All speak in the most cheerful terms of their crops. On both bottom and upland, the crop prospects in the county are as good as were ever known in the first week of July.

The crops and the modes of farming, as seen from the car window between Newton and Gastonia, afford an interesting study. Catawba, Lincoln and Gaston are all spreading themselves on cotton this year, though along the creek and river banks are some fine fields of corn. It would be difficult to decide as to which county has the best looking cotton and corn. It seems to be an even race. But the farmers of each county have a distinctive way of working their crops. In Catawba they use the cultivator in both cotton and corn and prefer a level, shallow cultivation. In Lincoln they use the double foot plow, with either shovels or twisters. In Gaston nearly all use the single foot plow, with twisters. They plow deep and throw up high ridges. As the crops all look about the same, we have come to the conclusion that it does not matter so much how crops are worked, if they are only worked often and well.

The Maiden land had a very disagreeable and unlooked for experience with Gouch's excursion to Wilmington last week. The facts in the case as we have got them are, that the band wrote to Mr. Gouch, the manager of the excursion, offering to furnish music in return for transportation to Wilmington and return. Mr. Gouch replied by telegram to get on the train and that there would be no cost for transportation. The band boarded the Carolina and Northwestern train, and Capt. Ross passed them to Lincolnton without question. But when the telegram was shown to the conductor of the Air Line road, he said he could not pass them on it and that they would have to buy tickets or get off. At Stanley the Maiden boys got off the train and bought tickets back to Maiden. Six suits have since been started in Catawba Superior court for damage against the Seaboard Air Line for putting the band off the train. These were brought by G. C. Ikerd, J. M. Holshouser, J. W. Beard, J. D. Nixon, J. T. Huitt and W. L. Fry. There were 15 members of the band on the train. The others will await the result of these six suits before starting cases against the road.

A GREAT RULER.
One of the greatest of rulers is the liver. It governs the human organism. When the liver is out of order the whole system becomes diseased. Keep your liver healthy by using Rydale's Liver Tablets. They cure all liver trouble. They cure constipation. Your money back if they do not give satisfaction. W. A. Leslie, druggist.

A Beautiful Sermon.

Rock Hill Herald.
A preacher in Kansas the other day delivered a brief but very beautiful funeral sermon. Here it is: "A word to you all. Post mortem praises and love are in the air. People stoop to kiss their dead who never stood to kiss their living; they hover over open caskets in hysterical sobs, but fail to throw their arms around their loved ones who are fighting the stern battles of life. A word of cheer to the struggling soul in life is worth more than the roses of Christendom piled high on casket covers. The dead cannot smell the flowers, but the living can; scatter them broadcast in their pathway, therefore, and pluck out the thorns before it is too late."

NIGHT WAS HER TERROR.

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and \$1.00. Trial bottles free at Jno. Tull and W. A. Leslie's drug stores.

RAN AWAY FROM "DIXIE"

A Story of the War-Time Experiences of Brigadier General "Jack" Hayes. The Baltimore Sun prints the following good story of a retired army officer who is well known in Morganton, having married here: Brigadier General "Jack" Hayes, retired, was seated with a friend on the lawn in front of his home one evening when a street pianist came along and began his repertory, says a Washington letter to The New York Herald. It was a fair instrument, and the old soldier liked the music so much that he tossed the man a piece of silver. The Italian picked up the money, arranged the side clutch and then "Dixie" filled the block.

General Hayes got up from his chair without a word, walked into his house, through the hallway and to the back yard, where he remained until the street pianist had gone down the street and out of the section. Then the general came out on the lawn again and took the chair beside his friend without saying anything. The friend, however was curious.

"General," he said, "I never before knew that you were one of these prejudiced people. What's your idea in galloping away when that Italian began to unwind 'Dixie'?" What's the matter with 'Dixie'?" Why I've heard it tumultuously cheered in theatres in Boston and New York."

"That's all right too," replied General Hayes, chewing on his cigar. "The persons who cheered 'Dixie' in theatres in Boston and New York never got such a stampeding through 'Dixie' as I did. Prejudice nothing! I'm not prejudiced against or sore on anybody. But I made a bad break once in connection with that 'Dixie' air, so that I've never been able to listen to it since without getting up and walking as far away from the sound as I could get."

"I was an aid on the staff of General Kirkpatrick when he was tearing up the railroads around Macon. The Confederates were never very far away from us while we were doing that work. They hovered around our front, watching proceedings. They thought that they were not numerically strong enough to make it worth our while to go after them. They just watched us from their distance in front, making no attempt to bother the men."

"One day General Kirkpatrick summoned me—I was in charge of a part of the track, destroying—to ask me how the job was proceeding. He wanted quicker progress made."

"Take one of the mounted bands down to the place where the men are working," said General Kirkpatrick to me. "The boys always work faster when there's music around."

"I got one of the mounted bands and took it down to where our gang was pulling up the ties and rails. The leader asked me what kind of music I wanted. I told him to go ahead with some of the patriotic airs. He swung off with 'Hail Columbia,' 'The Star-Spangled Banner,' 'My Country,' etc. The men worked like Trojans under the inspiration of the music. I could see the Confederates massed among the trees' but they hadn't fired a shot. They were evidently obeying orders not to. I appreciated the immunity from the fire of sharpshooters which they gave us, and in a sort of bravado—you've got to remember that I was a lot younger then than I am now—I turned to the band leader and said to him:

"Those 'rebs' are treating us pretty white. Suppose you just reward the poor devils by giving them 'Dixie.'"

"Well, the leader gave them the word and the band began to pump 'Dixie.'"

At this point General Hayes brought his teeth down hard on his cigar and remained silent for a minute.

"Well!" I quired his friend. "Oh, nothing," replied the old soldier, "except that that band hadn't played more than six bars of 'Dixie' before the ground under our feet shook with the blindest 'rebel yell,' any of us had ever heard, and in a minute and a half those Confederates were on top of us and whipped h—l out of us."

For a lazy liver try Chamberlain's Stomach and Liver Tablets. They invigorate the liver, aid the digestion, regulate the bowels and prevent bilious attacks. Forsale by W. A. Leslie, Druggist.

Early Risers

THE FAMOUS LITTLE PILLS.
For quick relief from Biliousness, Sick Headache, Torpid Liver, Jaundice, Dizziness, and all troubles arising from an inactive or sluggish liver. DeWitt's Little Early Risers are unequalled.
They act promptly and never gripe. They are so dainty that it is a pleasure to take them. One to two act as a mild laxative; two or four act as a pleasant and effective cathartic. They are purely vegetable and absolutely harmless. They tonic the liver.

JUST DRUGS.

Ours is essentially a drug store. We are not confectioners nor do we conduct a cafe. Our business is solely the sale of drugs and those sundries which have long been identified as drug store goods.

Our whole time and attention is given to the sale and dispensing of drugs, and we feel that for this reason we can give a kind and quality of service not to be had elsewhere. Ours is essentially a prescription pharmacy and should be kept in mind when drugs or medicines are wanted.

Wood's Seeds.

Crimson Clover
Sown at the last working of the Corn or Cotton Crop, can be plowed under the following April or May in time to plant corn or other crops the same season. Crimson Clover prevents winter leaching of the soil, is equal in fertility value to a good application of stable manure and will wonderfully increase the yield and quality of corn or other crops which follow it. It also makes splendid winter and spring grazing, fine early green feed, or a good hay crop. Even if the crop is cut off, the action of the roots and stubble improve the land to a marked degree.
Write for price and special circular telling about seeding, etc.
