Respectfully,

JUDGE PARKER NOTIFIED.

The Ceremony Took Place at His

Home at Rosemount. Ssopus, N. Y., Dispatch, 10th.

Judge Alton B. Parker today received formal notification of bis nomination for the presidency of the United States as the candidate of the Democratic party, and in accepting gave public expression for the first time of his views on the issues of the campaign. The notification was brought to him by Representative Champ Clark, of Missouri, as chairman of a committee representing every State and Territory in the Union. Mr. Clark, in a brief speech, informed the candidate of his nomination and presented to him a formal communication signed by the committee.

Standing bareheaded, during a brief lull in the rainstorm which had lasted since soon after daylight, Judge Parker accepted the nomination and set forth his views in a speech that evoked frequent and hearty applause. He spoke for a little more than half an hour.

The ceremony was held on the lawn at Rosemount, under the trees at the north end of the bouse, and was attended by upwards of 600 people, the large number of whom came from New York city with the notification committee on the steamer Sagamore. The company included many Democrats of national prominence, as well as a large and representative delegation from Tammany Hall.

There would have been a gala day gathering from Kingston and vicinity, where perhaps the judge is best known, but the rain had been so heavy and so continuous that few local people ventured forth.

It was at first decided to hold the ceremonies on the Sagamore. owing to the storm, but the protest of those who wanted Judge Parker notified at his own house was so vigorous that at the last moment the little platform erected on the lawn was hastily decorated with flags and the ceremonies were held there according to the original plan. During most of the time occupied by Champ Clark's speech the rain was falling in a steady drizzle, but it stopped entirely just as Judge Parker began his ad-

Representative Clark was speak ng and Judge Parker was standing bareheaded without shelter, when a man in the crowd called: 'Somebody hold an umbrella over Judge Parker." A number were immediately offered, but the judge refused them with a courteous wave of the hand. "Justice for all, special privileges for none," said Mr. Clark, and the spectators showed their appreciation of the

sally by a shout of laughter. While Judge Parker was speak ing there was no need of shelter. The rain stopped and not a breath of air stirred. In the stillness, every word could be heard distinctly to the farthest borders of the

It is long years since Judge Parker has been heard in a polit cal speech, and to most of his hearers he was absolutely new in this capacity. They heard him with a keen interest, not unmixed with curiosity. The address was delivered in the clearest tones, in seldom raised conversational but perfectly andible, nevertheless. His enunciation was distinct and his delivery exceedingly deliberate. He used few gestures, mak-

emphasis almost entirely with his voice. He adhered to the text of his written ad dress, with the wording of which he appeared perfectly familiar, though he held a copy in his hand and followed it somewhat closely
