## RYDALE'S TONIC

A New Scientific Discovery  
for the  
**BLOOD and NERVES.**

It purifies the blood by eliminating the waste matter and other impurities and by destroying the germs or microbes that infest the blood. It builds up the blood by reconstructing and multiplying the red corpuscles, making it rich and red. It restores and stimulates the nerves, causing a full free flow of nerve force throughout the entire nerve system. It speeds up the unstrung nerves, nervousness, nervous prostration, and all other diseases of the nervous system.

RYDALE'S TONIC is sold under a positive guarantee.

MANUFACTURED BY

**The Radical Remedy Company,**

HICKORY, N. C.

W. A. LESLIE, Druggist.

## FIRE INSURANCE

We write Fire Insurance policies on all kinds of property in the largest home and foreign companies.

Every loss sustained on property insured in this agency, established fifteen years ago, has been promptly and satisfactorily settled.

We are agents for the North Carolina Home, Aetna of Hartford, Hamburg Bremen, Hartford of Hartford, Conn. Insurance Company of North America, Niagara of New York, Home of New York and German American.

Policies placed on our books are promptly renewed before expiration.

We write risks from \$100 to \$100,000 on property in town or country, at lowest rates.

ATVERLY & ERVIN, Ag's.

Post-office Building.

## THE NEWS OF THE NEIGHBORHOOD.

### A Batch of Live Items Culled from the Papers of the Adjoining Counties.

#### McDOWELL.

Marion News, June 1st.

Mrs. E. P. Chase left last week for Birmingham, Ala., on a visit to her children.

Mrs. S. A. E. Carter of Morganton is visiting her daughter Mrs. D. E. Hudgins.

Elisha Garland, the slayer of Ives Calcutt, who has been out on bond awaiting the decision of the Supreme court, was surrendered to the authorities of Mitchell county last week by his bondsmen, and was brought here last Friday and placed in jail. Sheriff Marshburn took him down to Raleigh Monday morning to the penitentiary to begin serving his sentence of 10 years.

Esquire Railiffe had up before him on Monday one Julius Waldrup charged with exploding dynamite in Buck Creek for the purpose of killing fish. As a result of the investigation Waldrup was bound over to court. The penalty for using dynamite for such a purpose is a fine of not less than \$50.00 and not more than \$100.00 and imprisonment at discretion of the court. Waldrup is now languishing in jail for lack of \$200.00 bail. The McDowell Fish and Game Society secured the evidence and prosecuted the case.

#### Other McDowell Items.

Marion Democrat, June 2nd.

Mrs. J. P. Sinclair, who has been unwell for some time, left Saturday for Dr. Long's sanatorium in Statesville for treatment.

T. G. Gibbs, of Gibbs & Hemphill, contractors, was here this week. Mr. Gibbs thinks there will soon be something doing in the way of construction on the new railroad from Spruce Pine.

A special election was held in Old Fort Wednesday for the purpose of arranging for a graded school. Those in favor numbered 93; those against 41. The total registration was 134. Old Fort thus places itself in the column of progress in education.

John Love, colored, who has for several seasons, put the first ripe tomatoes on the local market as the product of his own garden, has set a new record for himself. Last Sunday he had string beans and Irish potatoes from his garden for a part of his dinner. As John states, "garden truck des naturally grows for me, ef I kin get to work it." However, we are assured that John is not "the only one," as several farmers near here have had early garden truck for a week or more. For instance, one farmer stated last week that he had peas going to waste, and, when asked why he did not fetch some to town, replied, "Too much trouble to pick 'em."

#### CUBAN DIARRHOEA.

U. S. soldiers who served in Cuba during the Spanish war know that this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas; "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by W. A. Leslie, druggist.

The board of trustees of Odd Fellows' Orphan Home have decided to begin at once the erection of a suitable building on the premises of the orphan home at Goldsboro for aged and indigent Odd Fellows.

#### To Cure a Cold in One Day.

Take Luxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Groves's signature is on each box 25c.

## CLEVELAND.

Shelby Star, May 31st.

Mr. Rainer Gibson and Miss Polly Turner were married Thursday night at Grover.

The eyesight of Mr. Thomas Hamrick was completely taken away Monday night. He has been suffering from a cancer near his eyes for a long time and from it his sight was destroyed. Mr. Hamrick is one of Shelby's oldest and most valuable citizens.

Deputy J. C. Mull, the capable officer of No. 10 township, was here Monday. He brought a young white man, John Sparks, to jail on the charge of bigamy. It is charged that he has a living wife in Rutherford county, and that he was married again last week.

Miss Dora Cline, the 18 year old daughter of Mr. A. H. Cline, who lives six miles east of Shelby, was painfully injured by a fall one day last week. She fell from the barn loft to the lower floor across a cotton planter, and it was thought for awhile that her back was broken, but fortunately this did not prove to be true.

A company of horse traders camped near Shelby several days last week, making a whole boner yard within themselves. In addition to several dozen mules and horses they had their camping outfit and pitched their tents like the cattlemen of the east. The women were along to do the cooking and sewing and the men to do the eating and trading.

An officer arrested a negro at Mooresboro one day last week, and boarded the train with him for Shelby to land him behind the bars, but the negro did not care to be landed. When the officer left him bound in the second class car, he used the buckle of his suspenders as a knife and cut the rope binding his arms. This device he must have learned from Rube Burrows or Jes e James.

Rev. Frank Dixon lectured in the Shelby graded school auditorium Saturday evening. His subject was the "Individual or the Man Against the Mass," and from start to finish he had the rapt attention of his audience. By 8:30 the hall was well filled with people anxious to hear the voice and words of wisdom of a former Shelby lad now developed into one of the most popular preacher-orators and lecturers in the nation.

A centiped was caught at Mr. M. P. Dellinger's grocery store Friday morning. It had crawled from a box of tomatoes to the hand of Mr. William Cabaniss, who realizing its poisonous nature, slung it off, horrified. Mr. J. F. Gaffney then drove it in a bottle and phoned for Mr. John S. Owen to come and take charge. It is now bottled up in alcohol and ornaments Mr. Owen's museum of interesting curiosities in the barber shop of the Commercial hotel building.

Thieves entered the post office at Mooresboro Thursday night and stole 70 dollars. The store of Mr. C. C. McBrayer was also broken into and \$17.50 stolen. The safe in the post office was blown up. No definite trace of the robbers has been found, but they likely belong to the same company of safe crackers and rogues who for several years have been dropping over in Cleveland county and breaking into stores, the rolling off of the safe of DePriest Bros. at Polkville being a good example.

The Shelby graded school board, composed of Messrs. D. Aug. Beam, L. A. Gettys, W. C. Whisnant, O. E. Ford and M. N. Hamrick, met Saturday night.

#### SPRAINED ANKLE, STIFF NECK, LAME SHOULDER.

These are three common ailments for which Chamberlain's Pain Balm is especially valuable. If promptly applied it will save you time, money and suffering when troubled with any one of these ailments. For sale by W. A. Leslie, druggist.

300 pounds best 50c. Oolon Tea at 30c. per pound. BOGER, ROSEBROUGH & Co.

## As to Foreign Immigration.

Charlotte Observer.

It were well if we looked before taking too long a leap in our new-born zeal for foreign immigration. In the New York Herald of Sunday last Mr. Broughton Brandenburg, the head of the immigration bureau, has a page article on the subject which does not present too encouraging a view of it. He says the best of the immigrants come to America with no intention of staying, and that the worst remain. "The only class that does not become unambiguously in favor of remaining here permanently is the most intelligent, capable, thrifty and generally desirable of them all. One-third of the best of the immigrants go back, to come here no more. Not one in a thousand of the worst but remains. Many bad Italians and Syrians return home, but it is only to visit." We quote further:

"Primarily the predominant incentive to come to America is not to escape oppression at home, unless it be of just laws, justly administered, nor to obtain a home in a new land in a rural community, but to get work a day at a time at a rate of wages which will allow the emigrant to amass sufficient money to return to his native low standard of living and be independent. A few hundred dollars is a competency in the regions from which the most of our immigrants come.

"In forty different places of literature which I have at hand as I write this, all of them intended to incite Europeans to immigration, I find but two that mention the civil and religious liberties of the United States, three that speak of the opportunities for education and advancement, five that make any reference to the lands of the West and South, and yet every one of them pushes to the front in every page the advantage to be obtained by the immigrants in a temporary residence here, living cheaply and getting a three or four times higher rate of wages than he has ever earned at home."

The letters filed with money that are sent back to relatives, the return of husbands and sons with pockets lined with American gold, these are the things which do more to incite immigration than all of the advertising done by the steamship companies. The sub agents who operate for the steamship companies realize this and operate accordingly."

What stronger hold, then, does America take upon the affections of these European immigrants than upon the Chinese? And yet no argument against Chinese immigration is more frequently heard than that the Chinaman sends all his money back home, and as soon as he accumulates a stake there, goes back himself. All of which is true.

This is a very interesting article by Mr. Brandenburg, and presents the immigration question in rather a new light. His opinions, he says, are formed as the result of years of study of immigrants; here and abroad, in all nationalities and phases of life. We shall take occasion to copy him further at another time. Our own views on the subject of immigration have undergone some modification, as the result of larger information.

## CATAWBA.

Newton Enterprise, June 2nd.

This has been a week of hot sunshine, and farmers and builders have made fine progress with their work.

Mr. J. H. McLelland received a message Monday afternoon that his brother, Rev. W. R. McLelland, of Statesville, was dangerously ill at Grand View, Texas. A later telegram said he had suffered a rupture of a blood vessel of the brain and had become paralyzed, and there was very little hope of his recovery. He had been attending the meeting of the General Assembly of the Presbyterian church at Fort Worth and after the adjournment of the Assembly had gone to Grand View to visit some former Statesville people.

Dr. J. L. Murphy, the wise and progressive president of the trustees of Catawba College, tells us that a resolution was adopted at the Tuesday afternoon meeting of the trustees to adopt the plan of the architects, Messrs. Hook & Sawyer of Charlotte, for the new college building and begin work at once. The estimate of the cost of the building is between \$15,000 and \$20,000. Besides the new building, the old building will be remodeled and made to conform in appearance with the new part. When the work is completed Catawba College will have one of the handsomest and most modern buildings in the State.

The voting in the graded school election was nearly all done early in the morning. Buggies, horses and carriages were started as soon as the sun rose. After taking off seven names from the registration books by challenge, 346 were left and 174 votes were necessary to carry the special tax and secure the graded school. Just at nine o'clock this number of votes were cast for the school and a cheer went up in the court yard. After that the voting was slow. At 12 o'clock 205 votes had been cast for the tax and 15 against it. People generally who were opposed to it refrained from voting. The count of the vote after the polls closed was, for the tax 229, against 17. Conover voted 14 for and 29 against graded schools. In Claremont and Monto the tax carried.

#### A Guaranteed Cure for Piles.

Itching, Blind, Bleeding or Protruding Piles. Druggists refund money if PAIN-OLENTMENT fails to cure any case, no matter how long standing. 6 to 12 days. First application gives ease and rest. 50c. If your druggist hasn't it send 50c in stamps and it will be sent you by post-paid by Paris Medicine Co., St. Louis, Mo.

#### Bomb-Throwing in Paris.

Paris, June 1.—As the King of Spain, accompanied by President Loubet, drove away from a gala performance of the opera after midnight an anarchist threw a bomb in the direction of the royal carriage. The projectile struck a soldier belonging to the cuirassier escort, on the shoulder, and then fell to the ground and exploded without injuring his majesty or the president, who continued their drive to the Palais d'Orsay.

#### Wanted!

POPLAR SQUARES 4x4, 5x5, 6x6, 8x8, 12, 14 and 16 feet lengths. 8 and 10 feet will be taken, but the longer lengths are preferred and bear easier in shipment.

Spot cash will be paid for all stock.
