## SICKENING, SHIVERING FITS

of Ague and Malaria, can be relieved and cured with Electric Bitters. This is a pure, tonic, medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to Quinine, having none of this drug's bad after-effects. F. S. Munday, of Henrietta, Tex., writes: "My brother was very low with malarial fever and jaundice, till he took Electric Bitters, which saved his life. At W. A. Leslie and Jno. Tull's drug stores. Price 50c, guaranteed."

## This is Your Washington Cook.

Good servants are much in demand in Washington as well as in other cities. Mrs. B. had searched long and vainly for a fairly good general servant, a colored one. At last in despair she stopped an elderly colored woman who looked as if she might have been one of the ante-bellum house servants, and therefore a reliable one, and made known her wants.  
"I want a girl who is trusty and a good cook. I am willing to put out most of our laundry work and to give fair wages, but so far I haven't been able to engage one," said Mrs. B. "Don't you know of some one who can do it?"  
"Dee! I, o, lady, I dou't," was the answer.  
"Ob, dear," sighed Mrs. B., "what shall I do?"  
"I dunno, fu! show, lady, less'n you do as I has to—hire a white woman."

## WAS A VERY SICK BOY.

BUT CURED BY CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY.  
"When my boy was two years old he had a very severe attack of bowel complaint, but by the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy brought him out all right," says Maggie Hickox, of Midland, Mich. This remedy can be depended upon in the most severe cases. Even cholera infantum is cured by it. Follow the plain printed directions and a cure is certain. For sale by W. A. Leslie, druggist.

## GALDWELL

Lenoir Topic, Sept. 15th.  
It will be remembered that Ed. Dooley (colored) was bitten by the mad dog which caused so much trouble. He went to Charlotte to try the famous Daniel Boone mad-stone. His wound was very slight, the heavy coat preventing the dog's teeth from doing more than pierce the skin. Ed very wisely had the place cauterized. When the stone was applied, it would not adhere. He then tried the Butler stone with the same results. There is scarcely any reason to believe that he will ever have any trouble, as the virus was probably wiped off by the coat.

Mr. S. O. Perkins, of Muttenz, returned to Raleigh to the A. & M. College, where he will finish his course in chemistry this year. Mr. Perkins' valise was enough to make your mouth water, so covered was it with labels of places visited in Europe.

On Wednesday of last week, at 6 p. m. it was learned that Hon. H. C. Bower had been taken seriously ill at his residence here. The seizure was in the nature of an apoplectic stroke, the left side being affected. Dr. Ivey was called in and everything done for the sufferer that medical science could suggest. Mr. Bower rallied finely under the treatment, having never been entirely unconscious. His improvement has been steady, and it is hoped he will be entirely convalescent soon. The interest and sympathy shown by his friends and fellow townsmen have been very great.

Rev. G. D. Sherrill, pastor of Advent church at Tabernacle, Lower creek, was stricken with paralysis Friday night. He was in bed at the time. When he attempted to rise he fell, striking his forehead on the window sill. The left side is paralyzed. Mr. Sherrill is about 68 years old; and his condition is very critical indeed. He is well-known in the whole county, and his affliction is greatly regretted.

## Other Caldwell Items.

Lenoir News, Sept. 15th.  
Yesterday about noon Mr. J. N. Harrington and Miss Lucy Council were united in marriage at the residence of Mrs. G. N. Folk in this place. The marriage was quite a surprise to our town as it was kept very quiet. Rev. D. P. McGeachy officiated and the young couple left on the 3 p. m. train for a bridal trip.

Mr. Jake Bush is opening a new meat market in the Ballew building. Mr. J. K. Price will be in charge of the business.

W. J. Whisnant, of Granite Falls, has decided to locate in Lenoir for the practice of his profession, the law. He will be the resident member of the firm of Self, Whitner & Whisnant, whose card appears in this issue.

Judge Allen has notified Solicitor Harshaw that no court will be held in Lenoir until Tuesday 19th and all Juries, defendant and witnesses, need not attend till Tuesday.

Mr. J. G. Lovin, of Montezuma, with his wife and family came over to Lenoir last Sunday to enter his son Grover at the Weaver school. Mr. Lovin thinks of closing out his business at Montezuma and coming to Lenoir to live.

Mr. J. H. Coffey, of Morganton, came over last week in search of a dwelling. He will establish a wagon factory here, if he can get sufficient encouragement, and come here to live. He is organizing a stock company and it is hoped the enterprise will be established.

Granite Correspondence:—The Granite Falls Drug Co. are putting a new brick store on the old Methodist Church lot. Messrs. W. T. and C. R. Payne have the contract.—Messrs. J. M. and C. J. Rhodes have sold their interest in the Rhodiss Mills and retire from its management. Mr. J. M. Rhodes is moving to Lincolnton this week. Mr. Espey of New York is the new secretary and treasurer and Mr. Scruggs of Carolina N. C. is superintendent of the mill.

## If a Cow gave Butter

mankind would have to invent milk. Milk is Nature's emulsion—butter put in shape for digestion. Cod liver oil is extremely nourishing, but it has to be emulsified before we can digest it.

## Scott's Emulsion

combines the best oil with the valuable hypophosphites so that it is easy to digest and does far more good than the oil alone could. That makes Scott's Emulsion the most strengthening, nourishing food—medicine in the world.

## CATAWA

Newton Enterprise, Sept. 15th.  
Last Thursday, September 7th, Esquire Fleming was called on to marry Mr. John D. C. Lutz and Miss Polly E. Smith.

Mr. S. T. Wilfong has been critically ill of heart trouble since last Friday. His condition is slightly better this morning, and his family and many friends hope his life may be spared.

The sidewalk squad have been on our side this week. They are taking both sides of the street as they go. [Now, brother, is that the way you use the sidewalks on a return trip from Marion, Morganton or Salisbury?]

"Just as good sidewalks as they have in New York," was Pat Carpenter's comment on the work that had been done on "Wall Street" while he was gone North.

The town council has passed an ordinance imposing a license tax of \$25 a year on dealers in fresh meat. The Newton Grocery Company, M. P. Sigmon and perhaps others will take out licenses.

Monday afternoon Frank Lawrence, a young man of Hickory, son of Mr. Sam Lawrence jumped from Capt. Ross' train as it was going through Hickory, fell under the wheels and had one foot so badly crushed that amputation was thought to be necessary.

Mrs. Stewart's pony ran away while she and her two little nieces were driving last Friday. While rounding a corner the buggy turned over and the occupants were thrown out. Mrs. Stewart was painfully bruised, though not seriously hurt.

Messrs. Jacob and Ed Lutz have purchased Mr. Will Whitner's farm on the South Fork river. Mr. Whitner will probably move to Hickory where several of his children live. The Lutz brothers are among the most energetic and prosperous young farmers and business men in the county and have other lands adjoining their newly purchased farm.

## CHAMBERLAIN'S COUGH REMEDY ACTS ON NATURE'S PLAN.

The most successful medicines are those that aid nature. Chamberlain's Cough Remedy acts on this plan. Take it when you have a cold and it will allay the cough, relieve the lungs, and expectoration, open the secretions and aid nature in restoring the system to a healthy condition. Thousands have testified to its superior excellence. It counteracts any tendency of a cold to result in pneumonia. Price 25 cents. Large size, 50 cents. For sale by W. A. Leslie, druggist.

## Country Boy Has the Advantage.

Franklin Times.  
As an old farmer friend remarks, a home-grown, hard-spunked, bare-footed and hard-fisted country boy makes a much better fighter in the battles of life than does the pampered, high-collared, crease-trousered youth of our towns and cities whose clothes have always been dusted with a whisk broom instead of a shingle.

Good advice to woman. If you want a beautiful complexion, clear skin, bright eyes, red lips, good health, take Hollister's Rocky Mountain Tea. There is nothing like it. 35c. Tea or Tablets. Sold by W. A. Leslie.

## McDOWELL.

Mountain Democrat, Sept. 15th.  
A band of crusaders, who are now holding forth in Shelby, are expected here next week to begin a series of tent meetings.

Miss Kate Finley will leave Friday for Hickory, where she has accepted a position to teach in the graded school.

James Simms received a message last Thursday containing the sad intelligence of the death of his father, J. C. Simms, who died suddenly at his home in Chester, S. C.

The consignment of some eight or ten car loads of piping for the water works system arrived this week and are being distributed on the streets. The contract for placing the piping, etc., was awarded to Burgin & Carson some time ago and it is up to them now to begin work. It is to be hoped that there will be "something doing" in the way of constructing the system at an early date.

After an illness of a few days, following an attack of paralysis DeBrutz, Cutler Esq., for a few years a resident, and a member of the Wilmington bar, died Sunday morning at his home at Winston-Salem. The remains, accompanied by an only brother, Louis J. P. Cutler, and an only sister, Mrs. E. J. Justice, both of Marion, and a nephew, Mr. Cutler Lee, of Fremont, arrived yesterday on the 10 a. m. train and were borne immediately to Oakdale cemetery where they were laid to rest.

## WATAUGA.

Boone Democrat, Sept. 14th.  
Mr. F. A. Linney tells us that four miles of the grading on the Junaluska turnpike have been completed beyond the mountain, leaving but one mile yet to grade between the gaps. The grading from Boone to the low gap is being pushed this week.

Young Hardy Coffey, son of Thomas Coffey, of Kelsey, was married to the fifteen year old daughter of William Gray, on last Sunday and thereon hangs a tale that may be very interesting before it is concluded. The irate father of the blushing bride called on Register May Monday to see by whose authority the Marriage license was issued. He found an order for the same bearing his and his wife's signatures, which, he told us, was as clear a forgery as was ever perpetrated. The sequel next week.

Emma Horton, colored, received the news that her son Lum, who has been working at Jellico, Tenn., for a number of years was shot down in that place on Tuesday of last week and instantly killed. "Annt" Emma had but two boys and both of them have met death in the same way at the same place.

Revs. O. P. Ader and O. I. Hinson held a revival at Foscoe last week which resulted in the organization of a Methodist church at that place with a goodly number of members.

## Togo's Battleship Sunk by an Explosion—More than 500 Perish.

Tokio Dispatch, 12th.  
The Navy Department announces that the battleship Mikasa has been destroyed by fire and the explosion of her magazine, causing the loss of 599 lives, including men of other ships who went to the rescue.

The fire started from an unknown cause at midnight Sunday night, September 10. Before the officers could be rescued the fire reached the magazine, which exploded, blowing a hole in the port side of the vessel below the water line and causing the ship to sink. An investigation is now being held to determine the cause of the fire.

Admiral Togo was not on board the Mikasa when the disaster to the battleship occurred. The disaster has cast a gloom everywhere. The Mikasa was Togo's flagship and was endeared to the hearts of the people. The ship was at anchor in Sasebo harbor when the fire started at the base of the mainmast at midnight. It spread with great rapidity, exploding the after magazine an hour after the Mikasa sank in shallow water and it is believed that the ship can be repaired.

As a dressing for sores, bruises and burns Chamberlain's Salve is all that can be desired. It is soothing and healing in its effect. It allays the pain of a burn almost instantly. This salve is also a certain cure for chapped hands and diseases of the skin. Price 25 cents. For sale by W. A. Leslie, druggist.

## May Send a Warship to Relieve an American Citizen in Nicaragua.

Washington Dispatch, 13th.  
There is good reason to believe that the State Department has perfected plans for sending a warship to assist William L. Merry, United States minister at Costa Rica and Nicaragua, in securing satisfaction from the Nicaraguan government, which now holds William S. Albers, an American citizen, together with his brother, in prison at Ocotol on charges believed by the State Department to be thoroughly unfounded.

Ocotol is a small place in the province of Segovia, Nicaragua, a few miles from the Honduras line. Albers has been in jail there for many weeks on charges of resisting the authorities, defaming the executive and threatening to shoot some official of the government who went to his place of business to unjustly carry away a season's crop of tobacco.

The Albers case has been before the State Department for several weeks and has now assumed somewhat serious proportions. It has not been published that the government proposes to make a naval demonstration to secure the release of Mr. Albers, but it is believed that a warship will be sent to a Costa Rican point where Mr. Merry will be taken aboard and sent down as far as possible to Ocotol on the Nicaraguan coast, from where he will travel overland to the Americans imprisoned. Ocotol is about 70 miles from the coast.

## THE BURKE DIVISION OF THE People's Mutual Benevolent Association

Has been enlarged by the addition of Mitchell, Yancey and McDowell counties. This gives the Burke division five counties—Burke, Caldwell and the three counties above named, with a total membership to day of 563. One thousand is the limit of membership in each division and those desiring cheap and safe insurance and in the meantime placing their money into a home institution—in which one neighbor helps another—will do well to make application at once, before the limit is reached. The age limit is from 15 and under 60 years.

Mr. L. M. Williams, of Morganton, a thoroughly reliable citizen, an assistant agent of this association will be glad to write applications for insurance and is authorized to employ agents to write insurance, as the association would be glad to have a good agent in each township. Anyone wishing an agency will see L. M. Williams, at Morganton, or write W. M. McCormick, division agent, at Newton.
