

ALMOST A SMALL WAR.

The Town and the Southern Railway Lock Horns Over the Running of a Sewer Main Under the Railroad—Five R. R. Men Locked Up.

There was "something doing" in the old town last Friday night, while a sewer main was being extended beyond the Southern Railway by a line under their tracks at the end of Sterling street.

The sewerage force began work on a ditch on the railroad right of way at the end of Sterling street. Soon thereafter a railroad section force began to fill up the ditch.

However, during the early morning hours an agreement was reached between the town authorities and the railroad people for the tunnels to be made under the tracks, the men in jail to be released and warrants withdrawn.

TWO WAYS.

To the Editor of The News-Herald:

During the winter of 1903 a company was organized and the capital raised in Morganton to establish and operate a large manufacturing plant.

Recently they had a fire which consumed a large building that was used as a store for the finished products of their business.

Now, if these gentlemen had left the factory here, the town could have benefitted by the increase in population and revenue and they had the protection offered by Morganton's powerful and well-kept water system and her ever-ready and well-drilled fire department.

A woman, the thirteenth child and born on the thirteenth day of the month, recently died in Arkansas at the age of 105.

Hunt of Three North Carolina Boys in California.

Correspondence of The News-Herald.

If you will allow me space, I want to tell about a deer hunt of 3 North Carolina boys in California, 90 miles up the coast north of San Francisco in the Coast Range.

We left Cazadero, the terminus of the North Shore R. R., at noon, reached camp about night, 15 miles out in the Red Slide country.

But I must get back to my story, the hunt. We unpacked, every one doing his share and very soon we had strong coffee, &c., for dinner as they call it here, but I call it supper.

We all lay down to sleep and to dream about the big bucks we would see on the morrow, which the guide told us were in plenty.

We were out early the next morning. All the boys had lots of shooting, but killed nothing.

The sewerage force worked all night, under a heavy guard, and completed the tunnel early the next morning.

We were out 5 days and killed nothing else, but were satisfied with what we had and the good time we enjoyed.

Our guide told us to look out for rattlesnakes, I tried my best to get bit so I could drink all the snake medicine, but I wasn't successful.

This is a great country and lots of advantages for the man who wants to hustle.

Yours truly,  
J. P. GIBBS,  
J. C. TATE,  
H. L. CONLEY.

Letter to S. J. Ervin.

Dear Sir: What's the penalty for selling adulterated paint in your state?

What is adulterated paint? Is clay paint? Is chalk paint? Is barytes paint? Is lime paint? Is benzine? Is water? Is soap? Is mud?

We know what it is, what is not is the question. Apparently nothing is no; but we are only a paint manufacturer, not a lawyer.

Devote is paint, all paint; and full measure; no whitewash; no nothing. We know what it is, what is not is the question.

Yours truly,  
F. W. DEVOS & Co.

That California preacher who insists that Cain was the first striker, might add that Noah was the head of the first ship-building trust.

Rollins Notes.

Correspondence of The News-Herald.

Pulling fodder, picking peas and making sorghum are the leading industries now rushing the farmers.

Moulton Moses is very much improved and is now able to sit up part of the time.

Mark S. Butler, sawyer for the Curtis Lumber Co., is laid up with a broken leg caused by a flying piece of lumber.

John C. Dale is now at work for Pitts & Giles.

Quite a number of our younger people are attending the revival meetings at Dry Ponds.

The little son of Mr. and Mrs. James Holland has been very sick, the sickness being caused by cutting teeth, but is now much better.

Mrs. L. A. Taylor is suffering from the loss of a heel, caused by getting it caught in a mowing machine. She is getting along as well as could be expected.

Yours,  
OPTIMIST.

The News From Enola.

Correspondence of The News-Herald.

I guess the people of Enola thought old Hornet was dead, but here he comes again.

Miss Velva Denton re-entered Mrs. Marbut's school, Monday.

Miss Lola Huffman went to town Sunday to take her sister Annie to Mr. Patton's school.

Miss Sadie Poteet was in town Tuesday to see Dr. Litman about her eyes.

Mr. Timothy Smith has bought a house and lot in town and is building another dwelling house and will occupy it soon.

Misses Emily Smith, Minnie Snipes and Mary Chapman were at Pisgah Saturday and Sunday.

Mrs. J. A. Poteet visited her father, Mr. S. E. Poteet Sunday. He is much improved.

Mr. Edgar Smith was out Sunday from the State Hospital.

Little Leroy Brittain is very sick.

Mrs. Lillie Shaping is improving very fast.

HORNET.

Sept. 19, 1905

The American hen has a right to "cluck and cackle." The past year, with her eggs and her chickens, she produced \$280,000,000 of the wealth of the country.

Ever Tried Coffee This Way?

This is a well known fact that even the best of housekeepers cannot make really good coffee without having the proper materials.

They will never make it with coffee of doubtful origin, adulterated, queerly blended, and possibly dirty coffee that has, perhaps, been mixed up with all kinds of other things on the counter.

But let them take a package of Lion Coffee—the purest and cleanest—and the brand universally used throughout the United States for over twenty-five years. Millions drink it daily, and get the best results if it is made in the following way:

Try it once and you will never want to try any other brand of coffee.

HOW TO MAKE GOOD COFFEE.

Use Lion Coffee, because to get the best results you must use the best coffee.

Grind your Lion Coffee rather fine. Use a "tablespoonful to each cup, and one extra for the pot." First mix it with a little cold water, enough to make a thick paste, and add a little of an egg (if egg is to be used as a settler), then follow one of the following rules:

1st. With boiling water. Add your boiling water, and let it boil three minutes only. Add a little cold water, and set aside five minutes to settle. Serve promptly.

2d. With cold water. Add your cold water to the paste and bring it to a boil. Then set aside, add a little cold water, and in five minutes it's ready to serve.

Three Don'ts—Don't boil too long. Don't let it stand more than ten minutes before serving. Don't use water that has been boiled before.

TWO WAYS TO SETTLE COFFEE.

1st. With egg. Use part of the white of an egg, mixing it with the ground Lion Coffee, before boiling.

2nd. With cold water—instead of eggs. After boiling add a dash of cold water, and set aside for eight or ten minutes, then serve through a strainer.

The Delineator for October.

From the artistic viewpoint, as well as that of fashion, the October Delineator surpasses even the high standard it has previously attained. Many pages are given to the styles of the month, twenty pages in color being a noteworthy departure, additional space being devoted to the New York and Paris fashions, set forth with chic and individuality by Helen Berkeley-Lloyd and Edouard La Fontaine and the literary side, household topics and special features are on an unusual plane of excellence.

Of widespread interest to parents, teachers and all who lead or follow in educational lines is an exceptional article, "Education for Life through Living," by William H. Maxwell, Superintendent of New York City Schools; N. Hudson Moore writes interestingly of old desks and secretaries, giving the ball-marks that enable the amateur to place them correctly; Allen Sutherland tells the history of "Onward, Christian Soldiers," a hymn that is the inspiration of the young; Clifton Johnson takes the reader across the wild coast of Devon into the wider country that was Lorna Doone's.

The marketing of milk is a vital public question in that it deals with the health, and consequently the life, of the child. In this issue of The Delineator Mary Heman Abel discusses the milk question in various phases. The title of another article, "Club Women and the Food Question," shows something of how the campaign instituted in the interest of pure food has spread.

Mr. Payne's story, "The Lucky Piece," and the third installment of Miss Winslow's "At Spinster Farm," furnish interesting reading of a lighter character and there are also several short stories. Pastimes for children include another chapter of "Sou Riley Rabbit," that has delighted so many little ones, suggestions for Halloween amusements, and other subjects of juvenile interest.

As she was unable to get an indemnity from Russia, Japan will probably proceed to take its equivalent out of China.

UNITED STATES OF AMERICA.

WESTERN DISTRICT OF NORTH CAROLINA. By virtue of an execution held in my hands in favor of the United States, issued by the United States District Court on the 4th day of May, 1905, at the Statesville, N. C., for the sum of \$225.37, against W. C. Cook, W. R. Beard and Emanuel Miller, I will sell for cash, to the highest bidder, at public auction at the Court House door in the town of Morganton, Burke County, N. C., on Monday, the 2nd day of October, 1905, the following property, to-wit: A tract of land lying in said county and State, on the Catawba river, and fully described in Book E No. 2, page 219, in the Register's office of Burke county, said land containing 44 acres more or less, and conveyed to said W. C. Cook by W. W. Aiken and wife. Said land sold to satisfy said execution.

This Sept. 4th, 1905.  
M. MILLIKEN, U. S. Marshal.  
By J. E. RAMSEY, Deft. Marshal.

Oysters & Fish.

To my customers and the public. My Oyster season will commence on Sept. 21. On that day I can supply you with choice select oysters at 40cts. per quart; not water; but good honest measure; I have made arrangements with the largest oyster shipper in Norfolk, and can supply your wants with the very best stock that can be had on the market, and regardless of weather conditions, my days, for having them fresh will be on Tuesday noon, and Friday noon, after October 20, I will supply you every day.

As to my fish, I am getting the finest this season, that can be bought. You can get fish from Tuesday noon, until Saturday night, at very low prices. I will ask my customers to give me their orders in advance, and never be disappointed. My motto is fresh stock; good measure and square dealing with all. Thanking the public for their support,

Respectfully,  
Thos. Lowdermilk.

Having duly qualified on the 14th day of Aug., 1905, as administrators of Wilburn Brittain, deceased, notice is hereby given to all persons having claims against said estate to present them to the undersigned on or before the 14th day of August, 1905, and upon publication of this notice in said county to publish a notice in bar for their recovery; and all persons indebted to said Wilburn Brittain are also notified to pay same to the undersigned and save costs.

Payne's New Discovery

"Saved My Life" Declares James L. Miller of Owensboro, Ky. It is the greatest medicine on earth. I suffered with Rheumatism for years, but the first dose of this remarkable medicine gave me relief.

Read His Interesting Letter. GENTLEMEN:—Nearly everybody in Owensboro knows me, and also knew of my rheumatic troubles. They were so severe that my life was despaired of. With the aid of cane and crutch I was barely able to hobble around. Little did I think that after using Payne's New Discovery and Quick Relief for only a few weeks, I would be able to again perform my daily duties. But such is now the case as thousands of people of this city can vouch for. I threw away my crutch and am now again able to jump on or off my wagon in as lively a manner as ever, without pain or exertion. All rheumatic sufferers should use Payne's New Discovery medicines as I have done, if they wish to be permanently and completely cured.

JAMES L. MILLER, The Triplett St. Butcher, Owensboro, Ky.

Upon the Health of the Wage Earner Depends the Comfort of His Family and the Education of His Children.

If you are ill—unable to perform your daily labor—a few bottles of Payne's New Discovery will completely renovate your system and strengthen you, increase your earnings and help you to provide for your loved ones.

Payne's New Discovery costs \$1.00 per bottle, three for \$2.50—six for \$5.00  
Payne's Quick Relief, the Great Pain Cure, costs 25 cents per bottle  
Payne's Medicated Soap costs 10 cents a bar

Best Line of Children's Goods Ever Brought to Morganton.

I. I. DAVIS & SON.

A Million Dollars of Paid Insurance

Written by the GREENSBORO LIFE INSURANCE COMPANY in Seven Weeks.

This is the most remarkable record ever made by a life insurance company in North Carolina, and had the accomplishment been that of any company other than GREENSBORO LIFE, it would have been astonishing. In accomplishing in seven weeks what would satisfy the average company in a year's time, the GREENSBORO LIFE has demonstrated that it is selling the best and most attractive life insurance ever offered to the people of North Carolina.

The people recognize our INCOME INDEMNITY POLICY to be just what is claimed for it—

The Best Policy in the World.

This policy contains features found in no policy sold by any other company. Its liberal provisions are not estimates, but guarantees written in the face of the policy. Our INCOME INDEMNITY POLICY, coupled with the confidence and appreciation of the public, has enabled the GREENSBORO LIFE INSURANCE COMPANY to write OVER A MILLION DOLLARS of life insurance in seven weeks, thereby establishing a new and heretofore unheard of record in the insurance world.

Greensboro Life Insurance Company Capital, \$100,000.00. GREENSBORO, N. C. Surplus, \$25,000.00.

There's room for good men to work hard in our agency force. Ask me for particulars.  
Geo. B. Craven, Special Representative, Morganton, N. C.
