THE NEWS OF THE NEIGHBORHOOD.

A Batch of Live Items Culled from the Papers of the Adjoining Counties.

CLEVELAND.

Shelby Star, Oct. 11th.
Cotton, 9¢ cents.
A Camp of the Woodmen of the World was organized at Boiling Springs on Friday by Messrs. J. L. Goldsmith and Turner with a large number of members.

Mr. Joe Hastin, son of Mr. William Hastin, and Miss Cora Ramon, the attractive daughter of Mr. J. F. Ramsey, of Delight, were happily married Sunday at Casar, Rev. J. W. Ingle performing the ceremony.

Cotton dropped below ten cents and at once the farmers quit selling. This is right. The farmers of Cleveland county ought not to sell a bale for less than ten cents. They have the power to fix the price if they will.

Miss Daisy R. Hoyle, the 11-year-old daughter of Mr. W. D. Hoyle, of Polkville, picked 221 pounds of cotton one day last week, and she stopped one hour for dinner. She weighs 85 pounds and is as industrious at other work as she is picking cotton.

One of the prettiest marriages of the season was solemnized on last Wednesday evening at 7:30 in the Second Methodist church in Shelby, when Miss Austria Emeline Hamrick became the wife of Mr. Balus Malley Proctor, Rev. M. E. Parrish performing the ceremony in a very impressive manner.

Mr. Major Hopper, who has been filling the position of flagman on the Seaboard Air Line freight train, sustained a painful injury at Lattimore a few days ago. A hand railing on a box car broke and he fell to the ground, and his right foot was severely sprained and otherwise injured. He is able to be up and out on crutches now.

Another new rural free delivery route going out from Shelby through the Lily Mill section and to Patterson Springs has been ordered, and Mr. O. L. McFarland has been appointed carrier. This is route No. 7. Mr. J. H. Carroll is the substitute carrier. Another new route has been ordered for Mooresboro with Mr. L. W. Greene as carrier and Mr. Erastus Greene as substitute carrier. Both routes will begin soon.

The revival services in the Shelby Methodist church for the past ten days have been largely attended, and much interest has been manifested. The Christian people of the town have been greatly revived and strengthened, and there have been several conversions. Rev. R. M. Courtney, of Lincolnton, has been assisting Pastor Hermon and has lucidly presenting the plan of salvation and the benefits of the atonement, have made a profound impression upon all who have heard him.

The "Old Gospel" Hasn't a Big Hold on Fife.
Statesville Landmark.

The Reverend William Pitt Fife always falls back on the Lord when he gets in a tight place. The following dispatch from New York to the Charlotte Observer, signed by Fife, is characteristic: "I am here attending the Christian Alliance Convention, Rev. A. B. Simpson, president. Eighty thousand dollars raised to-day for foreign missions. The old Gospel still has power. Hope to be in North Carolina in a few days." That the "old gospel" still has power is a proposition not to be denied, and a good many people in North Carolina regret that it never got hold enough on Fife to prevent his peddling gold bricks about the S state in the name of the Lord. We have no sympathy with those who were taken in by Fife, but to see a faker playing a game in the name of the Lord is something to excite indignation.

AN AWFUL COUGH CURED.
"Two years ago our little girl had a touch of pneumonia, which left her with an awful cough. She had spells of coughing, just like one with whooping cough and some thought she would not get well at all. We got a bottle of Chamberlain's Cough Remedy, which acted like a charm. She stopped coughing and got stout and fat," writes Mrs. Ora Bussard, Brubaker, Ill. This remedy is for sale by W. A. Leslie.

CALDWELL.

Lenoir News, Oct. 13th.
Miss Susie Perkins was down from Burke on a visit to friends in Lenoir this week.

Rev. I. W. Thomas is conducting a series of services at the Baptist church at Blowing Rock this week.

The produce season is on in earnest now. Tuesday was an unusually active day. Capt. Johnson tells us his firm alone handled 13,000 pounds of cabbage this day.

Register Miller has issued the following marriage licenses in October: Henry Setser to Clara Watson, Robert Lingle to Add McRary, Will Clayborn to Clara Carroll, E. J. Michaux to Millie Stewart, J. F. Parsons to Ellen Michaux, Beverly Goodman to Frankie Miller, Chas. H. Smith to Selma Kincaid, Arthur Gayton to Minnie Green.

Last Tuesday night the town Commissioners granted a thirty year franchise to Mr. E. C. Ivey and his associates for lighting the town of Lenoir by electricity. The contract specifies that the plant shall be in operation within six months. The location of the power house has not yet been definitely fixed, but it will likely be placed down near the "Y" on the railroad opposite the Lenoir Vaneer Company's plant.

One of the interesting features of the recent meeting of the Daughters of the Confederacy at Morganton was the presentation of a little mallet to each visitor. These mallets were made from the famous Council Oak that stood near Quaker Meadows and under the spreading boughs of which Col. Charles McDowell assembled his men before going to the battle of King's Mountain. The Burke chapter did a pretty thing in this and emphasized an important historical fact. The little souvenirs are highly appreciated.

To Cure a Cold in One Day.
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. B. W. Groves' signature is on each box. 25¢.

McDOWELL.

Marion News, Oct. 13th.
Residents near the Eagle Hotel as well as the guests of the hotel were aroused from their slumbers Saturday morning about 4 a. m. by moans and groans that filled the air, but nearly everyone thought that it was someone who had inhaled too freely, and for quite a long time no one made any move to discover the cause. The disturbance not abating, finally Mr. Colvert investigated and found one of his guests, Mr. G. H. Cunningham, lying in the alley between the hotel and the Wienn Building seriously injured. Upon examination it was found that one arm and one thigh were broken and a few gashes about the head and face. It was supposed that he either fell or jumped out of the third story window of the hotel while walking in his sleep, as sometimes he walks in his sleep. It seems that he took the lamp from the room where he was sleeping with a companion and went with it across the hotel into another room and left the lamp burning on the window sill. The room from which he took his flight was occupied by some of his friends who were not aroused by his presence. After being discovered he was taken to his room and the extent of his injuries ascertained. He sustained no internal injury so far as the attending physician could ascertain, and he is doing finely. Mr. Cunningham is from West Virginia and belongs to one of the surveying corps of the S. & W. R. P. and had come in from his camp to spend Sunday in Marion.

For Over Sixty Years.
Mrs. Winslow's Soothing Syrup has been used for over 60 years by millions of mothers for their children's colic, teething, and all the little ailments. It is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by Druggists in every part of the world. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

Will of Capt. Chas. Price.
The Salisbury Post says that the estate of the late Capt. Charles Price, of Salisbury, is worth \$60,000 and his will was "unique and cannot be broken." His estate is given to his wife and his son, who are named as executrix and executor. Capt. Price requests that no monument be erected to him, but that the stone which marks his grave have these simple words: "Charles Price, born in Warren county, July 26th, 1846, died September 28, 1905," and the small stone at the foot of the grave have the initials "C. P." He begs that no mourning be worn for him. The value of the estate will exceed \$60,000, and it is in fine and unimpaired condition.

TORMENTS OF TETTER AND ECZEMA ALLAYED.
The intense itching characteristic of eczema, tetter and like skin diseases is instantly allayed by applying Chamberlain's Salvo and many severe cases have been permanently cured by its use. For sale by W. A. Leslie.

LINCOLN.

Lincolnton Journal, Oct. 13th.
At last Friday night's meeting of the board of aldermen, Mr. Sid Manney was elected night policeman to succeed Mr. E. D. Fox, resigned. Mr. Mounsey has just moved here from Gastonia, where he has lived for several years.

Mr. Walter Hines met with a very painful accident at the fire last Saturday night. He was on the porch roof, and in attempting to get to the ground he jumped and caught a limb of a nearby tree in order to swing down, but the limb broke, causing him to fall, breaking his leg just above the knee. He is getting along as well as could be expected.

Last Saturday night about 11:30 the house occupied by Mr. A. D. Weaver at the Daniel Mill was discovered to be on fire. The alarm was given, but the flames spread rapidly and soon the building was almost a complete loss. The up town fire company did some good work after getting started, but the East End company had cold feet or something, as only two or three members of the company showed up, these doing good work. The building belonged to the Daniel Manufacturing Company and was valued at \$650. The loss on the building is estimated at about \$500, and the loss on the contents of the building was about four hundred. There was \$550 insurance on the building.

It was with sorrow that the people of our town learned of the death of Devada Boyles Wetmore, the wife of Mr. Lemuel B. Wetmore, which occurred at her home Tuesday afternoon about 3 o'clock after an illness of only a few days. Her remains were interred in the Episcopal cemetery Wednesday afternoon, surrounded by a large crowd of sorrowing friends. The funeral services were conducted by Rev. J. A. Weston, assisted by Rev. R. Z. Johnston. Mrs. Wetmore, before her marriage was a Miss Boyles, daughter of Mr. Lee Boyles, a leading citizen of North Brook township. In August, 1899, she married Mr. L. B. Wetmore, who with two children survive her. She was 23 years old.

CATAWBA.

Newton Enterprise, Oct. 12th.
The life of Mr. J. R. Gaitler was insured for \$10,000.

The Juniors presented a flag and bible to the Hickory Graded School last Friday. Several members of the order from Newton and Maiden joined in the exercises. The principal speech was made by Mr. T. M. Huffman.

To-day, in the city of Richmond, Mr. Arthur B. Caldwell, a Catawba boy, will be married to Miss Lucile Forest Johnston, daughter of Mr. B. F. Johnson, the publisher of school books. Mr. Caldwell is a native of the Little Mountain section and son of Mr. Levi Caldwell.

A social event of a very pleasant nature took place on Saturday, October 7th, at Mr. Marcus M. Holler's. In his day, Mr. Andrew Holler was one of the best citizens and most prosperous farmers; he brought up his children so that they were brave in time of war, and useful in time of peace. For many years they had not held a family gathering. On the day above named, all the surviving members of the family mingled once more in friendly intercourse. There were a great many present.

Mr. John F. Howard showed us a picture Saturday on his cotton field. It looks like the pictures in the books of the Mississippi bottom cotton fields. The stalks come up about to a man's shoulders and are white with cotton. In the foreground of the picture stand Mr. Howard, three little girls and one boy and Dr. Rouse, of Philadelphia, with Mr. Howard's baby boy in his arms. In the background is the house which was built by Mr. Howard's grandfathers. The field in which this fine cotton is growing has been in cultivation 100 years.

Another Unsuccessful Strike in Charlotte—This Time Colored Students.
Charlotte Chronicle, 11th.
The 23 members of the senior class of Biddle University, the well-known college for colored men, walked out yesterday afternoon because the professor of Latin would not accede to their demands for a reduction of the lesson in that study. They were given lessons of 50 and 70 lines, which they thought was too much. They demanded a lesson not exceeding 30 lines. The strike did not last long, though, for the entire student body returned to the campus last night after 10 o'clock without having any of their demands granted.

NOTHING TO FEAR.
Mothers need have no hesitancy in continuing to give Chamberlain's Cough Remedy to their little ones, as it contains absolutely nothing injurious. This remedy is not only perfectly safe for small children, but is a medicine of great worth and merit. It has a world wide reputation for its cures of coughs, colds and croup and can always be relied upon. For sale by W. A. Leslie.

It makes no difference how long you have been sick, if you are troubled with indigestion, constipation, liver and kidney troubles, Hollister's Rocky Mountain Tea will make you well. 35 cents.

THE BURKE DIVISION OF THE People's Mutual Beneficent Association
Has been enlarged by the addition of Mitchell, Yancey and McDowell counties. This gives the Burke division five counties—Burke, Caldwell and the three counties above named, with a total membership to date of 563. One thousand is the limit of membership in each division and those desiring cheap and safe insurance and in the meantime placing their money into a home institution—in which one neighbor helps another—will do well to make application at once, before the limit is reached. The age limit is from 15 and under 60 years.

Mr. L. M. Williams, of Morganton, a thoroughly reliable citizen, an assistant agent of this association, will be glad to write the applications for insurance and is authorized to employ agents to write insurance, as the association would be glad to have a good agent in each township. Anyone wishing an agency will see L. M. Williams, at Morganton, or write J. M. McCormick, division agent, at Newton.

Big Pulp Mill to Be Established in Haywood County.

Canton Special to Asheville Gazette-News.

The largest pulp mill in the world will be located at this point, on the Murphy branch of the Southern Railway. Peter G. Thomson, the multi-millionaire paper manufacturer of Cincinnati, Ohio, was here yesterday, and in an interview with your correspondent confirmed the story. Mr. Thomson is the owner of one of the largest independent paper factories in the United States, at Hamilton, Ohio, which employs 900 hands. This plant, which is near Cincinnati, is operated under the name of the Champion Coated Paper Co. Those operating the mill have experienced difficulty in securing sufficient wood fibre pulp to meet their required output, hence this gigantic enterprise for western North Carolina. Near Canton there is an unlimited amount of timber that can be converted into an excellent grade of pulp, to be utilized in making the coated paper.

Col. J. Q. A. Bryan Dead.

Blkin Special, 11th, to Charlotte Observer.
Col. J. Q. A. Bryan died yesterday at his home near Trap Hill, aged 72 years. He had been in declining health for the past year and his death was not unexpected. His remains will be buried in the family burying ground Friday at 12 o'clock by Rev. Ford Leavelle of Masons, of which order he had been a member for the past 20 years.

He was a man of strong character, yet with a heart as kind and gentle as a woman. He was a member of the convention that framed our present State constitution and has represented Wilkes county in the Legislature a number of times. A wife, three sons and five daughters are bereft of a kind and affectionate husband and father, and the community has lost one of its best citizens.

[Col. John Quincy Adams Bryan, by many known as the "Red Fox" of Wilkes, was a noted Republican politician and officeholder in Wilkes for many years. He was a long time in the revenue service and had been prominent in the affairs of Wilkes county since the war.—Statesville Landmark]

The Absolutely Pure Baking Powder

Made of Cream of Tartar, and Free From Alum or Phosphatic Acid

Royal Baking Powder renders bread, biscuit, cake and all flour foods finer and more healthful.

Baking powders made from alum, phosphates and other harsh, caustic acids are lower in price, but they are injurious to the stomach.

"The injurious effect of alum on the mucous coat of the stomach is positive and beyond dispute; it is both an irritant and an astringent. The use of alum in any article of food or article used in the preparation of food should be prohibited."
