THE NEWS OF THE NEIGHBORHOOD.

A Batch of Live Items Culled from the Papers of the Adjoining Counties.

CALDWELL.

Lenoir, Sept. 29th.
The Caldwell County Farmers' Mutual Fire Insurance Association is prospering rapidly and gives promise to become one of Caldwell's most stable institutions. The company has been in existence but two months, and has \$80,000 insurance in force. This company is giving its members insurance at actual cost—a great saving to the insured. They insure nothing but farm properties.

Yesterday about noon, Edgar Wils on, a son of Munroe Wilson, who lives in Lower Creek neighborhood, was seriously injured at Haigler's mill. The children had gone to the saw mill during the noon recess to watch the mill run. Edgar got on the carriage which was in motion and before he knew it was near the saw. He became frightened and threw up his hand which came in contact with the rapidly revolving saw, severing the bones and tearing the palm of the right hand away. Dr. McNarry, who attended the unfortunate lad, says that he hopes to save the hand but in any case he will be crippled for life.

Other Caldwell Items.

Lenoir News, Dec. 1st.
The infant of Mr. J. A. Richards, died last Monday, of whooping cough. This is a second sad visitation to Mr. Richards' home within a short time, his wife having died only some ten days ago.

The mule that was bitten by the mad dog near Hudson some months ago died last week. The mule was intensely restless and constantly bit at its limbs, but did not attack anything else.

Tuesday evening at 7:30 o'clock Mr. B. B. Hayes, superintendent of the Hudson Cotton Mills, and Miss Mayme Shell, of this place, were united in marriage at the bride's home by Dr. J. H. Weaver. A few intimate friends and relatives witnessed the ceremony. Mr. H. T. Newland acting as best man and Miss Earnhardt maid of honor. Immediately after the ceremony the newly wedded couple took a carriage for Hudson, where they will live. The popular bride was the recipient of a number of pretty and useful presents.

CATAWBA.

Newton News, Dec. 1st.
Cotton to-day in Newton 11 1/2. The good people of the Presbyterian congregation at Sherrill's Ford gave their pastor a pounding while visiting among them the latter part of last week. But it was of such a nature that it did not leave any wounds or bruises, but it gladdened the heart and will for many days satisfy the ever returning appetites of the body. He returned with his buggy loaded with good things they had so thoughtfully and bountifully provided.

Tom Rudisill, a negro tenant on a farm belonging to Mrs. V. F. Shipp, has done what many white men in this country would consider a good year's work. With the help of his family of girls and one fifteen year old boy he made and harvested this year 700 bushels of corn and 14 bales of cotton, besides more than enough meat, wheat, potatoes and other eatables, as well as a large amount of rough feed. With corn at 75 cents, cotton at 11 and wheat one dollar, a calculation of his year's work will run pretty close to \$1500, which is a good investment for his time and muscle.

WATAUGA.

Boone Democrat, Dec. 29th.
Mrs. George Gragg, one of Watauga's most estimable ladies, died at her home on New River last Friday morning and was buried at Bamboo on Saturday. She leaves a husband and four small children.

On last Monday morning by the accidental discharge of a shot gun, Joseph Sutherland, a son of Mr. Thos Sutherland, lost a fore finger and one or more shot barely broke the skin on his face. Several passed through the brim of his hat. Quite a close call.

Hon. R. Z. Linney came down from the "Tater Hill" on Friday last, and remained with his son Frank, until Sunday, when he passed on to Lenoir, where he is attending court this week. He said that as he had some matters of a rather delicate nature to attend to while there he was rather at a loss to know what disposition to make of his ten beagle hounds he had along, but would try to manage them. It might be remarked that the gentleman has several dogs when he has them all together.

For Over Sixty Years.

Mrs. Winslow's Soothing Syrup has been used for over 60 years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by Druggists in every part of the world. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

THE above picture of the man and fish is the trademark of Scott's Emulsion, and is the synonym for strength and purity. It is sold in almost all the civilized countries of the globe.

If the cod fish became extinct it would be a world-wide calamity, because the oil that comes from its liver surpasses all other fats in nourishing and life-giving properties. Thirty years ago the proprietors of Scott's Emulsion found a way of preparing cod liver oil so that everyone can take it and get the full value of the oil without the objectionable taste. Scott's Emulsion is the best thing in the world for weak, backward children, thin, delicate people, and all conditions of wasting and lost strength.

CLEVELAND.

Shelby Star, Nov. 29th.
Mrs. Leath Henry, wife of Mr. A. R. Henry, died Sunday after an illness of only a few days of pneumonia. She was 57 years of age last July, and leaves a husband and two children.

The store house and stock of goods of Wright & Hovle, located on the Shelby and Morganton road near Beam's Mills, were destroyed by fire last Friday morning at about one o'clock. The origin of the fire remains a mystery, and must have been incendiary. The loss was estimated at \$1700, with \$900 insurance.

One day last week while Mrs. W. C. Lee and Mrs. Herman Grigg, of Lawdale, were out driving, their horse became frightened and ran away, throwing the occupants of the buggy out. Mrs. Grigg was slightly injured, and seems to be getting along very nicely, but Mrs. Lee was seriously injured, and is so ill that very little hope is entertained for her recovery.

Mr. Lawson H. Camp, of Shelby, died at his home here on Saturday afternoon, as a result of injuries sustained at Belwood on Thursday before, when he walked out of the second story of a building in which he was sleeping, and fell to the ground. It was before daylight and there was no banistering at the head of the staircase and Mr. Camp stepped off at the wrong place, and by the fall he was painfully and fatally wounded. His hip was dislocated, one arm and two ribs were broken, and he suffered much pain until death came to relieve him. Mr. Camp was traveling selling books. He was a very old man, about 72 years, and quite feeble.

Mr. Thos. L. Baber, of Henrietta, died in the State Hospital at Morganton Monday afternoon. He was taken there about two months ago, but was not considered dangerously ill, and his death was quite a shock to his many friends in this county. Mr. Baber was prominent throughout the county, having been a candidate last year for county treasurer, and received the support of some of the best people in the county. Mr. Baber was about 55 years of age and leaves a wife, several children and nine brothers, who have the deepest sympathy of the entire county in their sad bereavement.—Rutherfordton Sun.

Deceased was a brother of Messrs. B. A. Baber and Joe L. Baber, of Shelby. The body was interred at Sunshine Wednesday, Rev. J. B. Carpenter conducting the funeral services.

CURE FOR SORE NIPPLES.

As soon as the child is done nursing apply Chamberlain's Salve. Wipe it off with a soft cloth before allowing the child to nurse. Many trained nurses use this with the best results. Price 25 cents per box. For Sale by W. A. Leslie.

LINCOLN.

Lincolnton Journal, Dec. 1st.
Lincolnton is rapidly becoming a cotton mill center. Mr. J. H. Rhodes has secured a tract of land from W. E. Griggon on the Seaboard Railroad just across from the Daniel Mill, and will erect a large mill. Work will begin in the early spring and will be rapidly pushed to completion. A company is being rapidly organized by a number of our citizens for the purpose of building a cotton mill, and we learn that this will be built during the coming year.

For some time it has been known that whiskey was being sold in large quantities here, but it was hard to get evidence to convict. Finally a detective was employed and he arrived here last week and began work. He soon worked himself into the good graces of the "boozardists" and was as the boys say "onto the ropes." Today (Wednesday) warrants for eight or ten booze dispensers were soon in the hands of the officers. The whole thing will be aired in mayor's court tomorrow (Thursday.) This will prove quite a surprise to a great number, for no papers have yet been served, and the greatest secrecy has been observed. The detective has an abundance of evidence, for there was always some one with him when he made his purchases, or he was present when others secured "wet" goods. There will be great weeping and wailing when the officers get busy this afternoon.

TORTURE OF A PREACHER.

The story of the torture of Rev. O. D. Moore, pastor of the Baptist church, of Harpersville, N. Y., will interest you. He says: "I suffered agonies because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies without relief, until I took Dr. King's New Discovery for Consumption, Cough and Colds, which entirely cured my cough, and saved me from consumption. A grand cure for diseased conditions of Throat and Lungs. At W. A. Leslie's and John Tull's druggists; price 50c and \$1.00, guaranteed. Trial bottle free.

Be Sure to Use Only Cream of Tartar Baking Powder

Food made with **cream of tartar** baking powder carries alum to the stomach unchanged. Scientists have positively demonstrated this and that such food is partly indigestible and unhealthful.

School Money From Liquor Taxes.

Raleigh Dispatch.
The State Superintendent of Public Instruction announces that receipts from liquor licenses and dispensaries show a great increase. Last year's receipts from liquor licenses were \$67,866 and from dispensaries \$19,551, total \$77,417. This year receipts from liquor licenses are \$53,778, a falling off of some \$14,000, but there is a big jump in receipts from dispensaries, which aggregate \$77,232, making the total \$132,011, an increase of \$44,567 over last year.

IN PRAISE OF CHAMBERLAIN'S COUGH REMEDY.

There is no other medicine manufactured that has received so much praise and so many expressions of gratitude as Chamberlain's Cough Remedy. It is effective, and prompt relief follows its use. Grateful parents everywhere do not hesitate to testify to its merits for the benefit of others. It is a certain cure for croup and will prevent the attack if given at the first appearance of the disease. It is especially adapted to children, as it is pleasant to take and contains nothing injurious. Mr. E. A. Humphreys, a well known resident and clerk in the store of Mr. E. Lock, of Alice, Cape Colony, South Africa, says: "I have used Chamberlain's Cough Remedy to ward off croup and colds in my family. I found it to be very satisfactory and it gives me pleasure to recommend it." For sale by W. A. Leslie.
