## THE NEWS OF THE NEIGHBORHOOD.

A Batch of Live Items Culled from the Papers of the Adjoining Counties.

**CLEVELAND.**  
Shelby Star, Jan. 2nd.  
Mrs. Sarah Kendall, widow of the late B. D. Kendall, died last Friday morning at 2 o'clock, after a lingering illness of several weeks.  
Sunday was an unusual day in many respects. It was the 53rd Sunday in the year 1905, and the last time any year will have 53 Sundays until 2015.  
The Shelby people gave Rev. B. Wilson, pastor of the Shelby circuit, who resides in Shelby, a generous "pounding" on Friday night before Christmas.  
Mr. John J. Justice, a good citizen of this county, died at his home two miles above Shelby on Dec. 16th, 1905, after an illness of several weeks. Deceased was 62 years of age.  
Mr. James Hamrick passed away at his home on R. F. D. No. 5, Wednesday night, Dec. 20th, and was buried at Union church on Friday at 12 m. The funeral services being conducted by Rev. D. G. Washburn. Deceased was a brave soldier, 76 years old, and leaves a wife and three children.  
Mr. J. W. Chenhall, who has been manager of the British Monazite Company's plant near Shelby for the past year, left a few days ago for his home in England, and Mr. W. G. Head, who has been assisting Mr. Chenhall, became manager in chief and has charge of all the business of the company.

The Shelby Baptist congregation remembered the pastor, Rev. M. E. Parrish, most handsomely at the Christmas service at the Baptist church. They presented to him an elegant gold watch, veritably a "thing of beauty," and valuable alike because of its intrinsic value and the fine spirit of appreciation in which it was given.  
Mr. C. M. Webb filed a voluntary assignment for the benefit of his creditors last Thursday. His assets and liabilities are approximately the same. Mr. C. C. Blanton is assignee and Mr. A. H. Webb will take charge of the stock of goods for him. The stock inventories something like \$13,000. Mr. Webb is going to take a big railroad contract at an early date.

The Christmas entertainments at the Baptist and Methodist churches and the Baptist and Methodist chapels in Shelby were splendidly rendered and the exercises were greatly enjoyed by the children and the congregations generally. The gifts for the children dispensed glad good cheer among the little folks and aided in making Christmas the joyous season it should be.  
Mr. Clarence Pinson, who lived on Mr. D. A. Elliott's place, 2 miles south of Shelby, was killed on Christmas night at Blacksburg, S. C., by the passenger train on the Southern Railroad. Mr. Pinson left Shelby on the train at 8 o'clock Christmas night to visit his father, Mr. James Pinson, who resides near Blacksburg, and after leaving the train he walked a short distance down the track and the train ran over him, it appearing that he did not observe its approach. He died instantly. Mr. Pinson was about 30 years of age and a hard working young man. He leaves a wife and two children. The body was brought to Shelby and interred at Zoar church graveyard, with the honors of the order of Red Men, of which Mr. Pinson was a member.

## CATAWBA.

Newton Enterprise, Jan. 4th.  
Mrs. Jack Caldwell died Sunday night, aged 90. She was one of the oldest persons in the Monbo section.

Mrs. V. F. Shipp will build a hotel and store building this summer on her corner lot where the Haynes House now stands.  
On New Year's day Mr. L. L. Witherspoon was promoted from local to special counsel for the Southern Railroad and his son Mr. Donald Witherspoon became local counsel.  
We are authorized by Mr. W. B. Gaither, chairman of the Newton Graded School board, to say that the school will start with six teachers on February 1st. If the weather is not too unfavorable, it is hoped to get the building ready by that time. But if this is not done, rooms will be rented temporarily until work on the graded school building is far enough along to begin using the rooms necessary. The school will continue four months, February, March, April and May.

At 2 p. m. last Saturday Mr. D. J. Carpenter entertained at dinner at the Piedmont Hotel the employees of the Newton Hosiery Mill. There were present the office force, some of the traveling men, the foremen of the different departments and the men and women and boys and girls who run the machines. The dinner was a good one, and was very much enjoyed and appreciated by all who were present. This is an annual custom with the Newton Hosiery Mill, for which it is to be commended.

**Tuttle-Newsland.**  
Lenoir Topic, 3rd.  
The ceremony at high noon today that made Miss Elizabeth Tuttle and Mr. H. T. Newsland man and wife, was the most elaborate and largely attended that has taken place here for some time, due entirely to the popularity and high esteem in which the contracting parties are held by their host of friends.  
The ceremony was performed by Rev. W. B. Gwaltney, pastor of the Baptist church in Hickory.  
Long before the appointed hour the Baptist church, which was beautifully decorated for the occasion, was filled with the friends and relatives of the bride and groom. Shortly before 1 o'clock the contracting parties, with their attendants, entered, the bride with her dame of honor, Mrs. L. A. McHugh, of Portsmouth, Va., and the groom with his best man, Mr. Robert Claywell, of Morganton. The bride, with her dame of honor, was preceded by the ushers, Messrs. J. B. Ballew and J. Widby, of Marion, followed by the attendants of honor.  
Immediately preceding the bride were the ring-bearers, little Miss Alma Newsland Seagle and Master Edward Covington.  
The bride and her party proceeded directly up the aisle, meeting the groom and his best man at the altar, where the ceremony was performed under an evergreen arch supporting a huge wedding bell.  
The happy couple left on the afternoon train for an extended tour of the South including Florida and the West Indies, followed by the best wishes of a host of friends.

**WATAUGA.**  
Boone Democrat, Jan. 4th.  
There are four cases of pneumonia in the family of Mr. Wm. Miller on New River, but at last report they were all improving.  
W. R. Green killed a large red fox near Curl Maple Gap last week. Roby says the fox was crossing the Junaluska turnpike when he killed him. The animal weighed twelve pounds.  
Married at the home of the bride's father, Mr. A. B. Cook, near Rutherford, on the 23rd ult., Mr. G. W. Keys, of Darby, Wilkes county, to Miss Loyce Cook, T. L. Critcher, Esq., performing the ceremony.

**A JAMAICAN LADY SPEAKS HIGHLY OF CHAMBERLAIN'S COUGH REMEDY.**  
Mrs. Michael Hart, wife of the superintendent of Cart Service at Kingston, Jamaica, West Indies Islands, says that she has for some years used Chamberlain's Cough Remedy for coughs, croup and whooping cough and has implicit confidence in it and would not be without a bottle of it in her home. Sold by W. A. Leslie.

**Big Fire in Charlotte.**  
Charlotte, N. C., Jan. 5.—Fire which started at three o'clock this afternoon in the main gas building of the Charlotte Consolidated Construction Company almost totally destroyed the building, entailing a loss of \$50,000 or more. The main gas tank, only a few feet distant, was unharmed. Enough of the machinery was saved to continue the manufacture of gas, and the users are not inconvenienced.

## Every Two Minutes

Physicians tell us that all the blood in a healthy human body passes through the heart once in every two minutes. If this action becomes irregular the whole body suffers. Poor health follows poor blood; Scott's Emulsion makes the blood pure. One reason why

## SCOTT'S EMULSION

is such a great aid is because it passes so quickly into the blood. It is partly digested before it enters the stomach; a double advantage in this. Less work for the stomach; quicker and more direct benefits. To get the greatest amount of good with the least possible effort is the desire of everyone in poor health. Scott's Emulsion does just that. A change for the better takes place even before you expect it.

We will send you a sample free. Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

**Couldn't Stand the Names.**  
Bob Taylor.  
A good old Northern preacher once visited the South to evangelize the heathen of Dixie. At the close of his sermon he announced he would baptize the children if their parents would bring them forward. There was a large crowd present, and a sturdy woman brought forth a half dozen babes, ranging from one to six years old. "Name this child," said the old preacher, laying his hand on the head of the eldest. "Jeff Davis," was the reply. The audience smiled and the preacher nervously baptized the child.  
"Name this child," taking the next one in his arms. "Albert Sydney Johnston." The smile of the audience grew broader, and the face of the preacher grew redder as he went on with the ceremony.  
"Name this one," he gasped. "Alexander Breckinridge Beauregard."  
The next was a little girl, and the preacher heaved a sigh of relief. "Name this child," he said tremulously. "Mary Seseesh Sonevall Jackson Lee." came the proud response.  
The audience roared, the preacher dropped the child, telegraphed the President for protection, and took the first train for the land of "Yankee Doodle."

**A Million Starving in Northern Japan.**  
Thousands are starving in north Japan, according to advices received.  
A government report says Miyagi, Fukushima and Iwate provinces, with a population of 2,500,000, are confronted by the worst famine in sixty years.  
So great is the calamity in Miyagi "that the sentence of death has been passed on one-third of the people of the province."  
Already thousands in the three provinces are obliged to eat shrubs, roots and bark of trees to sustain life, and a million people are in extreme condition.  
Committees of foreign residents have been formed to arrange systematic relief.

**A GRIM TRAGEDY**  
Is daily enacted in thousands of homes, as Death claims, in each one, another victim of Consumption or Pneumonia. But when Coughs and Colds are properly treated, the tragedy is averted. F. G. Huntley, of Oakland, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and \$1.00 by W. A. Leslie and Jno. Tull, druggists. Trial bottle free.

## AN OLD INDEPENDENT.

The death of Senator David Wark, the oldest member of the Canadian parliament, recalls an anecdote which illustrates his remarkable independence. At the age of 101 he was still holding the seat which had been his for almost half a century.  
During his last years his family had been worried about his habit of traveling alone in midwinter from his home in Fredericton, N. B., to his post in Ottawa. They urged him to let his daughter accompany him.  
Senator Wark would have none of her.  
"A man of my age," he said, "has all he can do taking care of himself without having a woman to look after."

## Bubbly Creek.

Chicago has a noble, if somewhat odorous, waterway called Bubbly Creek. The stockyards discharge into it. It has been discovered that the famous stream will burn. Says a local paper:  
"That this historic section of the city's commercial waterway can bubble, and does bubble, and that it can exude smells compared to which a rendering plant is as a fragrant morn in budding June, and does so exude, has long been a matter of local history, if not pride. But that the famed old swimming pool can be converted into kinetic heat energy by the mere application of a match has remained for the Weekly Health Bulletin to disclose."  
It is now proposed to set the river on fire!
