Caldwell.

Lenoir Topic, June 5th.

Sheriff J. M. Smith and Deputy W. E. Garland left today for Raleigh with Hamp Kendall and John Vickers, to begin their service in the State penitentiary.

Material is being placed on the ground for the concrete sidewalks on the main street near the center of the town. This is a work which will be gradually extended to every section of town.

Our Boone correspondent gives us the following item which will be of interest to many Topic reeders: "About twenty years ago after a hard rain, something like petroleum was seen on the surface of the water in a spring near Amantha Postoffice. Several parties have examined the place at different times since. A few days ago a gentleman from Pennsylvania proposed to spend \$10,000 in boring for oil if the people would give him the privilege."

### Other Caldwell Items.

Mr. John Green, of Norris, one of Watauga's best citizens, died at his home on Tuesday and material guaran- night. He was near 90 years of age and leaves an enviable record behind him. He leaves only one son, Mr. L. A. Green, the remainder of his children preceeding him to the great beyond.

Sorry to learn that Mrs. Mollie Coffey had the misfortnne to fall down the stairs in the home of her son-in-law, Judge Councill in Hickory, a few days ago and received some very painful tho' we trust not serious bruises. She was thought to be some better when we last heard from her but is still confined to her room.

EVERY MAN HIS OWN D OCTOR The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scratch of a pin has been known to cause the loss of a limb. Hence every man must from necessity be his own doctor for this class of ailments. Success often depends upon prompt treatment, which can only be had when suitable medicines are kept at hand.
