## Indigestion

Stomach trouble is but a symptom of, and not a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms of a certain specific Nerve sickness—nothing else.

## Dr. Shoop's Restorative

Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought this stomach and liver to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had. For chronic indigestion, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—made for you, and what it can and will do. We sell and cheerfully recommend.

## Molasses Evaporators.

I am manufacturing the original "Turner" Sugar Cane Evaporators. With this "pan" your boiling is continuous, the raw cane juice going in at one side and the cooked, finished molasses coming out at the other continuously.

## Eggs! Eggs! Eggs!

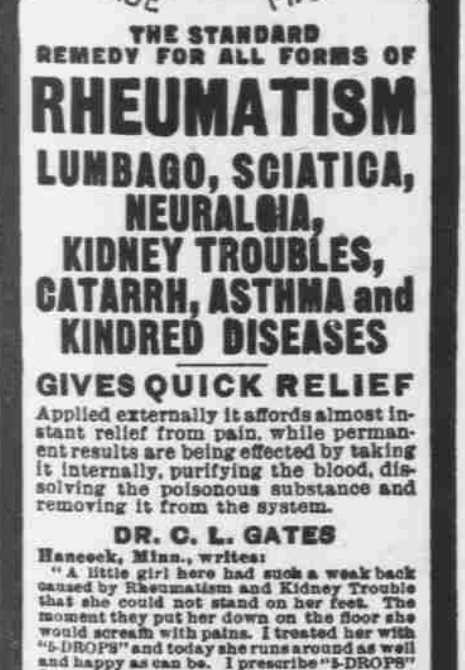

White and Silver Laced Wyandottes, Barred Rocks, and Rhode Island Reds. Our last year's customers raised prize winners from stock bought of us. Our stock is better than ever and our prices for eggs are reasonable.

Some dogs made a raid upon the fine flock of sheep owned by Mr. J. B. Council last week, and but for his timely appearance upon the scene, sad havoc would have been wrought upon his fine flock. One of the pesky animals was slain, but others are still at large.

Dr. Little, with the aid of a stump puller and a squad of men, succeeded Monday in getting his drug store building back on its pillars, from which it had been dislodged by a heavy wind a few weeks ago.

The Hon. R. Z. Linney, of Taylorsville, must be rapidly improving, if not entirely well, as the Hickory Democrat of last week announced that it had been reported that he was soon to wed a dashing widow of Hickory. Of course, if this be true, the learned gentleman is surely on the high road to recovery, and must be in the best of spirits.

After a pilgrimage of seventy-four years, fighting the battles of life bravely and upon a high plane, and gaining friends all the way, at his home on Monday afternoon, that good man, Mr. Milton Brown, quietly, peacefully passed from life unto death. The remains were interred yesterday near his residence on Middle Fork of New River.

Mrs. Geo. Hopkins, aged 69 years, died at her home at Hopkins, on last Sunday, and the funeral services were conducted on Monday at the residence by the Rev. Mr. Rudisill, after which the loving mother and devoted wife was laid to rest amid a large concourse of sorrowing friends and relatives. She is survived by an afflicted husband and a large family of children, all of whom, save one, were present when the final summons came.

#### Rutherford.

Messrs. Carpenter, Taylor & Company, through Mr. B. F. Massey, the representative of the Carolina Ice & Machine Company, of Charlotte, who here last week, purchased an up-to-date ice plant of three-ton capacity daily, which is to be delivered and put in operation at their factory at the Southern depot by the first of May.

The auction sale of the city lots of Mr. Henry T. Green on Mitchell avenue, Court, Hospital and Meridian streets, advertised for last Friday, took place according to schedule. The property, which was placed in the hands of the American Realty & Auction Company, of Greensboro, some weeks ago, was auctioned off by the famous double twins, Penny Brothers and Thomas Brothers, and brought handsome prices. Bidding was lively from start to finish, the entire forty-eight lots being sold in something over three hours. The property is situated within about three or four blocks of the business part of town, fronting all of the above named streets, and was considered valuable and very desirable building sites. The boundary contained about seven acres and brought something over \$3,300, the lots ranging in price from \$35.00 to \$250.00. Music for the occasion was furnished by a brass band from Charlotte. Mr. G. B. Hollifield was the lucky one who drew the lot given away by the auctioneers. Mr. Deck, the oldest man in the crowd, drew one of the \$5.00 gold pieces given away and Mr. E. B. Quinn drew the other.

#### Caldwell.

Register Miller has issued marriage license to the following parties since March 10th: Felix Thompson to Lelia Ernest, J. M. Tugman to Bessie White, Bluford Keller to Mary C. Deal.

A number of Lenoir citizens who recently purchased lands in Southern Florida have organized a club and have appointed Mr. J. E. Mattocks as their representative to go to Florida and investigate the proposition and see if it is as represented. Mr. Mattocks will leave next Monday.

The work of putting in the water and sewer pipes is going forward rapidly now on the main streets of town, and with favorable weather the system will be complete early in April.

Dr. Ivey returned Saturday with his son, Vincent, from Rochester, Minn. Vincent's condition seems to be improved in some ways, but the improvement is not as encouraging as his friends could hope for.

Mr. A. H. Courtney died at his home at Hartland this morning at 2 o'clock after a few days' illness with pneumonia and other complications. The burial will take place to-morrow morning at 11 o'clock at Littlejohn's church. Mr. Courtney was 72 years old and is survived by his wife and seven children. Mr. Courtney was a faithful and consistent member of the Methodist church, and he has always wielded a great influence for good in his community. He served through the civil war and lost his right leg in the famous charge at Gettysburg. In the capacity of treasurer of Caldwell county for a number of years, he served his people most acceptably.

#### How To Gain Flesh

Persons have been known to gain a pound a day by taking an ounce of Scott's Emulsion. It is strange, but it often happens.

Somehow the ounce produces the pound; it seems to start the digestive machinery going properly, so that the patient is able to digest and absorb his ordinary food which he could not do before, and that is the way the gain is made.

A certain amount of flesh is necessary for health; if you have not got it you can get it by taking

Little Mary Crowell, daughter of Mr. and Mrs. Chas. B. Crowell, was successfully operated on at the Lincoln Hospital yesterday and is doing well.

Charlotte claims to be the first town in the State to adopt cleaning-up day, but Lincolnton had a cleaning-up day the 22nd of last December and will have about four in each year in the future.

Rev. and Mrs. W. R. Dye arrived several days ago from Santa Fee, New Mexico. Rev. Mr. Dye is serving St. Luke's parish temporarily and may become its permanent pastor. Lincolnton warmly welcomes Rev. and Mrs. Dye and hopes that they will decide to cast their lot with us. They are stopping for the present with Mr. and Mrs. H. E. Reid.

Mrs. Dora Hoke Dellinger, widow of the late Mr. Lee R. Dellinger, died at her home near Laboratory at 2 o'clock Tuesday afternoon, after an illness of only one week. Mrs. Dellinger was taken with a severe cold last week that developed into la-grippe. She took her bed last Friday but her condition was considered in no wise serious until Monday afternoon, when she was suddenly taken worse and it was found that her heart was affected; heart failure causing death the following day. The deceased was about 45 years of age and was before her marriage Miss Dora Hoke, daughter of Mr. Frank Hoke, deceased. She is survived by her aged mother, six children, two sons and four daughters; three sisters and two brothers. Mrs. A. P. Rudisill, Misses Fannie and Etta Hoke, Messrs. William and Alexander Hoke. A married daughter, Mrs. Moore, of Virginia, was with her mother during her last illness.

On Tuesday afternoon about 3 o'clock a barn on the plantation of Mrs. Lydia Fox, near Daniels church, was destroyed by fire. It was a large, convenient structure and had been built for more than a century. Mr. W. M. Seagle is living on the farm and the loss falls very heavily upon him. Besides losing a valuable mule, a quantity of roughness, a wagon, harness, grain drill, horse rake, two cultivators, several plows, harrows and other farming implements, a quantity of cotton seed, potatoes and peas were burned. The origin of the fire is unknown.

Plans and specifications for the new hotel for Marion have been agreed upon, we are informed, and work on the building will begin at an early date.

Miss Mattie Stacey, daughter of John Stacey, of Nebo, and Mr. W. E. Nucholls, of Bristol, Tenn., were married at the Fleming Hotel, Wednesday afternoon, the Rev. H. H. Jordan officiating.

The Asheville and East Tennessee railway was chartered at Raleigh, N. C., last week with \$450,000 capital. It is to build and operate a road through Buncombe, Yancey and Mitchell counties, North Carolina, to connect with the Carolina, Clinchfield & Ohio railroad, built by George L. Carter and associates.

Mr. J. F. Sprague, who came here about two years ago to conduct the business of Gorman & Green, jewelers, and who has since had charge of the business for his successor, Mr. A. Green, has bought the interest of Mr. Green and becomes sole owner of the establishment. He will continue the business at the old stand.

Marion is to have a \$300,000 cotton mill. Mr. D. D. Little of Spartanburg, Mr. Carol Baldwin of New York, Messrs. Serrin and Dent, mill engineers, and Mr. Aug. W. Smith, one of the largest cotton mill men in the South, met with our people Friday and Saturday, located the plant, signed the contracts for subscriptions for stock, signed the charter and prepared for work at the earliest moment possible. Mr. Little with Messrs. Smith and Baldwin have already been to New York and Boston, where they selected and contracted for the mill machinery. On Saturday after very full investigation, the mill was located on the land of J. I. Morgan just beyond the cemetery on the north side of E. C. C. C. railroad. The land was platted by Mr. Dent and Mr. Serrin, one of the foremost mill engineers in the South, who will make the plans and have them ready by the first of next month, when the actual work is expected to commence.

Rev. J. T. Peeler, Hendersonville, N. C., writes: "I desire to make known for the benefit of suffering humanity my experience with Peruna."

"I was afflicted with catarrh of the stomach, and applied to several doctors, and was all in vain."

"I had it not been for Peruna I believe I would have been in my grave to-day."

"I have every reason to believe that Peruna is the greatest remedy for catarrh known to the world. Therefore I have been, and shall continue to recommend it to those who are unwell."

The town of Maiden is now having its turn with a campaign for a graded school election. And in has reached the fighting stage.

At the meeting of the town commissioners Tuesday night, Mr. D. P. Rowe, who had handed in his resignation as Mayor to take a position in the depot, consented to fill out the term which will expire on the first Monday in May.

There was about as big a frost Tuesday morning as we have had this winter and ice was a quarter of an inch thick. Peaches were given the hardest jolt they have had since they began blooming. But the prospect of a good fruit crop is not seriously hurt yet. This is the case in Newton. The damage was possibly more in some parts of the county.

Mumps and measles are greatly reducing the attendance at the Newton Graded School. In some of the rooms half the children are kept at home by these two epidemics. But they will about spend their force by the end of this week.

County Superintendent Long tells us that there is unusual interest in special tax elections just now. Petitions are in circulation in a number of districts and the prospects are that more elections will be held about the first of May than in any year since 1906. That was the banner year in the establishment of special tax districts in the county. This year promises to almost equal it.

At Mr. Mark Sigman's, two miles north of Maiden, last Saturday afternoon about 1 o'clock, there was a very distressing tragedy. The children were playing in the house and having a big time. Claud Sigman, the eight-year-old son of Mr. Sigman, picked up his father's gun, pointed it in the face of his little four-year-old niece and pulled the trigger. The load entered just above the little girl's eyes and tore the whole top of her head off, causing instant death. The boy says he didn't know the gun was loaded, but it was a shocking case of thoughtlessness even for a boy. The little girl was a daughter of Mrs. Richard Lay, who lives with her father, Mr. Sigman, during her husband's absence, who is in the United States army.

Hundreds of Morganton Citizens Can Tell You All About It.

Home endorsement, the public expression of Morganton people, should be evidence beyond dispute for every Morganton reader. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterances of strangers residing in faraway places. Read the following:

James C. Cloer, Lenoir St., Morganton, N. C., says: "I have used Doan's Kidney Pills and the results were so satisfactory that I have no hesitation in recommending them to others. Some months ago I began to suffer from a soreness across my kidneys and at times the kidney secretions were very unnatural. I procured Doan's Kidney Pills and used them in accordance with the directions. In a short time I felt a great deal better and continued taking them until I was rid of every symptom of my trouble. I know Doan's Kidney Pills are a reliable kidney remedy and can speak of them in the highest terms."

is merely a question of using enough of the right kind of fertilizers.

## Virginia-Carolina Fertilizers

are the right kind.

The cotton plant cannot feed on barren land. Study your soil. Find out what it lacks. Then apply the necessary fertilization and the results will surprise you.

See what Mr. W. C. Hays of Smith Station, Ala., did. He says: "I planted about 30 acres of some 'gray sandy land' that had been in cultivation for over 20 years, and used 300 pounds of Virginia-Carolina Fertilizers per acre, and I expect to gather 30 bales from the 30 acres." This is why we say it is the right kind. We have hundreds of letters like this, and even stronger, in praise of Virginia-Carolina Fertilizer for cotton.
