## NEIGHBORHOOD NEWS.

### A Batch of Live Items Culled From the Papers of the Adjoining Counties.

#### Cleveland.

A pretty home wedding was celebrated in Grover, Wednesday afternoon, at 3 o'clock, when Miss Jessie Hambricht, the accomplished and attractive daughter of Mr. and Mrs. Robt. F. Hambricht, was led to the hymenal altar by Mr. J. Frank Harris, Jr., a well known and popular young business man of Shelby.

The Star takes pleasure in announcing that the deacons of the First Baptist church of Shelby have received a communication from Rev. C. A. Jenkins, of Statesville, in which he accepts the unanimous call extended him to become the pastor of this church.

Arbor Day was fittingly and appropriately celebrated by the pupils of the Shelby Graded School last Friday. A programme was rendered by the pupils which was indeed entertaining and pleasing and trees, flowers and shrubs were planted with ceremonies unique and attractive. Just a few years and this observance of Arbor Day will more than repay, in beauty and adornment, the labor of love and civic pride so unselfishly shown by the pupils and members of the Civic League.

A mass meeting of the citizens of No. 6 township was held in the court house Tuesday night to discuss the advisability of petitioning the Board of County Commissioners to call an election to submit to citizens of this township the question of issuing long term bonds in the sum of \$100,000 for public road improvements, this action to be taken in the event the county at large does not petition for \$300,000 bond issue. Mr. W. T. Caltion presided and committees were appointed to secure signers to the petitions. These committees have been active and we learn that the petitions have been largely signed.

#### Caldwell.

Mr. O. O. Rhyne, formerly of Morganton, but now of Stanley, N. C., was in town Monday and Tuesday of this week. Mr. Rhyne is a skilled plumber and expects to locate in Lenoir at an early date.

A large crowd will no doubt attend the debate between the literary societies of the Lenoir and Hickory graded schools Friday night. Our Lenoir boys will next meet Morganton in debate on April 16th, the discussion to take place in Morganton.

Mr. W. H. Sherrill is getting ready to rebuild his steam laundry on the site of his former laundry on West Main street.

Miss Anna Curtis, who has been in Riggins, Idaho, for some months, was married last week to Mr. Columbus Garrett, of the same town. Mrs. Garrett is a sister of Mr. J. W. Curtis, clerk of the court.

Mr. W. A. Shell has resigned his position as assistant cashier of the Bank of Lenoir and will early in April enter upon his duties as secretary and treasurer of Lenoir Chair Factory. Mr. Shell's successor in the bank will be Mr. John R. Hall, of Augusta, Ga.

Rev. R. P. Walker, who recently resigned the pastorate of Lenoir Baptist church, has accepted the call to the Calvary Baptist church, of Asheville, and will enter upon his new work on 3d Sunday in May.

## Lincoln.

Mr. D. A. Hoyle, of North Brook, was seriously injured in a runaway which occurred last Monday afternoon. Mr. Hoyle was driving two mules to a wagon loaded with saw dust. The front gate of the wagon burst out and let the dust down on the mules, which frightened them and caused them to run. Mr. Hoyle was thrown out upon the double tree, became entangled and was dragged for a distance of 70 yards. His chin was badly cut, a severe cut under the right eye, and other severe bruises were sustained. The accident happened near Mr. Hoyle's residence. The mules run home and members of Mr. Hoyle's family went out and found him. He had gotten on his feet and was painfully making his way home. Dr. Ford was called in and rendered prompt attention. Mr. Hoyle is about 62 years old and was in fairly good health and strength. The physician thinks his wounds will not prove fatal.

Several hundred of our farmers from all over the county attended Seed Corn Day here Tuesday, bringing with them as requested, a peck of corn from their own growing to be tested by the experts. S. Philander Campbell of Washington, D. C., who is connected with Bureau of Plant Industry and C. R. Hudson, State Agent for the Farmers' Demonstration Work, were on the grounds to inspect each grower's lot and pass upon its qualities. The inferior ears were discarded and those selected which showed better properties as to size of cob, grain, weight, etc. A table 50 feet long and several feet wide had been arranged to receive the grain for inspection. This was scarcely large enough to hold what was brought. At 2 p. m. interesting lectures on corn growing were given in the court house. Mr. Campbell's talk was on preparation of the soil. Mr. Hudson spoke on seed selection and production for profit. These lectures were practical and instructive, many new ideas being gained by the farmers. The day was a great success and we have no doubt the results will bountifully increase our harvest in the future. Several cash prizes are being offered to those making the greatest yield the coming season.

Builds up your whole body. Regulates the bowels, clears the complexion, makes you well from head to foot. That's what Hollister's Rocky Mountain Tea will do, great-cold spring regulator. Tea or Tablets, 35 cents. W. A. Leslie.

#### Africa Will Welcome Roosevelt.

Mombasa is preparing already to welcome Theodore Roosevelt when he lands here the latter part of next month on his much heralded African trip, and the coming of the former President of the United States has given a decided impetus to the interest in the present hunting season. The Governor of the protectorate, Lieutenant Colonel Sir James Haynes Sadler, is getting up a programme of wit and entertainment for the distinguished visitor, but in spite of these arrangements, the greeting to Mr. Roosevelt will be more to the great sportsman, whose fame is well known to local hunters, than to the former President.

East African sportsmen were highly gratified to learn that Mr. Roosevelt had refused the offer of the authorities to grant him a special hunting license that would have permitted him to kill game to an unlimited extent, instead of confining himself to the two elephants, two rhinoceros, two hippotami, etc., two of the regular lions. Lions and leopards are classed as vermin and consequently no license to kill them is required.

#### They Never Fail.

That is What They Say About Them in Morganton, and it is Therefore, Reliable  
Another proof, more evidence, Morganton testimony to sweet the long list of local people who endorse the old Quaker remedy, Doan's Kidney Pills. Read this convincing endorsement of that remarkable remedy.

J. P. May, Fairground street, Morganton, N. C., says: "About three years ago I began to suffer from severe pains through the small of my back, which was frequently followed by headaches and dizzy spells. My kidneys were disordered and the secretions were unnatural. I also felt tired and languid all the time and came to the conclusion that my kidneys needed a tonic. I began using Doan's Kidney Pills and my kidneys have given me no more trouble since. Doan's Kidney Pills cured me and I am pleased to recommend them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.  
Remember the name—Doan's—and take no other.

## Some Good "Horse Sense" as to Working the Roads.

I saw in your paper the communication to the postmaster at Morganton from the Post Office Department calling attention to the bad condition of the roads on the mail routes, &c.  
I suppose by the time the "sixty days" has expired the warm sunshine will have done much to improve the roads. The postmaster can report that "Old Sol" has done the work and everybody is satisfied.

Owing to bad drainage, lumber and wood haulers with narrow tired wagons, and the present road law, which discourages road working in the winter, our roads get in a deplorable condition during the winter months.

I think Quaker Meadows has two pieces of road that are more difficult to manage than any other roads in the county.

One of these, the Collett lane, four miles from town, on the Yellow Mountain road, we have just subdued for sometime to come, we think. For several weeks past the vicinity of this lane would have been a good place for the society for the prevention of cruelty to animals to have done some good work. Blows from cruel teamsters descending upon helpless horses and mules were often heard a considerable distance from the road.

Some thought the county should cross-lay the lane with timber. But the county is in debt and taxes are hard to get, so the neighbors took their teams, ten of them one day, and six the next, and hauled about one hundred and fifty loads of stones, which put the lane in pretty fair condition. Most of the stones had to be hauled a considerable distance. Some of those who hauled never had occasion to use that part of the road at all. This work did not cost the county a cent. While the county is in debt, we do not think there should be anything spent on the roads. Let each neighborhood look after the holes and when the county is out of debt, let the commissioners let the roads in sections to the lowest bidder who will take the available hands and keep the roads in good condition.

We think the road law should be amended in regard to working roads in winter; that's when the holes start, and we think the fee for road exemption should be increased.

Respectfully,  
THOS. W. DRURY,  
Quaker Meadows, Mar. 5, 1909.

#### Pearson Loses Out.

Richmond Pearson, who as minister to Greece, was holding the biggest job of any North Carolinian under the Federal government, has lost out, President Taft having given the place to a New England man.

## CATARRH DESTROYED MY APPETITE.

PERUNA rarely fails to restore the appetite. Immediately upon beginning the use of Peruna patients begin to eat and digest. This is the universal testimony, coming from all parts of the civilized world.  
Catarrh is a very frequent cause of loss of appetite and disturbed digestion. The beneficial influence of Peruna on catarrh completely restores the appetite in such cases.  
To prod the digestive organs with medicines that are merely stimulants is a poor way to remedy such cases.

"I am now cured and cheerful in spirits, all through the agency of Peruna, which has cured me effectually and restored my appetite.  
"My only regret is that I did not use Peruna sooner and I would have avoided all my previous suffering and misery."  
—Mr. Joseph H. Conlan.

Removed Catarrh, Restored Appetite.  
Mr. Joseph H. Conlan, 487 7th Ave., Brooklyn, N. Y., writes:  
"I suffered from catarrh which completely destroyed my appetite and weakened my entire system.  
"I am now cured and cheerful in spirits, all through the agency of Peruna, which has cured me effectually and restored my appetite.  
"My only regret is that I did not use Peruna sooner and I would have avoided all my previous suffering and misery."

Torpid Liver, Stomach Trouble.  
Mr. James O'Byrne, 628 Madison St., Topeka, Kas., conductor Santa Fe Railway and member Order of Railway Conductors, writes:  
"I suffered with a torpid liver and stomach trouble, which made my complexion very sallow, and I felt miserable and tired all the time.  
"An aunt wrote me that she was taking Peruna with such good results that she advised me to try it, and I finally bought a bottle, although I disliked to take patent medicines.  
"However, I found Peruna very agreeable to take, and effective, as I felt better in a week. I took only five bottles in all and I found that was all I needed.  
"I am most grateful to you for what your medicine has done for me."  
Dysentery Entirely Relieved.  
Mr. W. N. Casey, Leamington, Ill., writes:  
"In two weeks after beginning your treatment I was well. I used nine bot-

## CAUSES DEBILITY.

Here Are Facts Backed Up by a Strong Guarantee.  
Debility is caused by catarrh. In our opinion, a person free from Catarrh was never troubled with Debility. Debility can never be cured by medicine not designed to cure Catarrh. We positively guarantee to cure Catarrh, and thus cure Debility. In every case where we fail to effect a cure, we will not charge a cent for the medicine employed during the trial. Now, surely no one should hesitate to believe us or to put our claim to a practical test under such conditions. We take all the risk; no one else can lose anything by the transaction.

We make these statements and this offer because we know and have time and again proved that Rexall Mucu-Tone will cure Catarrh. It is designed for that one particular purpose. It is not a cure-all prescribed to cure every disease that flesh is heir to. Rexall Mucu-Tone is absorbed in the stomach and carried by the blood until it penetrates every part of the body, acting as an antiseptic, disinfecting, cleansing, soothing and healing agent. It rids the system of all germ and poisonous matter, purifies and enriches the blood, rebuilds injured tissues, cleanses and invigorates the mucu-cells, neutralizes the acids of the body, stops mucus discharge, tones up the entire system, promotes nutrition, increases body weight, and brings about a feeling of healthfulness that is lasting.

We have Rexall Mucu-Tone in two sizes. Prices 50c. and \$1.00. We urge you to try a bottle on our guarantee. W. A. Leslie, Morganton, N. C.

## FASHIONS IN MOUNT AIRY.

Blue Ridge Review.  
And now we are subjected to the red shoes! We have heard all winter vague echoes of the craze from other cities, but so far we have had only a few scattering cases here, in spite of the blandishments of the shop keepers and the temptations of "something new." Now, however, the epidemic is spreading rapidly, and among the young men seems to have worse results than the green hat craze, for steady, reliable boys, who would scorn to stoop to the level of a green hat are "going in" for red shoes with a vim. The shoes are to be had in every style—all the new models—and range in color from the original wine color to the shade of the scarlet geranium, flaunting itself gaily in the summer sun. And to add to the screaming effect this monstrosity of footwear is worn with hosiery of the same vivid hue, and the whole is crowned with a large bow of a slightly lighter shade.

## Confederate Pensions.

Northern Wilkesboro Herald.  
The last Legislature passed an act allowing widows of Confederate soldiers who were married as late as 1868 to receive pensions. This provision extends the time three years. An act also was passed increasing the general appropriation to Confederate soldiers \$50,000.00, and a provision was made for the board of county commissioners to levy a special tax amounting to not more than two cents on the hundred dollars and six cents on the poll for the benefit of the soldiers of that county. An increase of six dollars a year was allowed each soldier in the home at Raleigh.
