NEIGHBORHOOD NEWS.

A Batch of Live Items Culled From the Papers of the Adjoining Counties.

Rutherford.

The friends of Dr. Montgomery H. Biggs, who is connected with the Rutherford Hospital at this place, will be delighted to know that he underwent a successful operation for appendicitis in Blockley Hospital in Philadelphia last week and that he is getting along splendidly and will soon be able to be out again.

The trial of Coley Fisher and Charles Stamey, charged with the murder of Broadus Moorehead at Henrietta something over a month ago, ended Friday morning with both the defendants being convicted of manslaughter. Stamey was given six years in the State prison and Fisher five, both at hard labor. Since the trial, however, a petition was circulated by Fisher's friends and presented to Judge Justice asking for a reduction in his term. It is claimed that Fisher is a quiet, industrious young man and heretofore borne a good reputation; and that while he shot Moorehead, it was proved that Stamey brought on the trouble and was responsible for it. Judge Justice, however, later reduced sentences of both the young men to five and four years, respectively, and they were carried to Raleigh Monday by Sheriff Tanner to begin their terms in the penitentiary. This case, together with that of Vick Limerick, charged with the killing of Dee Williams, were the most important cases tried during the recent term. Limerick was also convicted of manslaughter and given four months in the county jail. Court expired Saturday by limitation without the criminal docket being disposed of in the allotted two weeks. Two other capital cases, Boss Scruggs, charged with the killing of his cousin, Fletcher Scruggs, and young Padgett, charged with the killing of his father, were continued until the next term, as were a number of minor cases.

Catawba.

This warm spell has put the cotton and corn planters to running all over the county. If it continues, a good portion of the crop will be planted by Saturday night.

Lincoln township last Saturday voted down the bond issue to the Denver and Lincoln railroad. This leaves Catawba Springs township the only one voting for the bonds.

In the Federal court in Statesville this week, A. A. Gross of Catawba county was convicted for distilling and Geo. Clay of Catawba was found not guilty of the same charge.

The case against John Fox, a former citizen of Newton, for killing a man in Wadesboro, was tried last week. He was found guilty of manslaughter and sentenced to 12 years in the penitentiary. An appeal to the Supreme Court was taken.

Cotton went to 10 cents last Saturday, and it has been coming in by the wagon load ever since. Few of us had any idea there was still so much cotton in the county. We congratulate all who are now getting 10 cents for what they have held. They deserve it. The money will come in mighty handy in making another crop and give an impulse generally to business.

Last week we made mention of a suit for damage that has been brought against Mr. W. P. Rader and the superintendent and executive committee of the Western hospital by Mr. W. A. Bollinger on account of the release of Lonnie Rader from the hospital. From the Statesville papers we learn that Mr. A. F. Yoder, a former citizen of Newton, has brought a suit for damage against the superintendent of the hospital and Mr. J. P. Caldwell, chairman of the board of directors, for keeping him in the hospital. One case is for letting a man out and the other for keeping a man in.

Caldwell.

Mrs. Hackett, wife of ex-Congressman Hackett, of Wilkesboro, was operated on for appendicitis last week at the Statesville Sanatorium. When the appendix was removed a piece of broken tooth-pick was found in it. At last accounts Mrs. Hackett was doing well, and the chances for a speedy recovery were good.

We do not suppose that it is generally known that Caldwell county has four living brothers, old veterans of the war of the sixties; but we have, and here they are: John M. Sudderth, C. M. Sudderth, J. Wilburn Sudderth, and T. F. Sudderth, all four living within four miles of each other, all strong and healthy for men of their ages. They made good soldiers, and if good soldiers then good citizens. Each one of them since his return from the army, has attended strictly to his own business and made a comfortable living by the sweat of his brow. May they live to enjoy many years yet.

Mr. T. H. Coffey and Dr. Perlier, of Blowing Rock, were in Lenoir last week, both looking well and happy. Mr. Coffey says the outlook and the prospects for Blowing Rock, the coming summer are better than they have been for many years. Applications for rooms are being received daily. There will be several boarders at his hotel the last of the month. We hope and expect to see every house at Blowing Rock full of summer boarders this summer.

Cleveland.

Mrs. Sallie Padgett, after a short illness, died April 17th, at Cliffside. She was 81 years, 8 months and 3 days old.

The wedding bells chimed merrily on Shelby route 5, on Wednesday, April 7th, when Miss Gertie Wellmon, the attractive daughter of Mr. W. R. Wellmon, was led to the hymeneal altar by one of Lincoln county's sturdy young sons, Mr. Charles C. Dedman.

Mr. Charles Carson, one of our Rural Free Delivery Carriers, has purchased from Mr. Charles L. Ekridge, who represents several manufacturing concerns, a new and improved Erie model motor cycle, of 3 1/2 horse power, which he will use in delivering the mails on his route. Although thousands of motor cycles are in use throughout the country by carriers, it is an innovation in this county and results will be awaited with interest.

The many friends and acquaintances of Dr. John A. Hamrick will learn with profound sorrow and regret of his sudden death which occurred in Pittsburg, Penn., on last Friday. The first intimation of his sudden death was in the form of a telegram to his father, Mr. D. J. Hamrick, of Boiling Springs, announcing the sad tidings. The grief-stricken father left immediately for Pittsburg, returning Tuesday with the remains, which were interred at Boiling Springs. From the best information obtainable, Dr. Hamrick was enjoying his usual robust health when like a bolt from the clear sky he was stricken, and the brave young soul of the promising young physician went to its Maker.

A beautiful home wedding was solemnized on Thursday night, April 15th, when Mr. Virgil Parker was led to the hymeneal altar Miss Ella Burnett, there being only a few of the intimate friends present.

The last of the old Blanton store-house buildings opposite the court square has been torn away to make way for handsome new brick buildings to be erected by James E. Webb in the near future.

In the light of the past few weeks' lights this good county cannot be classified among those chargeable with "race suicide." One prominent physician informs us that in his practice covering the past seven days eight lusty youngsters have been added to the population, five of whom having before them the possibilities of future presidential aspirations and the other three that of being the first ladies of the land.

Read the pain formula on the box of Pink Pain Tablets. Then ask your Doctor if there is a better one. Pain means congestion, blood pressure somewhere. Dr. Shoop's Pink Pain Tablets check head pains, womanly pains, pains anywhere. Try one, and see. 20 for 25c. Sold by Burke Drug Co.

Amos Stansberry, one of Watauga's substantial citizens, was married last Friday to Miss Rosa, daughter of Granville Norris, of Rutherford, the marriage taking place at the Baptist parsonage in Boone, Pastor J. F. Davis officiating.

During the match ball game in Boone Monday evening, a ball struck Miss Annie Shull, an A. T. S. pupil, in the face, breaking her glasses and hurting one of her eyes, it was feared, right seriously. However, we hope it is not so bad as first thought, and that she may soon recover from the effects of the unfortunate accident.

The match ball games played between Boone and Lenoir on the school diamond this week were interesting and entertaining and largely attended. Monday afternoon the home nine were easy winners, the score being 13 to 7 in their favor. Tuesday afternoon, however, the Lenoir nine seemed determined that if they had the power or the skill, the Boone team, that has never suffered defeat, should be beaten. The game was right long and full of interest from start to finish, and the greatest enthusiasm prevailed until the game was ended and the result declared, which was a tie—3 and 3 being the score made.

Bynum Holsclaw, who some days ago, made his escape from the State Reformatory, is again in the toils. On his return to Watauga, he again began to ply his old trade, a warrant was issued for him at Valle Crucis, and an officer deputized to make the arrest. Upon approaching this section of the officers and knee pants, the officer was quickly covered with a gun taken from his little pocket, the officer ordered to set up a trot, which he did without protest, and the boy-criminal went quietly on his way. Sheriff Ragan was notified and in company with Deputy Robbins set out on the hunt, and the following day succeeded in making the arrest. His gun was taken from him, and he now languishes in Boone jail shorn of his honors as one of the State's most progressive young law-breakers.

McDowell.

Marion Democrat, April 22nd.

J. M. Bobbitt has purchased the residence of J. W. Pleas, corner Church and Logan streets, consideration \$4,000.

Mrs. R. S. Clay was operated on for appendicitis at the sanatorium in Statesville last Friday. Mr. Clay returned home Sunday, and reports that her condition is promising for an early recovery.

A message received by relatives Monday announced the death of Mrs. J. V. Austin, which occurred at her home in Colorado City, Colo., Sunday evening, the 18th, after a lingering illness. Mrs. Austin was a daughter of L. A. Chapman, of Garden City, this county, and has many friends here who will learn of her death with deep regret. Deceased is survived by a husband and four children.

A company to be known as the Brown-Hewitt Lumber Company has been organized and has taken over the lumber business of J. M. Brown. The new company will be incorporated and is officered by Messrs. J. M. Brown, president; A. R. Buffalo, vice-president; A. C. Hewitt, secretary and treasurer. The plant has an excellent equipment for the manufacture of hardwood and pine lumber, and operations will be resumed next month. The plant is located at the junction of the C. C. & O. and Southern railway and has been idle since the first of January.

The revival meetings, conducted by Evangelist Watson and the pastor, Rev. Edward Long, at the Baptist church terminated last night. There were several conversions and additions to the church, and there is no doubt but that many individuals, and the community as a whole, have been vastly benefited in a spiritual way by the evangelist's labors.

The closing exercises of the Marion Graded School will occur on the night of May 26th and the day of the 27th. Prof. W. D. Carmichael, superintendent of the city schools of Durham, will deliver the literary address. Mr. Carmichael is recognized as one of the leading educators of the State.

Marion's new waterworks system, the gravity line from Clear Creek, is now complete and water will be turned into the reservoir here-to-day. Turning the water on by degrees, of course, has been in progress a day or so, and if everything is all right the reservoir will be filled with Clear Creek water to-day. The dam or intake is located six miles from Marion on Clear Creek, 2100 feet above sea level, and the location is ideal. The water is free from sand, clear as crystal, and the State Chemist pronounces it pure. To make sure of this fact, a filter has been constructed at the dam. The capacity of the reservoir is 300,000 gallons, and the clear mountain stream running into the reservoir will discharge an abundant supply for a town of 10,000 or more inhabitants.

Among the many substantial improvements in Marion that have recently taken place, the one to attract most attention and favorable comment is that of laying concrete sidewalks. The work was commenced last week. Mr. T. F. Wrenn taking the initiative by placing a 15-foot walk in front of the Merchants & Farmers Bank on Main street. A force of hands was put to work Monday removing the slabs of stone, which have served as sidewalks for many decades, in front of the First National Bank and D. N. London block, and the improvement is being added just as rapidly as the material can properly be laid. It is understood that the improvement will shortly be extended on Main street and Henderson street to the depot.

Foley's Orino Laxative is best for women and children. Its mild action and pleasant taste makes it preferable to violent purgatives, such as pills, tablets, etc. Cures constipation.

Tillman Calls on the President and Meets Booker Washington. Washington Dispatch, 20th.

Senator Tillman called at the White House to-day for the first time in years. Leaving the White House he said he had not called before because he desired to wait "until there was a gentleman inside." He was in excellent humor when he left President Taft.

Lincoln.

Lincoln News, April 20th.

Miss Alpha Goode made a brief stay in the city Saturday, enroute from Rutherford College to Machpelah, where she is employed as governess.

Many wagon loads of cotton have been brought to town in the last few days. Owing to the price having reached ten cents most of our farmers are marketing their stored product, but some are still holding, thinking "she will go a 'leettle' bit higher."

News comes from Washington that President Taft has about decided not to settle the judgeship matter until after his visit to Charlotte, May 20th. This will prolong the agony, but it will also tend to increase the size.

Mr. R. S. Reinhardt has been appointed Major of the Commission Department on the staff of Governor Kitchin and it is now Major Reinhardt. As Mr. Reinhardt is noted for his hospitality and is a remarkably fine Chef de cuisine, the Governor has made a very appropriate selection for the head of his Commissary Department.

Hotel Burned. Hotel Mecklenburg at Chase City, Va., was destroyed by fire on the 16th inst. It was a noted health and pleasure resort and was built ten years ago at a cost of \$200,000. It was insured for \$75,000. All the guests escaped without injury.

SWEPT OVER NIAGARA. This terrible calamity often happens because a careless boatman ignores the river's warnings—growing ripples and faster current—Nature's warnings are kind. That dull pain or ache in the back warns you the Kidneys need attention if you would escape fatal maladies—Droopy, Diabetes or Bright's disease. Take Electric Bitters at once and see Backache fly and all your best feelings return. After long suffering from weak kidneys and the back, one \$1.00 bottle wholly cured me," writes J. R. Blankenship of Belk, Tenn. Only 50c. at W. A. Leslie's.

HELPFUL HINTS ON HAIR HEALTH.

Scalp and Hair Troubles Generally Caused by Carelessness.

Dandruff is a contagious disease caused by a microbe which also produces baldness. Never use a comb or brush belonging to someone else. No matter how cleanly the owner may be, these articles may be infected with microbes, which will infect your scalp. It is far easier to catch hair microbes than it is to get rid of them, and a single stroke of an infected comb or brush often produces the cause of baldness. Never try on anybody else's hat for the reason that many a hatband is a nesting place for microbes.

If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, we have a remedy which we positively know will cure these troubles, and we are so sure of this that we offer it to you with the understanding that it will cost you nothing for the trial if it does not produce the results we claim. This remedy is called "93" Hair Tonic. It is the most scientific remedy for all scalp and hair troubles, and we know of nothing else that equals it for effectiveness. We know this because of the results it has produced in hundreds of cases.

Recall "93" Hair Tonic will positively banish dandruff permanently, restore natural color when its loss has been brought about by disease, and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, removes dandruff, destroys the germ matter, and brings about a free healthy circulation of blood which nourishes the hair roots, causing them to tighten and grow new hair. We want everybody in Morganton who has any trouble with hair or scalp to know that Recall "93" Hair Tonic is the best hair tonic and restorative in existence, and no one should scoff at or doubt this statement until they have put our claims to a fair test, with the understanding that they pay us nothing for the remedy if it does not give full and complete satisfaction in every particular. Two sizes, 50c. and \$1.00. W. A. Leslie, Morganton, N. C.

Builds up your whole body. Regulates the bowels, clears the blood, aids digestion, makes you well from head to feet. That's what Hollister's Rocky Mountain Tea will do, greatest spring regulator. Tea or Tablets, 35 cents. W. A. Leslie.

Mrs. Theo. F. Klutz Dead. Mrs. Theo. F. Klutz, wife of former Congressman Klutz, and a sister of Mr. J. P. Caldwell, editor of The Charlotte Observer, died Tuesday morning of last week at Salisbury in a local sanatorium after a brief illness.

Mrs. Klutz was born in Statesville in 1848 and was married to Mr. Klutz in 1873. She was a leader in social, literary and church circles and was loved by the entire community. Surviving the deceased besides Mr. Klutz are two sons Theo. F. Klutz, Jr., associate editor of The Observer, and State Senator Whitehead Klutz, and two daughters.

REV. J. G. DUKES. Writes: My wife has been in a very bad state of health. Nothing seemed to do her any good until she began to use PERUNA. TO USE PERUNA.

MRS. J. G. DUKES. Rev. J. G. Dukes, Pastor of the Unitarian Church of Pinetown, N. C., writes: "My wife has been in a very bad state of health for several years, and nothing seemed to do her any good until she began to use Peruna one month ago. Since then the color has returned to her face, and she is gaining in flesh every day, and I believe she is a well woman to-day."

"My little boy, ten years old, was pale and had but little life. He began to use Peruna the day his mother began. To-day his face is rosy, and he is out in the yard running and jumping with the rest of the children."

Stomach Trouble Relieved. Mrs. T. J. Ballard, Pryor Creek, Indian Territory, writes: "I am happy to tell you that I keep free from my old stomach trouble; feel no catarrhal symptoms at all. I am able to do my work, eat and drink what I want, and rejoice that I found a sure cure in your reliable medicine, which I failed to find in the best of home physicians."

More Than 300 Patriots Want to Inspect Oil. Raleigh Dispatch. There are more than 300 applications already on file in the State Department of Agriculture for the office of oil inspector created by the act of the recent Legislature for the inspection of illumination oils, and the appointments are not to be made until the June meeting of the board, this to be held probably during the week of June 9. Under the act there cannot be more than 10 of these inspectors, one for each congressional district, and the probability is that there will really not be that many for the present. The salaries are limited to \$1,000 per year. The appointees are to have the capacity to apply the tests to the oils and make the detailed reports required. The tests will be as to flash and burning temperatures, the light test to be made subsequently in the department of the State chemist here at Raleigh. A defect in the act is that in the event of the resignation of any of the inspectors when once appointed, neither the Governor nor Commissioner of Agriculture would have the power to fill the vacancy of the unexpired term but it would be necessary to call a special session of the State Board of Agriculture to elect.

Grace: Pimples, blotches, rough, shiny skin are from the blood and stomach. A simple and never failing remedy—one that makes clear, healthy complexions, pure blood, perfect digestion, is Hollister's Rocky Mountain Tea. Surprise yourself. Tea or Tablets, 35 cents. W. A. Leslie.

ICE!

We will, as heretofore, supply our customers with Pure Ice the coming season. See us before making contracts for your Ice. We will handle the Broadoaks Ice, and will supply customers not only at their homes but also at our store at any hour of the day. We will always have a good supply on hand. Prices right. We are still headquarters for Fresh Mats and Groceries.

GREEN & KINCAID.

The Qualities

of leadership were never better emphasized than in the "SOHMER" piano of today. It is built to satisfy the most cultivated tastes. The advantage of such a piano appeals at once to the discriminating intelligence of highly cultured musicians.

The leading piano, at a poplar price, is the reliable "RICHMOND". The quality and price appeal at once to the masses. The "RICHMOND" piano should be considered before buying. Style 15, price \$250.00. Drop us a postal card, if interested.

The Morrison Bros. Co. Inc.

HICKORY, N. C.

As Soothing as a Mother's Touch.

Is the effect of our White Pine Cough Syrup upon the tired lungs, the aching breast. It stops the tickling in the throat. It brings grateful sleep. It aids the appetite. It renews health and vigor. Once used, WHITE PINE Cough Syrup will always be in the house.

BURKE DRUG COMPANY.
