No. 27

NEIGHBORHOOD NEWS.

A Batch of Live Items Culled From the Papers of the Adjoining Counties.

Caldwell.

Mr. P. A. Healan, with one or two other men, on last Friday went down Lower creek to the old Corpening bridge and fished up the creek for about one mile, catching 168 fish, some of them weighing three or four pounds. Mr. Healan says it was not a good day for fishing, being too cold. Pink Healan can find fish where no one else would think of trying to find them, when others can't get even a nibble at the hook.

Mr. John Wakefield, brother of Messrs. Lawrence and Ed Wakefield of this place arrived in Lenoir yesterday. Mr. Wakefield has been spending some time in Hot Springs, Ark. and is not enjoying health. We trust the invigorating atmosphere of this his native town and county will soon restore him to health and strength.

Mr. J. A. Dula says he has produced on his place near Lenoir what is called a "never fail" apple that it is of good size and fine flavor, and will keep all winter. Anyone can see the apples by calling on Mr. Dula at his home. The Department of Pomology at Washington, D. C., has asked Mr. Dula for a sample of these "never fail" apples, sending him box, packing, etc., for shipping them. This is a valuable apple, and one that the apple growers have been looking for many years, an apple that never fails, that is of good size, fine flavor and a good keeper.

Died at his home near Granite Falls, last Thursday, Sept. 30th, after a long and lingering illness, John L. Martin. The remains were buried on Friday at Poovey's Grove church, surrounded by a large crowd of relatives, friends and neighbors, Rev. Conway and Rev. Stafford conducting the service. Mr. Martin was 58 years old.

Mr. A. J. Bawmon, living a few miles west of Lenoir, says he has made over 500 gallons of molasses this fall and is not yet done making.

The Commissioners of Lenoir have let the contract for a concrete sidewalk on Mulberry street from the corner on East Main to A. W. Dula's residence.

Miss Ethel Dula, daughter of Mr. J. A. Dula, of Lenoir, took the two first prizes on paintings at the Wilkes county fair last week. Miss Dula studied art at Davenport college and her success speaks well for the instruction she got there.

The North Wilkesboro Hustler says W. S. Church has ten chicken yards, with 1000 chickens to each yard; that he ships chickens to all parts of the world, South Africa, South America, Cuba, etc. Mr. Church raises the game chickens. Many of these chickens he buys from Mr. John Hallyburton on Lower creek, this county—NEWS-HERALD.]

We notice from the Wilkesboro paper that Mr. F. G. Harper took first prize in the tournament at the fair, and Mrs. G. F. Harper stood first as lady horseback rider.

Other Caldwell Items.

Mr. Ellis Smith, son of Mr. Avery Smith, of North Catawba, left last week for Lewiston, Ill., where he will likely remain for some time.

Chief of Police Hamby reports that there were fifteen cases in the mayor's court Monday for drunkenness and disorderly conduct.

Mr. Finley Corpening, of Frederick, Okla., is visiting his father, Mr. A. C. Corpening, at North Catawba.

The friends of Capt. Edmund

Jones announce that he will be a candidate for judge of this district to succeed Judge Council. This means that Lenoir is to have two candidates for this office, as Mr. Lawrence Wakefield's candidacy has already been announced in the papers.

The children and grand children of Mrs. Lucinda Tuttle, wife of the late sheriff R. G. Tuttle, gave her an elegant birthday dinner at Gamewell last Saturday. The occasion was the celebration of the aged lady's 90th birthday and her friends will be pleased to know that she is still enjoying good health. The children present were L. H. Tuttle, M. H. Tuttle, Mrs. Calvin Coffey, Mrs. Finley Coffey.

Rev. Chas. A. G. Thomas, of Monroe, preached two clear, forceful and helpful sermons at the Baptist church Sunday and large and appreciative audiences greeted him at each service. The church was so much pleased with Mr. Thomas and his ability as a minister that at a special conference last night he received a unanimous and enthusiastic call to become pastor. He was notified by wire this morning of the action of the church.

Watauga.

Boone Democrat, October 7th. A few weeks ago we noted the fact that B. J. Council had sold a two-year-old Short Horn heifer to a Mr. Osborne, of Ashe, for \$75.00. And now it is given out that the same animal was awarded the first prize at the Ashe County Fair, Watauga, it seems, hasn't the energy to have a fair of her own, but she continues to furnish prize-winners for her enterprising sister counties.

The great industrial fair at Wilkesboro is now a thing of the eternal past. It was a grand success, coming fully up to the expectations of the most sanguine of the promoters. Indeed, from reports, it was an occasion long to be remembered. But there is a dark side to the picture. Two lives were lost during the mirthful season. One man who is reported as being drunk fell and crushed his skull, and another said to be in the same condition, tumbled from the top of a ferris wheel, killing himself almost instantly.

Does ginseng gardening pay? A few days since Mr. W. L. Coffey, of Moretz, sold to Mr. J. M. Calaway, of Foscoe, the product of a bed 50x4 1/2 feet, for the snug sum of \$112.79. This seems an enormous price, but there is still a good margin for Mr. Calaway, or the trade would not have been made. We are not informed, but we take it that Mr. Calaway will transplant the bunches into his garden, one of the largest to be found in the country, and get a larger growth before he puts the precious roots on the market.

One of the most noted of the fall weddings was that celebrated at the beautiful country home of Mr. and Mrs. Jas. W. Whitehead, of Banner Elk, N. C., on Tuesday, Sept. 28, when their daughter, Sallie Louise, was united in marriage to Mr. William W. Walsh, of Lynchburg, Va. The bride is a highly cultured young lady and is noted wherever known for her lovely disposition and extraordinary beauty of face and form. The groom is a son of Mr. and Mrs. L. W. Walsh, and comes from one of the most prominent families in Lynchburg and stands high in business, church and social circles of the city.

Cleveland.

Shelby Star, October 5th. The Star learns with pleasure and pride that Mr. John W. Harrelson, an honor graduate of 1908-09 class of the A. & M. College, is to be commissioned as

THE BEST PLASTER. A piece of flannel dampened with Chamberlain's Liniment and bound on the affected parts is superior to any plaster. When troubled with lame back or pains in the side or chest give it a trial and you are certain to be pleased with the prompt relief which it affords. This liniment also relieves rheumatic pains and is certain to please anyone suffering from that disease. Sold by all druggists.

second lieutenant in the United States army, and to be assigned to the coast artillery corps, probably at Fort McKinley, Maine. This announcement has been made by the War Department and is authentic. Mr. Harrelson, is a Cleveland county boy, a son of Mr. John H. Harrelson, of Lawndale.

An examination of the report of the North Carolina tax commission issued by the Corporation Commission reveals the surprising fact that outside of the city of Charlotte and the town of Shelby of the respective counties of Mecklenburg and Cleveland, the valuation of lands in Cleveland is \$98,013 in excess of that in Mecklenburg. Outside of the towns the figures are as follows: Cleveland, \$3,065,137; Mecklenburg, \$2,967,124. Of course when it comes to valuation of town property Charlotte has Shelby skinned several city blocks, but in farm valuation we are in the lead.

Messrs. Garrison and Bost, two of Morganton's progressive young citizens, have bought from Messrs. Turner and Hopper the City Cafe, which popular resort has met with good custom and general favor since it was opened several months ago. The new owners arrived and took charge last Wednesday and will continue to serve the choicest bill of fare that can be obtained. In addition to the operation of the cafe, these gentlemen will begin at once preparations for the installation of that which Shelby has long needed, namely, a first-class bakery.

The town authorities are to be congratulated upon placing in convenient places on the main streets, iron drinking fountains for thirsty men and beasts. This was not only a necessity but an act of humanity.

Cat Discarded Her Kittens and Mothered the Squirrels.

Lincolnton Times. It is not often that a female is better to adopted children than to her own, but we learn of a case of that sort. Some time since Mr. Jacob Coines, of the Reepsville section, cut down a tree and in it found a lot of young squirrels that had not gotten their eyes open, in fact were not more than a day or two old, and he picked them up and tossed them into an old beehive where his old cat had a litter of very small kittens, with the idea that the old cat would eat them. But instead of that she carried her kittens off and let them perish and adopted the squirrels and has reared them—all four.

She will mew for them and they will run to her just the same as kittens and they scamper around the house and seem perfectly contented with the lot into which they were cast.

Miss Martha Justice, sister of Hon. E. J. Justice, returned to Greensboro Friday from Rochester, Minn., where Mr. Justice recently underwent a difficult and serious operation for abdominal troubles. Miss Justice reports that her brother is now entirely convalescent and that he expects to return home within the next two weeks. Mrs. Justice will remain with him until he is able to make the long and tedious journey home.

For a clear head, a stout heart and strong mind, DeWitt's Little Early Risers, gentle, safe, pleasant, little pills. DeWitt's Carbolized Witch Hazel Salve is unequalled for anything where a salve is needed, and is especially good for Piles. Sold by all druggists.

The Lincolnton Times says that during the severe rain and thunder storm that passed over that section Tuesday about 4 o'clock, Mrs. Sallie Starnes, nee Bennick, who lives about five miles northeast of Lincolnton, was struck by a bolt of lightning which hit her on the back near the right shoulder and cut her clothes from top to bottom and tore her shoes off besides burning the skin quite badly.

MONEY COMES IN BUNCHES. to A. A. Chisholm, of Treadwell, N. Y., now his reason is well worth reading: "For a long time I suffered from indigestion, torpid liver, constipation, nervousness, and general debility," he writes. "I couldn't sleep, had no appetite, nor ambition, medical treatment. Then used Electric Bitters. Twelve bottles restored all my old-time health and vigor. Now I can attend to business every day. It's a wonderful medicine." Infants for Stomach, Liver, Kidneys, Blood and Nerves. 50c. at W. A. Leslie's

HOW ESKIMOS LIVE.

They Eat Nothing But Raw Meat, Never Bathe, Are Happy, Filthy, Honest.

The Cook-Pearry controversy has sent people galloping to their books on arctic exploration and geography, and the Eskimos have come in for much study. The New York Press publishes the following about these queer inhabitants of the frozen north: "The Eskimos are the filthiest people in the world. They never wash, not even face and hands. The smell of their fur clothing and secretions from the skin causes a stink about their persons, and especially in their igloos and tents, that is unbearable to tenderfeet.

"Living in huts of stone or ice in winter, in sealskin tents in summer, Eskimos never marry in the sense we use this word, but mate like animals, swapping of mates for an indefinite time is common. Furs are used for the common family bed, and everybody from father to babe strips stark naked before retiring.

"Eskimos are all children, contented, peaceable, honest and hospitable, without rules and without ambition for fame or power. They live almost entirely on raw animal food, and this explains the absence of a number of diseases which are common to civilization. Salt water contains iodine, and all sea animals as well as all who eat them uncooked, absorb more or less of this pickle chemical substance.

"Scurvy, so common and deadly among early polar explorers, is totally unknown among Eskimos who eat raw meat. That idiozoid raw food also explains the absence of enlarged tonsils, glands and goiter. Their perfect, splendid teeth and strong lower jaws mark them completely carnivorous. The exclusion of vegetable food has shortened their intestine, and indigestion is unknown. One would suppose their pure flesh diet would cause biliousness, etc., but the large percentage of oil in their food acts as a general laxative and protects against all harm. The Eskos eats with relish old rotten blubber that would stagger a buzzard.

"Eskos' skin, though covered with filth, and vermin, is smooth as satin and totally free of disease or blemish. The very fact that these people fear and hate washing in water may account for their fine 'arctic' skins. Exposure of hair to midnight sun for three months of the year favors hair growth. Baldness is unknown, and even time seldom bleaches the hair to gray, and at sixty it is still real black. Their special senses are very keen and eyesight seems undiminished by age. Consumption is unknown, nor is there any skin or bone form of tuberculosis. But when brought to the United States they contract consumption in most virulent form. Of six brought to New York all contracted the disease in less than six months. One who returned to his arctic home made a quick cure.

"It is well known that the long

Most women are troubled with Kidney complaint, and you know very many serious and even fatal diseases result from these neglected Kidney troubles. My doctor told me that DeWitt's Kidney and Bladder Pills are directed, you may be confident of good results. Try them and see how really good they are. Beware of imitations, pills that are intended to deceive you. Be sure you get DeWitt's. Sold by all druggists.

A COMMON ERROR.

The Same Mistake is Made by Many Morganton People.

It's a common error To plaster the aching back, To rub with liniments rheumatic joints, When the trouble comes from the kidneys.

Doan's Kidney Pills cure all kidney ills.

Are endorsed by Morganton citizens.

S. S. Lane, Green St., Morganton, N. C., says: "I suffered severely for several years from backache, caused by disordered kidneys. A time I was so lame upon first arising in the morning that I was scarcely able to get up and when the attacks were at their height, the kidney secretions were very unnatural and the passages attended with pain. I finally began using Doan's Kidney Pills and received relief in a short time. At present I am without sign of kidney trouble and do not hesitate to recommend Doan's Kidney Pills as a reliable remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

arctic winter, with its depressing effects on body and mind, often upsets the best balanced nervous system, even of the native. But this hysteria vanishes with the summer. Explorers have suffered in the same way, and two have committed suicide. In summer Eskos get so full-blooded that nose-bleeding is very common.

"All degenerative diseases that cause so much suffering and death in civilization are absent from the Eskimo. No arteriosclerosis, Bright's disease, cirrhosis, diabetes, catarrh. The pure, sterile arctic air contains no germs, but Eskos invariably take a bad 'ship cold' when they go aboard white man's ship.

"More Eskimos are killed every year hunting the walrus than die of natural causes. These people have no doctors and none of the remedies that are common among civilized people are known there."

THE DOCTOR'S QUESTION.

Some Advice Against the Use of Harsh Purgatives and Physics.

A doctor's first question when consulted by a patient is, "Are your bowels regular?" He knows that 98 per cent of illness is attended with inactive bowels and torpid liver. This condition poisons the system with waste matter and causes accumulation of gases which must be removed through the bowels before health can be restored.

Salts, ordinary pills and cathartics may be truly likened to dynamite. Through their harsh, irritating action they force a passage through the bowels, causing pain and damage to the delicate intestinal structure which weakens the whole system, and at best only produces temporary relief. The repeated use of such treatments causes chronic irritation of the stomach and bowels, dries and hardens their tissues, deadens their nerves, stiffens their muscles and generally brings about an injurious habit which sometimes has almost, if not fatal results.

We have a pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of its great curative value that we promise to return the purchaser's money in every case where it fails to produce entire satisfaction. This remedy is called Rexall Orderlies. We urge you to try them at our risk.

Rexall Orderlies are eaten like candy, they act quietly and have a soothing, strengthening, healing, regulative influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulence, excessive looseness, diarrhoea or other annoying effects, and they may be taken at any time without inconvenience.

Rexall Orderlies overcome the drugging habit and safely remedy constipation and associate ailments, whether acute or chronic, except in surgical cases. They are especially good for children, weak persons or old folks. Price, 36 tablets 25 cents, and 12 tablets 10 cents. Remember you can obtain Rexall Remedies in Morganton only at our store.—The Rexall Store. W. A. Leslie.

DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's Vegetable Compound

Paw Paw, Mich.—"I suffered terribly from female ills, including inflammation and congestion, for several years. My doctor said there was no hope for me but an operation. I began taking Lydia E. Pinkham's Vegetable Compound, and I can now say I am a well woman."

Another Operation Avoided. Chicago, Ill.—"I want women to know what that wonderful medicine, Lydia E. Pinkham's Vegetable Compound, has done for me. Two of the best doctors in Chicago said I would die if I did not have an operation, and I never thought of seeing a well day again. I had a small tumor and female troubles so that I suffered day and night. A friend recommended Lydia E. Pinkham's Vegetable Compound, and it made me a well woman."

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female ills, including displacements, inflammation, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, and nervous prostration. It costs but a trifle to try it, and the result has been worth millions to many suffering women.

Mrs. Leavitt to Be Candidate For Congress.

Denver, Oct. 8.—Ruth Bryan Leavitt, daughter of William J. Bryan, has formally announced her candidacy for the nomination for congress from the First district of Colorado. She has dreams of making the nation's legislative halls, where her father once sat, ring with her melodious voice.

Former Senator Patterson has given his promise that if the democratic party of the state shall nominate a woman for congress he will use his influence for her. Mr. Bryan has given his consent.

Mrs. Leavitt is president of the Jane Jefferson Club. All is said to be harmony in the club,

but there are some members who say that while Mrs. Leavitt would make a splendid congresswoman and it would be "just lovely" for her father's sake, there are other women to be considered, and as Mrs. Leavitt is so young she ought to wait several years.

WELL KNOWN HOTEL KEEPER USES, AND RECOMMENDS CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY.

"I take pleasure in saying that I have kept Chamberlain's Colic, Cholera and Diarrhoea Remedy in my family medicine chest for about fifteen years, and have always had satisfactory results from its use. I once administered it to a great many traveling men who were suffering from troubles for which it is recommended, and have never failed to relieve them. I am J. C. Jenkins, of Glasgow, Ky. This remedy is for sale by all druggists.

DR. FRANCIS S. PACKARD

OF GREENSBORO, N. C.
Expert Physician, Surgeon and Specialist

Will visit Morganton, 3rd Visit, on Monday, October 25th, Hotel Morgan, and every month regularly thereafter.
