CORN CONTEST.

Let the Farmers of Burke Get Ready to Enter The News-Herald's Corn Contest, in Which Handsome Prizes Are Offered.

THE NEWS-HERALD is poor, but feeling an interest in the welfare of the Burke county farmers, (and their prosperity means prosperity for the whole county,) we are going to offer as a prize to the farmer who raises the most corn on one acre this year a Burkemont Steel Range Cook Stove. To the farmer making the next largest yield of corn on one acre we will give a \$15.00 Suit of Clothes. To the farmer making the third largest yield on one acre the best Hat to be found in Morganton. To the farmer making the fourth largest yield of corn on one acre a Nice Pair of Shoes.

So make your preparations and get in the contest, which is open to the whole county—men, boys, women and children.

These are expensive prizes for the county paper to offer; but we have faith that the venture will be appreciated and, best of all, that many thousands more bushels of corn will be raised in Burke county this year than last as a result. Then we will all be rewarded.

In ample time judges will be selected to measure the ground, see the corn and make the awards.

All desiring to enter the contest will be required to register at THE NEWS-HERALD office and the names and addresses of all contestants will be published. It is desired that it be a square deal all around and we shall endeavor to make it so.

We are authorized by the Morganton Hardware Co. to say that in addition to THE NEWS-HERALD's first prize they will present to the farmer making the best yield of corn on one acre a No. 13 Oliver Chilled Plow.

The Quaker Meadows Dairy, Mr. C. M. McDowell, proprietor, will also add to our prizes as follows: First, a fine Jersey or Guernsey Calf; second, a fine Poland China Pig; third, two dollars in cash; fourth, one dollar in cash.

I. L. Davis & Son add a \$5.00 pair of "Just Right" shoes to the second prize and Presnell & Hogan a \$5.00 pair of Hamilton-Brown shoes to the third prize.

Here are nearly a hundred dollars in prizes to go to the four farmers making the best yields of corn on an acre. Begin now and win one of them.

And in the meantime, if you are not already a subscriber to

NURSING MOTHERS show the beneficial effects of

Scott's Emulsion

in a very short time. It not only builds her up, but enriches the mother's milk and properly nourishes the child.

Nearly all mothers who nurse their children should take this splendid food- tonic, not only to keep up their own strength but to properly nourish their children.

FOR SALE BY ALL DRUGGISTS

The Best Hat in Morganton to the Farmer Making the Third Largest Yield of Corn on One Acre.

A Fine Pair of Shoes to the Farmer Making the Fourth Largest Yield of Corn on One Acre.

Terrible Croup.

My little boy, who is four years old, has suffered a lot with croup. On several occasions we thought he was gone. After trying all the old time remedies and most of the new, I came home one night at midnight, and my wife said: "The boy has had croup again—suppose you get a bottle of Hyomei!" "More junk," I said, "but we will circulate our money so they all will get some." I hastened to an all night drug store, brought it home. In five minutes he was breathing easier. In fifteen minutes he was sound asleep. It broke the croup so quickly it scared me. Anyone wishing to cure the croup of a child I hope will give Hyomei a trial. Wishing you the best of success, which you surely deserve, I remain, Jos. E. Clark, 204 6th St. S. E., Washington, D. C., Oct. 7, 1909. Hyomei is a remarkably effective remedy in case of croup and it shall be in every home where there is a croupy child. Full instructions how to cure croup comes with each outfit. Complete Hyomei outfit including inhaler costs \$1.00 at drug-gists everywhere and at Leslie's Drug Store. It is guaranteed to cure croup, coughs and colds.

THE APPALACHIAN EXPOSITION.

To Be Held in Knoxville Sept. 15 to Oct. 15, 1910.

Special to The News-Herald.

Knoxville, Tenn., Feb. 23rd.—The Appalachian Exposition, to be held in this city September 15th to October 15th of the present year, is being prepared in the interest of the industrial and commercial development of the entire Appalachian mountain region. This includes portions of east Tennessee, western North Carolina, southwest Virginia, West Virginia, south-eastern Kentucky, north Georgia, north Alabama and a part of South Carolina. No section of the entire United States of corresponding area has as vast deposits of latent mineral and timber wealth and agricultural and industrial possibilities as has the Appalachian region of these eight states. With the view of bringing these resources and their possibilities more directly to the attention of the people of the country at large, and particularly those living in the Appalachian section, this exposition has been designed. It has been located in Knoxville because of the fact that this city is the geographical center of the Appalachian region and is within easy reach by rail. Agents of the exposition are now getting in touch with all parts of the Appalachian country, with a view to bringing here exhibits of the products, industries, civic and other resources of the various states. This comprehensive exhibition plan will result in an array of possessions of this region that has never been equalled. The fact that the Appalachian Exposition is to be an annual affair is further impetus to the country interested to make it a brilliant achievement, and the show of this year will be but a forerunner of many greater exhibits in future years.

At the head of the exposition enterprise is W. J. Oliver, the most widely known man in all the Appalachian region. Mr. Oliver is a celebrated railroad builder and manufacturer and iron mill operator. He became famous throughout the world as the man who made the lowest bid for the Panama canal, and had the work been let to contract it would have been awarded to him. Mr. Oliver is putting into the exposition organization the same energy and ability that has made possible his personal success, and his connection with it assures a signal achievement.

In addition to industrial, commercial, art, domestic science, live stock, agricultural and numerous other exhibits peculiar to this section of the South, the Federal Government will also have an exhibit, if the recommendations of the Congressional Exposition Committee Chairman prevail, which undoubtedly will be the case. President Taft has already accepted the invitation of the exposition officials to visit the show, and other officials of national reputation will also be here. The amusement feature is being provided for, splendid midway, airships, horse races, automobile races and other attractions being engaged.

This exposition will be second to none that has ever been held in the South.

Children Teething.

Mrs. Wislow's Soothing Syrup has been used for over FIFTY YEARS by MILLIONS of MOTHERS for their CHILDREN WHILE TEETHING, WITH PERFECT SUCCESS. IT SOOTHES THE CHILD, SOFTENS THE GUMS, ALLAYS ALL PAIN; CURES WIND COLIC, and is the best remedy for DIARRHOEA. Sold by Druggists in every part of the world. HELP WANTED

for that cough Get a bottle of Dr. Bell's Pine-Par-Honey. It is the best.

Four Eclipses in 1910.

The year 1910 will be marked by four eclipses—two of the sun and two of the moon. Both eclipses of the moon will be visible in America, but both of the sun will be invisible. The first total eclipse of the moon will occur on Monday, May 23, and the second will be on Wednesday, November 16.

PRESIDENT HELPS ORPHANS.

Hundreds of orphans have been helped by the President of the Industrial and Orphan's Home at Macon, Ga., who writes: "We have used Electric Bitters in this institution for nine years. It has proved a most excellent medicine for Stomach, Liver and Kidney troubles. We regard it as one of the best family medicines on earth." It invigorates all vital organs, purifies the blood, aids digestion, creates appetite. To strengthen and build up pale, thin, weak children or run-down people it has no equal. Best for all mal-complaints. Only 50c at Leslie's Drug Store.

STUDENTS CHEER LEE.

Flashing of His Likeness Upon Screen Signal For Applause at Princeton.

H. C. Whitener, in Charlotte Observer.

Princeton, N. J., Feb. 20.—At an illustrated lecture a few evenings ago on "The Battle of Gettysburg," by a man who was a resident of Gettysburg at the time of the battle, the only faces projected upon the screen that received marked applause were those of General Robert E. Lee and President Abraham Lincoln. The house, packed with Northern people and students from all over the United States, was enthusiastic when the lecturer spoke of General Lee as "one of the best and noblest men America has ever produced."

He paid a significant tribute to the Confederate soldiers who occupied Gettysburg before the fight. He said: "Clad in torn garments, without uniform either of color or fabric, some in gray, some in brown homespun, they bore the mark of manhood upon their faces and in their bearing an unmistakable stamp of noble, brave men. They created no hardship in the town nor wanted only seized even food from the citizens, but gave a receipt for all that they received. The citizens suffered more from the Northern troops than from the Southern."

The lecture was intended to be delivered on Lincoln's birthday, but was deferred.

What Cold Weather Does.

Uncle Zehk in Home and Farm.

Not only is a hard winter in many ways a benefit to the farmer's crops, but also to the health of the farmer himself. Cold air is invigorating and sends the blood more briskly through our veins. The colder air is, the more condensed it is, and the more of the life-giving oxygen it gives up to purify and enrich the blood as it passes through the lungs. Warm weather enervates us, but cold weather increases our strength.

While cold weather kills insects and worms that devour the farmer's crops, it also kills the noxious germs of disease that prey upon his body. Cold weather is noted as healthful weather, while in warm weather the germs of disease multiply. Most people make a mistake when they go off to a warm country in order to escape cold weather. People who avoid their winters in this way often complain of feeling that they have missed something that would have made them enjoy life better, not to speak of feeling more invigorated in health. Our ancestors, having passed countless winters in their successive lives, had their physical nature so modified that it demanded the cold season to complete the health cycle of the year. This nature they have transmitted to us, their descendants, so that we demand it also.

Congressman Webb's Wife a Good Dresser. Asheville Citizen. Mrs. Edwin Y. Webb, wife of the United States Congressman of this State, has startled society at the capital with her eccentric gowns. One of the New York papers has a picture of Mrs. Webb, in a unique costume. It is pineapple fibre and was made in the Philippines. Mrs. Webb is considered one of the best dressed women in Washington.

Renewed Hope For The Ultimate Recovery of Senator Tillman.

Washington Dispatch, 21st.

The continued improvement in the condition of Senator Benjamin R. Tillman, of South Carolina, has inspired renewed hope of ultimate recovery from his present serious illness. In the opinion of his physicians the chances are now much in his favor.

There has been some abatement of the paralysis and to-day he regained the use of his right arm and leg to a limited extent. He is now able to speak. The change for the better was said to be most remarkable and was attributed to the Senator's temperate life, strong physique and his generally good condition. The favorable developments in his illness were considered very exceptional; in fact, his case was looked upon as one in ten thousand. He is responding admirably to the medical treatment and it is said the power of speech may be re-established.

Dr. J. W. Babcock was so encouraged by the present condition of Mr. Tillman that he left Washington to-night for Columbia, S. C. Before boarding his train he gave the following statement to the Associated Press:

"Mr. Tillman has not lost any ground in the last 24 hours. On the contrary, he has gained somewhat in the use of his right arm and leg, which have been completely paralyzed heretofore. His power of speech also is improving. He is taking nourishment well and his bodily functions are normal. The Senator is sleeping well and the outlook is very much more encouraging in every way."

If the Senator's condition continues to improve he may be able to leave for his home in South Carolina in a month or six weeks, but hardly before. In all likelihood he will not be permitted by his physicians to occupy his seat in Congress during the present session.

AFTER FOUR YEARS OF MISERY

Cured by Lydia E. Pinkham's Vegetable Compound

Baltimore, Md.—"For four years my life was a misery to me. I suffered from irregularities, terrible dragging sensations, extreme nervousness, and that all gone feeling in my stomach. I had given up hope of ever being well when I began to take Lydia E. Pinkham's Vegetable Compound. Then I felt as though new life had been given me, and I am recommending it to all my friends."—Mrs. W. S. Pond, 2307 W. Franklin St., Baltimore, Md.

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound. It has cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, and nervous prostration, after all other means had failed. If you are suffering from any of these ailments, don't give up hope until you have given Lydia E. Pinkham's Vegetable Compound a trial. If you would like special advice write to Mrs. Pinkham, Lynn, Mass., for it. She has guided thousands to health, free of charge.

For making fine, rich, or plain food, equally valuable and saving. Indispensable For Home Baking

Help the Rural Carriers. The following thoughtful paragraph is clipped from the Statesville Landmark: "A great many of those who enjoy the benefits of a daily mail by rural free delivery probably don't appreciate the service as they should and don't make the life of the carrier as easy as they should. Along this line a carrier suggests that the roads be kept in better condition; that mud holes and washouts be kept filled; that obstructions, such as plows, buggies, trash piles, stumps, wagons, etc., be kept from around the mail boxes, as they scare horses; that patrons stamp their letters and postcards and not have carriers do so much licking of stamps for them."

IN WASHINGTON, D. C., EVERYBODY KNOWS

COL. WILLIAM CAMP.

I find Pe-ru-na very valuable for rebuilding of a worn and tired system.

CHIVALROUS, high-minded, impulsive, generous, courteous, courageous, loyal, a believer in good fellowship, a lover of home, magnanimous to enemies, true to friends, is a reputation that any man may well envy. No man better exemplifies this description than Col. William Camp, whose testimonial is given below. His unique figure and charming personality is well known in the streets of the capital city of the United States. His word is as good as his bond. His frankness and truthfulness no one has ever questioned that knew him. Read what he says concerning Peruna.

"I write to say that I have used Peruna and find it a very valuable remedy for coughs or colds and rebuilding of a worn and tired system, dissipating and eradicated that old tired feeling."—Col. William Camp, 1740 L St., N. W., Washington, D. C.

you could sleep but little at night, but Peruna cured that tired, all-gone feeling, and made me feel like a new man, so I heartily recommend it to all who are weak and run down. It will give new life and energy. Peruna is the greatest tonic on earth, and a perfect system builder. "A friend advised me to take Peruna for indigestion, and it cured me in a short time. I was very weak and ner-

100 Bushels Corn Per Acre

You can build up your farm to produce 100 bushels of corn per acre, and even a bigger yield by systematic rotation, careful seed selection and good plowing with good implements, proper cultivation, and

By Using Virginia-Carolina Fertilizers liberally. Accept no substitute. If your dealer is out of these fertilizers, write us and we will tell you where to get them. Write for a free copy of our 1910 Farmers' Year Book or Almanac. It will tell you how to get a big yield of corn.
