DEATH OF HON. R. Z. LINNEY.
Dropped Dead as He Was Entering His Law Office Last Friday.

Taylorville Dispatch, 15th.

Hon. R. Z. Linney died suddenly at his office here at 3 o'clock to-day. He had driven into town from his farm 2 miles and, seemingly in his usual health and fine spirits, hailed and had a pleasant word as usual for his friends as he passed them on the street. He was accompanied by Lawyer R. B. Burke to his office in his store block near the depot and when he arrived at the door he made an effort to turn the lock, but unable to do so, asked Lawyer Burke to open the door for him and while he was doing this he heard Mr. Linney fall heavily to the floor behind him. Medical aid was summoned at once, but before the doctor arrived he breathed his last, dying in less than five minutes after he fell.

Mr. Linney was born in Rutherford county in 1841 and was educated in the common schools. He served in the Confederate army and was seriously wounded at the battle of Chancellorsville. He was admitted to the bar in 1868 and served three terms in the state senate. He was elected to the Fifty-fourth Congress as Republican from the Eighth district, and re-elected to the Fifty-fifth and Fifty-sixth Congresses. His last years have been spent in active practice of his profession at Taylorville. From his aggressiveness in political debate, coupled with his huge physical proportions, Mr. Linney earned the sobriquet of "Bull of the Brushy Mountains," a small range lying within view of his home. He was high in party councils and attained fame in Congress and on the stump as a fearless orator and one seldom worsted in debate.

In the death of Mr. Linney the State of North Carolina has lost one of her most prominent citizens and the bar of the State one of its brightest lights. He was married in 1865 to Miss Dorcas Stevenson. To this union were born six children—four daughters and two sons—all of whom survive him. They are: Solicitor Frank Linney of Boone, Dr. Rom Z. Linney, Jr., of Hopeton, Okla., Mrs. J. W. Hendon of Stony Point, Mrs. W. D. Deal of Taylorville, Miss Hester C. Linney of Roanoke, Va., and Miss Blanche C. Linney of New York.

JUDGE GEO. P. PELL.
Gov. Kitchin Appoints Geo. P. Pell Judge of 11th District.

Raleigh Evening Times, 16th.

Gov. Kitchin yesterday appointed George P. Pell judge of the eleventh district to fill the unexpired term of Judge E. B. Jones, resigned.

This appointment will create no little surprise in many quarters, as it was thought by many that either J. C. Buxton or C. O. McMichael would land the position. It is generally understood that Mr. Pell will not be a candidate before the convention this year, and that the field will be left to Buxton and McMichael, or some other man. Governor Kitchin said he was aware of the fact that Mr. Pell was not a candidate and will not be a candidate before the convention.

This is not the first time an appointment has been made under similar conditions. In 1890 when Judge Shipp died, W. A. Hoke, M. H. Justice and J. J. Vann were candidates for the appointment to fill the unexpired term. Governor Fowle, after looking over the field, appointed M. L. McCorkle, of Newton, with the understanding that he would not be a candidate before the people. When the convention came around Hoke was nominated and elected.

Another similar case was the appointment of General James Gordon to be United States senator from Mississippi a few months ago. He only served a brief time until the people selected a successor.

Mr. George P. Pell was born in Raleigh and is a son of the late Rev. Dr. William E. Pell, founder of the Raleigh Christian Advocate. Young Pell worked several years here in the newspaper field before taking up law. Mr. Pell is widely known throughout North Carolina by lawyers. He was secretary to the commission which revised the code and gave us the Revision of 1905. Since then Mr. Pell has written and published a book known as "Pell's Revision," which is considered one of the most valuable publications of recent years to the legal profession.

Mr. Pell is an upright man with considerable legal ability, and doubtless fill the high position with credit.

Lightning Bolt Kills Boy and Seriously Shocks a Companion.

Salisbury Special, 17th, to Charlotte Observer.

A fierce rain and electrical storm with fatal results passed over Salisbury and vicinity last night about 9 o'clock. For a time the city was in darkness and the street cars were out of commission. A party of five boys were fishing near the old Achenback place on Grant's creek about two miles from the city and were sitting around a fire which had built when the storm broke upon them. A fierce bolt of lightning struck in the midst of the party and Charlie, the 16 year-old son of Mr. J. J. Correll, who lives on West Franklin street, was instantly killed; Floyd Bost, also about 16 years old, and a son of Mr. E. J. Bost, a neighbor of the Correll family, was injured so badly that it was at first thought he too was dead, and he is still in a critical condition, while Kerr Ritchie, a young son of Mr. Luther Ritchie, also of this city, was painfully burned on one side.

There were two other boys in the party, one a brother of the dead Correll boy and the other of the injured Bost boy. Correll remained with the dead and injured while the unincurred Bost boy and young Ritchie made their way to the nearest house and told of the affair. Parties at once went to the scene and the remains of Correll and the badly injured Bost lad were brought to the city and taken to their respective homes. When the bolt struck young Bost he was knocked over in the fire and it is fortunate that he was not burned to death.

Patterson Should Resign.

Charlotte News.

The action of Governor Patterson in pardoning Duncan Cooper even before a petition had been made for pardon, and without the introduction of any new evidence, has been generally condemned by the press of the nation. Scarcely a paper has failed to censure this blatant display of favoritism, and many are calling for the resignation of Patterson. He is not the type of politician who adds glory to the cause of justice and right. Investigation discloses the fact that Patterson has not only set at naught the verdict of the trial jury, judge and supreme court in this notable case, but that during his term of office he has issued over 900 pardons—over 150 of which were to murderers. Naturally enough the public is wondering what is the use of a jury system, of judges and other trial officers if one man is to stand in the way of law and make null and void all verdicts of justice.

Poisoning of Dogs.

Lumberton Rehearsal.

Some miscreant—whether his name be singular or plural we know not—seems to have started on a dog-poisoning crusade. It is a pretty sneaking mean thing to do to poison a man's dog apparently without rhyme or reason. One has just as much right to poison one's horse or cow, and more anger would hardly be stirred.

Let it be understood that it doesn't cost a cent to enter this contest. There is no string attached to it, either. If you raise the most corn on one acre you'll be the winner. What THE NEWS-HERALD desires is a larger yield of corn in Burke county, and the paper is willing to offer these premiums to get it, and the paper is paying for the premiums, too. Therefore the farmer is the one most benefited.

In ample time judges will be selected to measure the ground, see the corn and make the awards.

All desiring to enter the contest will be required to register at THE NEWS-HERALD office and the names and addresses of all contestants will be published. It is desired that it be a square deal all around and we shall endeavor to make it so.

We are authorized by the Morganton Hardware Co. to say that in addition to THE NEWS-HERALD'S first prize they will present to the farmer making the best yield of corn on one acre a No. 13 Oliver Chilled Plow.

The Quaker Meadows Dairy, Mr. C. M. McDowell, proprietor, will also add to our prizes as follows: First, a fine Jersey or Guernsey calf; second, a fine Poland China Pig; third, two dollars in cash; fourth, one dollar in cash.

Presnell & Hogan add a \$5.00 pair of Hamilton-Brown shoes to the second prize and L. I. Davis & Son a \$5.00 pair of "Just Right" shoes to the third prize.

Here are nearly a hundred dollars in prizes to go to the four farmers making the best yields of corn on an acre. Begin now and win one of them.

And in the meantime, if you

are not already a subscriber to THE NEWS-HERALD, bring or send in your subscription that you may keep up with the corn contest, and also keep posted on the general news of the day.

Few of Them Left.

Morganton Equivocal.

Old Uncle Dock Edwards, formerly a slave belonging to Mr. Allen Edwards of Burnsville township, Anson county, is living in the same cabin, near the Union and Anson county line, he was living in when the slaves were freed and has been living in that same cabin since before the civil war. Uncle Dock's wife died about two months ago and since that time he has been living alone in his cabin. We learn that the former owner of this old colored man gave him a parcel of land, on which his little home is situated.

Foley's Kidney Remedy will cure any case of kidney and bladder trouble not beyond the reach of medicine. No medicine can do more. W. A. Leslie.

HAIR HEALTH.

If You Have Scalp or Hair Trouble, Take Advantage of This Offer.

We could not afford to so strongly endorse Rexall '93' Hair Tonic and continue to sell it as we do if we were not certain that it would do all we claim it will. Should our enthusiasm carry us away, and Rexall '93' Hair Tonic not give entire satisfaction to the users, they would lose faith in us and our statements, and in consequence our business prestige would suffer.

Therefore, when we assure you that if your hair is beginning to unaturally fall out or if you have any scalp trouble, or Rexall '93' Hair Tonic will promptly eradicate dandruff, stimulate hair growth and prevent premature baldness, you may rest assured that we know what we are talking about.

Out of one hundred test cases Rexall '93' Hair Tonic gave entire satisfaction in ninety-three cases. It has been proved that it will grow hair even on bald heads, when, of course, the baldness had not exceeded for so long a time that the follicles, which are the roots of the hair, had not become absolutely lifeless.

Rexall '93' Hair Tonic is vastly different from other similar preparations. We believe that it will do more than any other hair man agency toward restoring hair growth and hair health. It is not greasy and will not gum the scalp or hair or cause permanent stain. It is as pleasant to use as pure cold water.

Our faith in Rexall '93' Hair Tonic is so strong that we ask you to try it on our positive guarantee that your money will be cheerfully refunded without question or quibble if it does not do as we claim. Certainly we can offer no stronger argument. It comes in two sizes, prices 50 cents and \$1.00. Remember you can obtain it only at our store,—The Rexall Store. W. A. Leslie.

Catarrhal Asthma and Hay Fever.

Tens of thousands of sufferers from hay fever and catarrhal asthma find great comfort and quick relief by breathing Hyomei.

Of course where asthma is not caused by a catarrhal condition, but by nervous contraction of the bronchial tubes, Hyomei is not recommended.

But in a case of asthma where there is a discharge of mucous, breathing Hyomei gives most wonderful relief by soothing the irritated and highly inflamed membrane.

Mr. W. A. White, R. F. D. No. 1, Evansport, writes: "I have been bothered with asthma for over five years but could not get any relief until I tried Hyomei. I have spent lots of money on remedies for asthma and it could not get another bottle I would not be without Hyomei for \$50. I recommend it."

A complete Hyomei outfit, including hard rubber pocket inhaler, costs \$1.00 with instructions for use in hay fever and asthma. Extra bottles of Hyomei cost 25c.

Georgia Town Almost Wiped Out by Heavy Storm.

Talbotton, Ga., Dispatch, 17th.

Although nearly every building in the little city of Woodland, near here, was damaged by the terrific wind and hail storm which struck that place yesterday afternoon only one person, Jack A. Brady, was injured. We was painfully, though not seriously hurt. Reports from the surrounding county greatly increase the property damage, and say that many horses, cows and other live stock were killed by falling trees.

The storm began early in the afternoon and continued with gathering intensity until after midnight. Several buildings were almost totally destroyed while many more were unroofed and houses damaged. Only two residences in the town escaped damage. It is impossible at this time to estimate the loss in Woodland alone while the damage to the timber and growing crops in that vicinity will be large.

The city school building, the Baptist church and a drug store were totally demolished, while twenty-two other buildings were badly damaged, some of them so badly that they will have to be rebuilt.

Almost without exception the residents lost all of their household goods and many are homeless and in distress. Buildings only slightly damaged in comparison were left in such a condition that their entire contents were ruined by the wind, rain and hail.

Mayor W. T. Smith to-day issued a statement calling on the outside world for aid.

That more were not injured is regarded as miraculous. For hours debris and wreckage filled the air. Many narrow escapes are reported.

A peculiar freak of the wind is that it is said to have carried away several negro children; they have disappeared during the storm and a diligent search to-day failed to reveal their whereabouts.

What North Carolina Papers Do.

Raleigh Times.

A company of gentlemen were discussing some matters the other day when one of them remarked that North Carolina not only leads the country in the production of a great many things, but that her newspapers lead the country in telling about it. That is to say the newspapers of no other State so persistently keep before the public the resources, and the achievements, industrially and otherwise, of their respective States as do the North Carolina papers.

The gentlemen could not have paid the State papers a better compliment. They are deeply interested in the State and are doing what they can to make it the best State of all. Of course it is that now in many respects, but there are many things to be done, many opportunities to be grasped, many social, economic and industrial evils to be remedied. So true is this that only a start has been made in development.

ONE CONDUCTOR WHO WAS CURED.

Mr. Wilford Adams is his name, and he writes about it—"Some time ago I was confined to my bed with chronic rheumatism. I used two bottles of Foley's Kidney Remedy with good effect, and the third bottle put me on my feet and I resumed work as conductor on the Lexington, Ky., Street Railway. It gave me more relief than any medicine I had ever used, and it will do all you claim in cases of rheumatism." Foley's Kidney Remedy cures rheumatism by eliminating the uric acid from the blood. W. A. Leslie.

HIDDEN DANGERS.

Nature Gives Timely Warnings That No Morganton Citizen Can Afford to Ignore.

DANGERSIGNALNO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGERSIGNALNO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here's Morganton proof:

J. M. McCalliard, of Morganton, N. C., says: "I suffered from weak kidneys for several years. At times there was a dull ache across the small of my back and accompanying this, was a difficulty with the kidney secretions. I finally began using Doan's Kidney Pills and they gave me great relief. I now feel stronger in every way and my kidneys are more normal. I heartily recommend Doan's Kidney Pills as the best for the benefit I have derived from their use."
