### WEST SENTENCED TO DEATH.

His Associate Gets 30 Years in the State Prison—Both Tried For the Murder of Officer Mumford—Others Sentenced to Terms in Prison.

Wilson Special, 17th, to Charlotte Observer.

The trial of Lewis West and Ed. Purcell, alias Stetson, charged with the murder of Deputy Sheriff Geo. Mumford here February 3, terminated this afternoon with verdicts of guilty of murder in the first degree as to West and guilty of murder in the second degree as to Purcell. Judge Adams warned the spectators before the jury was brought in not to attempt any demonstration, and his warning had the desired effect. Not a sound was uttered as the foreman's words sealed the doom of Deputy Mumford's murderer and swept away all hopes of Purcell being a free man for many years to come. Although some people expected first degree verdicts as to both men, the result of the trial meets with general satisfaction.

Immediately following the announcement of the verdict in the murder case, the other members of the West gang of desperadoes were put on trial for various offenses. Dave Young, Will Lane, Jim Simms and Matthew Mebane, alias Brodie, were charged with conspiracy, entered into to rob the hardware store at Dunn. Lewis West testified against them all, following which the four defendants mounted the stand and admitted the plot formed here and executed that night at Dunn. These four men, together with Wade Williams and Tom Smith were also charged with carrying concealed weapons. Mary Young was convicted of conducting a disorderly house.

In a private statement made this afternoon in the presence of the Observer correspondent, Lewis West said he was sorry he committed the crime and gave drinking and keeping bad company as the cause of his downfall. He is 23 years old, he says, although he looks much older.

[West was sentenced to be electrocuted May 5 and Stetson was given 30 years in the State prison, the full penalty for second degree murder. Matthew Mebane, alias Brodie, was sentenced to 11 years for robbery and carrying concealed weapons. Dave Young, four years for conspiracy to rob and carrying concealed weapons. Will Lane and Wade Williams two years each. Mary Young one year. The cases against Tom Smith and Jim Simms were continued.]

Dr. Dixon is now pastor of the Moody church, in Chicago, which is a Congregationalist society and one of the largest churches in this country. It is believed that Dr. Dixon will accept the call.

### Col. Harvey Booming Gov. Wilson.

Savannah, Ga., Dispatch, 17th.

"A careful diagnosis of the present temper of the people clearly indicates that if an election were held to-morrow, a Democratic candidate regarded by the people as less progressive than President Taft would be defeated, and that a candidate generally recognized as being more progressive, more liberal, more radical, if you like, than President Taft would almost assuredly win."

So declared Col. George Harvey, of Harper's Weekly, in regard to the next presidential campaign, in the concluding address at the 99th annual banquet of the Hibernian society here to-night. He concluded:

"Let the apportionment of responsibility be even. The West has furnished the party as well as the opposition with the majority, though not the greatest, of its issues. The South is to enforce harmony and amalgamation. The East presents the man—Woodrow Wilson, the highly Americanized Scotch-Irishman descended from Ohio, born in Virginia, developed in Maryland, married in Georgia and now delivering from political bondage the State of New Jersey.

These two statements from the framework of Colonel Harvey's address on "The Problems, the Solution and the Man," or reduced to plain English, for the chance the Democratic party has of electing a President in 1912. With Governor Wilson, of New Jersey, as the candidate, Col. Harvey sees the party's success.

### Notable Event.

Knoxville Daily Journal and Tribune, 17th.

It is with real delight and genuine pleasure that the hosts of friends in this city have learned of the marriage of Mr. George Halbert Smith and Miss Nora A. Laxton on Thursday evening at 7:30 o'clock at the parsonage of the Rev. Heber D. Ketchum of the First M. E. church, who officiated, there being present friends and near kindred of the contracting parties who witnessed the solemnization of the marriage rites.

Mr. Smith has been prominently connected with the Callahan Construction Company for some time, and is a young man of sterling qualities, strict honesty and splendid business ability; he possesses all the virtues and attributes of a successful young man in his chosen field of endeavor.

Miss Laxton is the fair daughter of Mr. R. P. Laxton, of Perkinsville, Burke county, N. C., being a most popular young woman, both beautiful, gracious and hospitable. It is certain that she will light the pathway of the fortunate groom with the glory of her winsome smiles, and cheer him along with the loving sympathy of her sweet and genial companionship.

Their numerous friends and acquaintances extend this young couple their warmest and heartiest congratulations, wishing them well in temporal prosperity, and feeling as they do that this union of hearts will be fraught with the richest of joys and all the happiness that comes to those who join that blissful army of conjugal life.

### \$20,000 OF GOODS IN A SINGLE DAY.

Record Pace Set By Lynchburg Salesman—Due to "Big" Advertising.

Lynchburg Advance.

Twenty thousand dollars for a single day's work is a record set by a Lynchburg salesman, according to reports at the home office here.

This pace was set in Atlanta for Lynchburg-manufactured goods the other day by George Haugh, a representative of the Craddock-Terry Company.

When asked to-day about this record day's work, C. G. Craddock, the sales manager for the company, confirmed the statement and added that he thought it was due to the extensive advertising campaign in the Southern territory. "Our patrons are increasing their business in this same city," said Mr. Craddock, "for I find that some of our largest customers have this year doubled their last year's orders—and it is, in my opinion, due to bigger advertising."

**Should Have Protection.**

Mooreville Enterprise.

With \$90,000,000 of property in Mexico, the Americans have a perfect right to demand of the United States government the protection needed in that country to hold intact their interests. Frequently we hear grumbling and murmurings about the government furnishing troops to protect the interests of J. P. Morgan and other millionaires and financiers, but we have failed to see why these men are not entitled to their demands. If the government should go bankrupt, or if we need to sell bonds, these same financiers are the ones who take over the papers and furnish the collateral. The capitalists are just as essential to our national life as the farmer or laborer.
