Keep the Plows Going. rogressive Farmer.

From now until spring, every day that the land is in condition, the plows should be going. It is of College of Embalming. true that some lands may wash a fees his services require rebr aking, unless the farmer has a di k harrow to use, but in any case the benefits are likely to outweigh the disadvantage. It is almost certain that if the breaking of the land is left until just before planting the man who uses a one-horse plow. and in many cases the men who use two-horse plows, will think it necessary to burn the grass and "trash" off the land in order to do what they call "a good job of plowing," In such cases, the land is not

only robbed of the thing it most needs, but it is also practically impossible to prepare a good seed t Engines and Boilers, bed if the breaking is delayed until just before seeding. On The "K" Peerless Engine the surface it may look as if a Boller on wheels. Good better seed bed had been pre- pared, but a loose condition does 10 Liddell Stationary En- not necessarily mean a good seedbed, and this is especially true if rain does not come soon. We complain often of the rush of spring work and give as an ex H. P. Boiler on sills, cuse for half doing some things lete. A bargain at \$125 .- and leaving other things entirely undone that there is not time in of this rush of spring work is due to the fact that we leave much STATESVILLE, N. C. of the preparation which could and winter until spring. Some does not do this. If this be true, do not take advantage of this pion ear. Morganton to meas- condition. The chief cause is probably a lack of system in farm

John Ross Reprieved by Governor.

management.

John Ross was not electrocuted today for the murder of Mr. and any amount of mer- Mrs. John Dixon near Shelby, Dec. 17, as scheduled. He has been reprieved by Gov. Kitchin to April 12th in the hope that he will be induced to make a full and clear statement of the murder, that will lead to the punishment of others who officials believe were necessarily accessory to the brutal crime.

Preparations for the electrocution to take place at 10 o'clock where going forward at 9 o'oclock covery of the champion ear, it when the reprieve was served on | would be enough. And in proof Warden Sales. Those who talked of this fact, here is the story as with Ross before the news or the he told it himself: reprieve was brought to him, say he persists in his statement given in the court that he met Frank Gladden in the road and that Gladden asked him to help kill the Dixons, and that he did kill John Dixon with an axe and that Gladden went to the house and killed Mrs. Dixon, leaving the little child, fourteen months old, beside her,

Gladden was tried at Shelby and acquitted a few weeks ago. There were here today for the expected electrocution Sheriff Wilkins, and Mr. Kline, father o' Mrs. Dixon.

Gov. Wilson has declined an invitation to speak in Ohio. He says it would be discourteous for him to invade Ohio in view of the fact that Gov. Harmon, of that State, is also a candidate for President.

Here is a message of hope and good cheer from Mrs. C. J. Martin, Boone Mill. Va., who is the mother of eighteen children. Mrs. Martin was cured of stomach trouble and costipation by Chamberlain's Tablets after five years of suffering, and now recommends these tablets to the public. Sold by all

Mr. Kellogg as the originator and manufacturer has a deep interest in the develop ten thousand bushels of corn a day for the making of its procompetition for the best single ear of corn until won twice by the same producer. The fact only from selected white corn, while the winning ear was pronounced yellow type, was a peculiar feature.

The Ke logg trophy was won in I910 at Columbus, Ohio, by R. A. James of Charleston, Ill., " 'Well,' I said, 'do you think with a magnificent ear of Reid's Yellow Dent, but not so perfect an ear as that which originally won the trophy and which has become known as "the best ear "I picked it up and looked it

of corn ever grown." The next award of this trophy will be made at the next National Corn Exposition, which will be held in February, 1913, at Columbia, S. C. It is planned to make this exposition much broadpast, and consequently a longer time will be required for prepa- the Democratic nomination for ration, Speical buildings are being erected for the exposition, the main building to be 400 by 167 feet, ground measurements. The show will last ten days. The state of South Carolina has appropriated \$40,000 for the expenses of the exposition and the prospect is that Dixie will "do herself proud" in an effort to make this exposition the greatest f its kind ever held.

PARROT AS GERM CARRIEF Physician Finds the Bird Is Subject to Disease Human Beings May Contract.

Better not keep a parrot. A physi-

cian has discovered that birds of this

species are subject to a disease called

paittacose, which is peculiarly conhat you would buy an aeroplane." tagious, and may easily be contracted by human beings. As a germ carrier in fact, the parrot is unrivaled. \$100 REWARD, \$100.3 Now the Office Window is not par ticularly afraid of germs. They may be quite as bad, quite as dangerous, as they are represented. But what is the use of trying to get away from them? We cannot eat, drink or breathe without taking in germs. We associate with them from morning till night. They are bound to work their will with us anyway-so we may as well ignore them and have as good a time as we can, before they get us. Take Hall's Family Pills for constipation. But the Office Window is perfectly willing to take advantage of the

Farmers Need Itgerms as an ally against the parrot. This preposterous bird has nothing to recommend him except his unlikeness to the bird species. He does not sing, but squawks. He is regarded as worthless unless he can "talk," in a kind of harsh resemblance to human speech. He is neither bird nor human; he is a disorderly episode in creation. He grates on the poetic creation. He grates on the poetic soul. He is a nuisance.—New York Mother Earth give you a bare living.
