

As a Southern man I am utterly opposed to aiding New England and the North in so using the tariff as to put down the price of the things they buy from us...

MR. NEWLAND NOT IN THE RACE FOR GOVERNOR.

Lieutenant-Governor W. C. Newland, passing through Raleigh last Saturday, authorized the News and Observer to state that he is not in the race for Governor of North Carolina.

"I have decided not to enter the race for Governor this time for the reason that there seems to be an understanding that Mr. Craig was virtually promised the nomination four years ago...

"I have had a great many offers of support from all over the State and to those friends I want to express my highest appreciation and gratitude."

The News and Observer adds and THE NEWS-HERALD heartily accords that Mr. Newland's declaration that he prefers to see the party united and at peace, will be taken from him at its true value.

And further that "Governor Newland is well known over the State and his candidacy, had it been announced, would have found many distinguished Democrats supporting it."

ROBERT L. TAYLOR PASSES.

Hon. Robert Love Taylor, senior United States Senator from Tennessee, died in Washington last Sunday, unable to withstand the shock of an operation performed last Thursday.

"Fiddling Bob" Taylor, as he was known to all the country, because he played his way into the hearts of his violin wherever he campaigned, was 61 years old.

Bob Taylor was one of the most original characters the South has ever produced. A man of polish and ability, yet he made himself at home with the humblest of the people, and the people loved him, as was evidenced by the honors bestowed upon him all through his life.

Sweet peace to his ashes.

Iowa's Champion Bread Baker.

Little Lois Edmonds, who won the title of champion bread-baker of Iowa in a contest in which she had 14,000 competitors, has been on a visit to President Taft in Washington.

Lieut.-Gov. Newland has good ground for a suit for damages against the Raleigh News and Observer. In last Sunday's issue of that paper, the interview in which the Lieutenant-Governor states that he will not be a candidate for the Democratic nomination for Governor, is accompanied by a double column cut of "Lieutenant-Governor W. C. Newland" - the picture of a good looking man but not that of Mr. Newland.

New York Judge Assigns Tar Heel Woman to Defend Negro Charged With Murder.

New York Dispatch, March 29th.

For the first time, so far as is known in the legal history of the country, a woman lawyer today was assigned as chief counsel to defend a prisoner accused of murder. The attorney is Miss Lucile Pugh, more than ordinary good looking, and a member of the exclusive Pugh family of North Carolina.

When arraigned before Judge Swann, in General Sessions, today, Poindexter pleaded not guilty and announced that he had no money to employ counsel. Judge Swann sent for Miss Pugh and asked if she would undertake the case. She consented, and was formally assigned, the assignment carrying with it a fee of \$500 from the State.

Miss Pugh is an ardent suffragette and her good looks created somewhat a sensation when she came into court. She affects a somewhat mannish style of attire, wearing a swallowtail coat and a derby. Poindexter seemed greatly pleased over the action of the court, and whispered to the attendant who had him in charge that if his lawyer could not get him acquitted he "deserved to be electrocuted."

Hickory to Have Laymen's Movement.

Hickory Correspondence, April 1st.

Hickory is making elaborate preparations for the Laymen's Missionary Convention to be held in the Corinth Reformed Church on Wednesday and Thursday, April 17th and 18th. A fine program is being arranged. Two speakers already secured are Dr. Egbert W. Smith of Nashville, one of the Missionary Secretaries of the Southern Presbyterian Church, and Dr. C. F. Reid, of Nashville, at the head of the Laymen's movement in the M. E. Church, South.

There will be no admission fee, and all are invited. Dr. Len G. Broughton, speaking before a large audience in the auditorium in Raleigh Sunday afternoon on the question, "The World's Need of Men," declared that the political parties were throwing their search light across America in the effort to find men who could get votes, and he hoped that the Democratic party, with which he had always been identified, would have the wisdom to nominate Woodrow Wilson.

For rheumatism you will find nothing better than Chamberlain's Liniment. Try it and see how quickly it gives relief. For sale by all dealers.

Call For Republican Primary and County Convention.

The Republican State convention for the election of delegates to Republican convention for nomination of a candidate for President having been called to meet in Raleigh early in the month of May, and the Republican convention for this Congressional district for the election of delegates to the National convention and nomination of a candidate for Congress having been called to meet in Hickory on the day previous to the convention in Raleigh, it is necessary that we hold an early convention for election of delegates to these two conventions.

Therefore, a County Convention for this county is hereby called to assemble in Morganton, on Saturday, the 27th day of April, 1912, at 1 o'clock p. m.

The primaries of the various townships and precincts will call and hold their township primary at the usual voting places on Saturday, the 20th day of April, 1912, at which they will select delegates to the County Republican Convention to be held in Morganton on the 27th day of April, 1912.

Glen Alpine Jottings.

Correspondence of The News-Herald.

A man told me the other day that the country, between Morganton and Marion was the best located of the western Piedmont section. He simply told the truth. Climatic conditions, good health and water, no place in the State will equal it.

Morganton has only to reach out and claim her own. When will she awake to her possibilities and opportunities. A modern up-to-date, well-equipped in every respect hostelry would be one of the means, and others would follow.

Mr. J. D. Pitts is rapidly rebuilding his mill plant and when done it will be larger than the old one and in better shape to handle his large business. Rumor has it that quite a number of new dwellings will be erected here this year.

Our county fathers are taking into consideration the building of a bridge across the Catawba at what is known as the White ford, which is in a direct line to the Linville section. With this bridge and one over Linville it will give those people an outlet they have long needed.

The Glen Alpine High School, in spite of measles and other draw backs, will show a good record. The closing exercises will be some time next month. Mr. R. C. Tallent, on going into his smoke house Monday morning, met with quite a surprise. Several of his hams were gone. Dick was considerably frustrated. Visions of spring cabbage and ham had "gone up in smoke." One consolation - the "slick duck" did not take all his meat.

Easter services will be held at the Methodist church Easter Sunday by Rev. J. P. Hornbuckle, JAP.

Glen Alpine, N. C., April 3, 1912.

ACTUAL STARVATION.

Facts About Indigestion and Its Relief That Should Interest You.

Although indigestion and Dyspepsia are so prevalent, most people do not thoroughly understand their cause and cure. There is no reason why most people should not eat anything they desire - if they will only chew it carefully and thoroughly. Many actually starve themselves into sickness through fear of eating every good-looking, good-smelling, and good-tasting food, because it does not agree with them.

We believe we can relieve Dyspepsia. We are so confident of this fact that we guarantee and promise to supply the medicine free of all cost to every one who will use it, who is not perfectly satisfied with the results which it produces. We exact no promises, and put no one under any obligation whatever. Surely, nothing could be fairer. We are located right here and our reputation should be sufficient assurance of the genuineness of our offer.

We want every one troubled with Indigestion or Dyspepsia in any form to come to our store and buy a box of Rexall Dyspepsia Tablets. Take them home and give them a reasonable trial, according to directions. Then, if not satisfied, come to us and get your money back. They are very pleasant to take; they aid to soothe the irritable stomach, to strengthen and invigorate the digestive organs, and to promote a healthy and natural bowel action, thus leading to perfect and healthy digestion and assimilation.

A 25c package of Rexall Dyspepsia Tablets furnishes 15 days' treatment. In ordinary cases, this is sufficient to produce a cure. In more chronic cases, a longer treatment, of course, is necessary, and depends upon the severity of the trouble. For such cases, we have two larger sizes, which sell for 50c. and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store - The Rexall Store, W. A. Leslie.

Entirely to the Good.

Charlotte Observer.

The Waynesville Courier presents cuts showing the five best and the five second best ears of corn exhibited at Waynesville on seed corn day. They look better than faces of candidates to us.

Just another way of saying "more corn is good politics." Well, then, our sentiments - Waynesville Courier. And ours, too.

You will look a good while before you find a better medicine for coughs and colds than Chamberlain's Cough Remedy. It not only gives relief - it cures. Try it when you have a cough or cold, and you are certain to be pleased with the prompt cure which it will effect. For sale by all dealers.

North Catawba Notes.

Correspondence of The News-Herald.

The school at Amherst Academy closed last Saturday night. Everybody reports a good time. The negro minstrel was very good. The McCall and Smith string band furnished music.

Mr. Ora Benfield has been very sick for the past week, but we are glad to hear that he is improving rapidly. Miss Grace Tilley is very sick at this writing.

Mr. Parks Gwaltney left last Monday for California, where he will make his home for awhile. The farmers are interested in a telephone line from Rutherford College to near Amherst Academy, which will be built right away. Also, there will be one built from Hudson, N. C., to the same point, which will be a great help to our community.

There will be a public debate at Amherst Academy April 20th, 1912. Every body invited. Mr. Frank Smith has been elected secretary and treasurer of North Catawba Sunday school. There will be a box supper at Amherst Academy about the last Saturday night in this month.

The farmers are behind very much breaking corn land. Rev. A. W. Setzer, of Maiden, N. C., has an appointment at North Catawba church the first Saturday and Sunday in this month.

Mr. Joe Whisnant, son of Mr. E. S. Whisnant, is expected home in a few days from Florida. Wheat in this section is beginning to stretch up and show its color very rapidly.

The Sunday school at North Catawba church is increasing some. April 2, 1912. SAMBO.

"My little son had a very severe cold. I was recommended to try Chamberlain's Cough Remedy, and before a small bottle was finished he was as well as ever," writes Mrs. H. Silks, 29 Dowling Street, Sydney, Australia. This remedy is for sale by all dealers.

NO ONE STRONGER THAN HIS STOMACH.

The celebrated Dr. Abernethy of London was firmly of the opinion that disorders of the stomach were the most prolific source of human ailments in general. A recent medical writer says: "every feeling, emotion and affection reports at the stomach (through the system of nerves) and the stomach is affected accordingly. It is the vital center of the body..."

Dr. Pierce's Golden Medical Discovery.

"Several months ago I suffered from a severe pain right under the breast-bone," writes Mrs. G. M. MURKIN, of Corona, Calif. "I had suffered from it, off and on, for several years. I also suffered from heart-trouble, did not know what was the matter with me. I tried several medicines but they did me no good. Finally, I was told it was my liver. I did not dare to eat as it made me worse. When I tried Dr. Pierce's Golden Medical Discovery, I took five bottles of it, and could feel myself getting better from the first dose. I could eat a little without pain and grew the first dose. I could eat a little without pain and grew the first dose. I could eat a little without pain and grew the first dose. I will say to all sufferers write to Dr. Pierce. He has my undying gratitude."

We believe that everybody in Burke that raises small grain should have a Binder. Don't you think you would rather cut and save your wheat, oats and rye when it gets ripe than wait on the other fellow? Instead of paying someone else a goodly sum to cut your grain when he gets ready, why not by paying on a machine of your own and in the meantime realize a few dollars by cutting for someone else? What do you think about it? We submit to you the Deering as the lightest running and best all around machine on the market.

We are also showing an increased line of Furniture, Hardware, Paints, Oils and Farmer's Supplies.
