For miles and miles the river Toe(in Tenn. the Nolachucky) winds its tortuous course through mountains, it seems, of solid rock. We passed through the celebrated Nolachucky gorgealong the route over which Daniel Boone wound his solitary trail. Here, high cliffs; below ran the river Toe. No sound broke the stillness except the ripple of the waters over their rocky bed or here and there the wild dash of the mountain hiding place among the crannies, save perhaps the screech of our engine as we rushed along. forganton Special, 9th, to Charlotte Observer. Mr. C. F. McKesson of this place, who was nominated a few days ago on the Republican ticket for Congress from the ninth district and who is known as one of the State's most eloquent speakers, has sent a challenge to Hon. E. Y. Webb for a series of

joint debates. Apart from the fact that Mr. Webb and Mr. McKesson are warm personal friends, they are both splendid speakers and those hearing them could feel sure of hearing an interesting discussion, free from any bitterness or per-

sonalities. [A prominent "Mooser" of Morganton, commenting on the probability of a joint debate between Messrs. Webb and McKesson, said, "It is none of our fight, and all we could say would be 'Lay on McDuff.' "]

#### HAPPY THO' MARRIED?

There are unhappy married lives, but a large percentage of these unhappy nervousness, the befogged mind, the ill-temper, the pale and wrinkled face, hollow and circled eyes, result most often from those disorders peculiar to women. For the woman to be happy and good-looking she must naturally have good health. Dragging-down feelings, hysteria, hot-flashes or constantly returning pains and aches-are too great a drain upon a woman's vitality and strength. Dr. Pierce's Favorite Prescription restores weak and sick women to sound health by regulating and correcting the local disorders which are generally responsible for the above distressing symptoms.

"I suffered greatly for a number of years and for the past three years was see had that life was a misery to me," writes Mas. B. F. DICK-OVER, of Utica, Ohio, Route 4. "The doctors told me I would have to go to a hospital before I would ever be better. A year ago this winter and spring I was worse than ever before. At each period I suffered like one in torment, I am the mother of six children. I was so had for five months that I knew something must be done, so I wrote to Dr. R. V. Pierce, telling him as nearly as I could how I suffered. He outlined a course of treatment which I fellowed to the letter. I took two lottles of 'Favorite Prescription' and one of 'Golden Medical Discovery' and a fifty-cent bottle of 'Smart-Weed,' and have never suffered much since. I wish! could tell every suffering woman the world over what a boon Dr. Pierce's medicines are. There is no use wasting time and money doctoring with anything else or any one else."

The Medical Adviser by R. V. Pierce, M. D., Buffal-N. Y., answers hosts of delicate questions about which every woman, single or married ought to know. Sent free on receipt of 31 stamps to pay for wrapping and mailing only.
