Alfred Dorn was killed and two other citizens shots, one probably fatally, by members of the state militia who had formed a dead line about the Fifteenth street plant of the Augusta, Ga., street railway company to prevent attack by strikers or sympathizers. The injured are Robert Christie

and Ben Baker. After being held at bay all night by a drug-crazed negro, Louisville Ky., policemen rushed the black's barricade and then captured him before he could make further resistance. The prisoner, Ed Jackson, was arrested on a trivial charge. He escaped, took refuge in a house in the crowded negro quarter and began firing on pedestrians and street cars. One of the policemen sent to arrest him was dangerously shot. When the police gained entrance to the house, they found two other negroes with Jackson. One of them, who attempted to rush the police, was shot down.

All doubt as to the determination of the Chinese government to reject the proposed international bankers' loan of \$350,000,000 was removed when Provisional President Yuan Shi Kai formally declined the proposal in an swer to a direct question by Sir John L. Jordan, the British minister at Pekin. News of the action has been re-

ister in London to the representatives of the London bankers' group. The seizure of a young man for ransom by Mexican rebels is announced in a telegram received at Salt Lake City, Utah, by the first presidency of the Mormon church from Junius Rom ney, its representative at El Paso Texas. Determination not to submit to home rule was expressed by 20,000 Orangemen and Unionists, residents of the county of Armagh, Ulster, Ireland. They had assembled in the birthplace of Orangeism to welcome Sir Edward Carson and other Unionist leaders. Rifles were carried by some of the battalions, into which the members of

the Unionist clubs were formed, when they took part in a great procession Count John Drashkovtich Orloff of Croatia was released from parole by Municipal Judge Sabath of Chicago to permit the count to spend a honeymoon of several months in Europe with his wife, who was Miss Mary Henrietta Sparrow, a wealthy Chicago woman. Postmasters of the five largest cities of the United States went to Washington in response to a summons from Postmaster General Hitchcock, who desired them to confer with the special committee he had appointed to work out plans for establishing the parcels post. They will be in conference with the postmaster general and his committee for several days, giving advice on a number of subjects affecting operation of the parcels post in larger cities, such as warehouse and terminal facilities, and the utilization of the present car-

rier force in the parcels post.

It has been practically decided that

President Taft will soon issue an executive order placing all fourth class postmasters in the classified service. This order, relieving 36,038 postmasters from the uncertainty of political appointment, will be one of the most comprehensive and far-reaching, as affecting the civil service ever issued. It is the concensus of opinion that all government officers below the grade of cabinet members should be removed from the influence of politics and placed under civil service, The most marked upward trend of the cost of living is disclosed in the Federal bureau of labor's report of an investigation of prices for the past ten years conducted in the important industrial centers of thirty-two states. Fifteen most important articles of food, as well as coal, comprising twothirds of a workingman's needs, were investigated. On June 5, 1912, the report shows, fourteen of the fifteen articles of food were higher than a year before, and then had advanced in the past ten years more than fifty per cent, over the average retail price for the ten-year period, 1890-1899. Negotiations for the sale of 800,000, 000 feet of timber in the Sierra national forest to a California lumber

company were announced by Chief Forester Graves. He is en route to California to close the deal-the largest ever made by the Federal forestry service. The company was high bidder for the timber, for which prices all is cut. Forester Graves says the 000 feet of merchantable timber, but that most of it is too isolated for sale, as it could not be handled profitably by the company.

Seven Are Not Punished For the Rand Affair But For Last Term's Hazing and Rowdyism-Are Making Thorough Investigation.

Chapel Hill .- As a result of investigation by the faculty of the University of North Carolina started since the death of Freshman Rand, four students were dismissed, and 12 suspended for a year. The dismissed students are A. K. Blakeney, Kershaw, S. C.; H. A. Martin, Asheville; J. L. Horton, Farmville; D. L. McWhorter, Rocky Mount. Those suspended are J. H. Burke, Bessemer City; D. G. Kelly, Clarkton; R. B. McKnight, Charlotte; I. R. Strayhorn, Durham; J. C. Tyson, Goldsboro; J. C. Dickson, Raeford; T. A. Harper, Greenville; J. B. Hughes, Black Mountain; E. L .Keesler, Jr., Charlotte; O. C. Charlotte; A. R. Parsley, Hertford.

McQuage, Salisbury; W. W. Thomas, Seven of these men were not punished for participation in the Rand affair; but for hazing last year, evidence of which came out in the faculty's investigation. These are: McWhorter Horton, Burk, Kelley, McKnight, Strayhorn and Tyson, all members of the junior class. The remainder are sophomores.

The faculty has been conducting rigid investigations for past several weeks, and is not through yet. President Venable states that the work will go on until every clue has been followed up. The sophomores were being hazed, though they were not of the party that took the freshmen from their room; nor did the participate actively in the hazing.

The juniors were punished for another offense. Last March after the banquet of the present junior class, a number of men tried to enter fresh men's room, threw rocks in the win dows and even shot into the room. Investigation was made at the time by the students council and by the faculty, but not enough evidence was accumulated. The faculty has been working steadily on the case, and only recently found the necessary evi-

Cotton Crop In Mecklenburg.

According to the estimates of those in a position to know, including Mr. Charles E. Clark, agricultural expert. Mecklenburg county will produce this year approximately 2,000 bales of long staple cotton. This is a big increase over the year previous. The record shows conclusively that the farmers of Mecklenburg county are devoting more and more attention to productive yields, which in itself is form of intensive farming that is so much to be desired. This long staple cotton is almost altogether of the Lewis variety and has a fiber that will approximate one and one-eighth inches in length.

North Carolina National Guard. Notice comes from the War Department to Acting Adjutant General Gor don Smith that Captain Henry E Eames, Twenty-eight United States Infantry and author of "The Rifle in War," an army text-book, will report for duty at Raleigh, October 1 as instructor-inspector for the North Carolina National Guards, succeeding Capt J. A. Dougherty, Eighth United States Infantry, who has joined his regiment in the Phillipines.

Wants Two Special Terms of Court. A committee from the Winston-Salem Bar Association has filed a petition with the county commissioners, asking them to petition the governor to call two special terms of court in this county, one in November and one in January for the trial of civil cases. There are 250 cases on the docket in the county now.

Sixth District Democratic Meeting. The sixth district Democratic con gressional committee meeting at Fayetteville passed resolutions recommending to the next general assembly the passage of a general primary law providing for the nomination of candidates for all political parties on common day. The committee also authorized Congressman H. L. Godwin to arrange the dates of his campaign speakings. J. C. Clifford, of Harnett, was elected chairman and Geo. Mc-Neill, of Cumberland, secretary and treasurer of the committee.

Mecklenburg Draingage Commission. The Mecklenburg Drainage Commission met at the court house in Charlotte for the purpose of hearing protests by any property owners who might object to being assessed for drainage program that is to be carried out in all parts of the county. The board, however, decided to postpone the hearing until 10 o'clock on October 29 in order that there should be no chance of any property owners affected not being informed of the intention of the board to make assessment for drainage benefits.
