Kidney Troubles

Can be Avoided.

You cannot afford to neglect the slightest kidney ailment—it's hazardous.

The poisonous waste material must be separated from the blood and if the kidneys become weakened this is impossible.

That means a poisoned system. That's why neglect means trouble—the ailment becomes chronic and results in Rheumatism or Bright's Disease.

NYAL'S KIDNEY PILLS

Assist the kidneys in their function, strengthen them and prevent the ailment from becoming chronic. They cleanse the blood and increase the circulation and supply the proper nourishment to body tissues.

They are a kidney medicine—intended for that and nothing else.

Nothing is Better than
Dr. Miles' Anti-Pain Pills

They Give Relief Without Bad After-Effects.

It gives me great pleasure to offer a word of recommendation for Dr. Miles' Anti-Pain Pills, as there are thousands suffering unnecessarily from headache. I was afflicted intermittently for years with headache and after other remedies failed, I tried Dr. Miles' Anti-Pain Pills. For the past ten years I have carried them constantly with me, getting instant relief by using one or two on the approach of headache. They are also effective for neuralgia, giving immediate relief.

Caudos was sitting in front of his store at the time he was fired upon. Viola Denford, the white woman who was shot, died at a hospital. Tampa, Fla., is all excitement over these homicides.

The extra session of the Florida legislature adjourned after two days' actual time consumed, all bills relating to Jacksonville passing both houses without debate. The session's principal work was the passing of a bill giving Jacksonville the right to bond to the sum of one and a half million dollars for the purpose of buying, equipping and maintaining municipally-owned docks. The entire expense of the session was borne by the Jacksonville board of trade.

The South Carolina Democratic executive committee, at its session in Columbia, declared Cole L. Blease, the incumbent, the Democratic nominee for governor. On the face of the revised returned Blease had a majority of 3,000.

Two Pullman sleeping cars, four day coaches and two express cars broke away from a rapidly moving Louisville and Nashville train near Elkton, Ala., plunging down an embankment, then caught fire and burned, but every passenger escaped death and less than a score received minor injuries. An express messenger who was caught in the wreckage of his car was crushed. The flames spread so rapidly that occupants of the sleeping cars were compelled to flee in their night clothing, and abandon all their baggage.

General.

William Sulzer, representative in congress from New York City, was nominated for governor of the state of New York by the Democratic state convention. It was the seventh time he had been a candidate for this nomination. His nomination came on the fourth ballot, when Governor Dix's name was withdrawn after it became evident that he had no chance.

FORTUNES IN FACES.

A PROMISING FIELD

AMETHYSTS NEAR RALEIGH AND EMERALDS NEAR SHELBY RECEIVE NOTICE.

FROM THE FEDERAL SURVEY

The Emeralds Are Especially Good—Locality Has Yielded \$10,500 Worth in Three Years—The History of Discoveries in the North State.

Raleigh.—A special from Washington states that the occurrence of amethysts at several places near Raleigh, and the importance of the Turner emerald mine, near Shelby, N. C., will receive considerable attention in the next annual report on minerals in the United States by Douglas B. Sterrett of the geological survey. In his report Mr. Sterrett will say that the new emerald locality in North Carolina has yielded gems conservatively estimated as worth \$10,500 during the last three years.

Concerning the amethyst quartz and crystals found in North Carolina, the report will say in part: "The occurrence of amethyst at several places in the vicinity of Raleigh has been reported at various times by L. A. Fort, of that city. An opportunity was given to the writer to examine one of these deposits on the land of the late George W. Partin, five miles northeast of Raleigh. Here amethystine quartz and crystals are found on the surface on a cultivated upland field. Three or four small prospect pits, now filled up, had been made a few years ago. The amethysts are found in the soil for a distance of about 150 yards northeast-southwest direction. Near the prospect pits are very abundant, since many that were dug had not been carried away.

"The crystals are only moderately well developed, owing to mutual interference during growth and nearly all has been somewhat fractured.

"The abundance of amethystine quartz and amethyst found close to the surface at this locality, invites more prospecting.

"In Iredell county a prospect was opened a number of years ago, nine miles east of Statesville. A large quantity of amethystine quartz, crystals and pale amethyst were found. Many of them were suitable for less valuable gems.

Politics in Johnson County.

Smithfield.—The smallest crowd in years at a Johnson county Republican convention assembled here. Between 100 and 150 people constituted the convention. The Taft crowd controlled the convention. The following county ticket was named: John T. Cole, sheriff; R. L. Fitzgerald, registrar of deeds; S. H. Massey, treasurer; Phillip Lee and Walter Batten for the legislature. No candidates were named for recorder's court or clerk.

String of Box Cars Burned.

Spencer.—A string of box cars on a siding at Lake, near Lexington, were found on fire, two of the cars having already been consumed. The fire started at the north end of the line of cars and a wind was driving the flames right down the track, when northbound passenger train No. 8, with Engineer Jack Allen and Conductor Coble stopped and set to work to stop the fire.

Man Mysteriously Shot.

Fayetteville.—H. A. Gerlach, a white man, was found dying recently in the woods near Tokay vineyard, four miles from Fayetteville, with a gunshot wound in his left breast. A shotgun which he had borrowed from a neighbor was found nearby. He died in three minutes after being found by friends. A coroner's inquest was held, the evidence in which was that Gerlach and his brother-in-law, O. M. Brown, went in a hack to Tokay. On leaving the vineyard Gerlach set out to walk through the woods and hunt while Brown rode. Gerlach shot a bird and went on. After a lapse of some time, Gerlach not appearing, friends went in search of him and found him in the woods dying.

L. J. Norris Has Started Term.

Raleigh.—L. J. Norris, who was convicted of the murder of the late J. B. Bissett last August and whose appeal was recently dismissed by the supreme court, began his term of twenty years. He was taken to the state prison by Deputies H. H. Crocker and J. J. Harward. Norris has been confined in Wake county jail for over a year and not one day of that time will count on his long sentence. He was tried and convicted at the September term, 1911.

First Accident on New Railroad.

Waynesville.—The first accident on the Pigeon River and Sunburst railroad occurred recently near Ledbetter. Lewis Medford, said to have been drinking, lay down on the track and the train going south ran over him. The fireman said they had run over a calf. On the return trip Engineer Wilkerson stopped to see what he had killed and was horrified to find that it was Medford. His body was badly mangled and nearly every bone in his body was broken.

SAVED BY HIS WIFE.

She's a wise woman who knows just what to do when her husband's life is in danger, but Mrs. R. J. Flint, of Braintree, Va., is of that kind. "She insisted on my using Dr. King's Discovery," writes Mr. F. "for a dreadful cough, when I was so weak my friends all thought I had only a short time to live, and it completely cured me." A quick cure for coughs and colds, it's the most safe and reliable medicine for many troubles—lung troubles—grip, bronchitis, croup, whooping cough, quinsy, tonsillitis, hemorrhages. A trial will convince you. 50c and \$1.00. Guaranteed by W. A. Leslie.

SAVES LEG OF BOY.

"It seemed that my 14-year-old boy would have to lose his leg, on account of an ugly ulcer, caused by a bad bruise," wrote D. E. Howard, Aquone, N. C. "All remedies and doctors' treatment failed till I tried Bucklen's Arnica Salve, and cured him with one box." Cures burns, boils, skin eruptions, piles. 25c at W. A. Leslie's.

CHRONIC DYSPEPSIA.

The following unsolicited testimonial should certainly be sufficient to give hope and courage to persons afflicted with chronic dyspepsia: "I have been a chronic dyspeptic for years, and of all the medicine I have taken, Chamberlain's Stomach and Liver Tablets have done me more good than anything else." says W. G. Mattison, No. 7 Sherman St., Hornettsville, N. Y. Sold by all dealers.

SINCLAIR THE BIG SPENDER

Compared to the Other Candidates in This State—Sixth Brought Most of the Money—Small Spent Nothing in His Campaign.

Raleigh.—A special from Washington states that North Carolina ranks near the foot of the list of states by her congressional candidates in securing their nomination, as determined from the sworn statements of the candidates themselves, which, in accordance with the law, has been filed with the secretary of the Senate. The ten Democrats who are candidates to succeed themselves in North Carolina and their Democratic opponents spent a total of \$329,250, of which N. A. Sinclair, who was defeated for the nomination from the Sixth District, spent more than one-third.

All of the North Carolina candidates have the statements in safely ahead of time. A number of candidates in other states, however, have not yet complied with the law, and it is understood that election contests may result from their failure.

For The Nervous Woman,

Or the woman who experiences hot flashes nothing is so good as a quiet and calm the nervous system as a fine glyceric extract of native medicinal plants, and made without alcohol, which has been sold by druggists for the past forty years, and most favorably known as Doctor Pierce's Favorite Prescription. In younger years some women suffer from dizziness, or fainting spells, hysteria, headache, bearing-down feelings and pain. All these symptoms of irritable and female disturbance are relieved by the use of this famous "Prescription" of Doctor Pierce.

As a powerful, invigorating tonic "Favorite Prescription" imparts strength to the whole system, and in particular to the organs distinctly feminine. For over-worked, "worn-out," "run-down," debilitated, teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, it is an excellent appetizing cordial and restorative tonic.

"My disease was called 'nervousness,'" writes Mrs. LYDIA McDONALD, of Meadon, Mich., Route 1. "I had nervous chills and numb spells and they would leave me very weak. Then I had inflammation and the doctor said I had a floating kidney. I doctored seven months with my family physician. He said I would have to have an operation. Then I stopped taking his medicine. After taking three bottles of Dr. Pierce's medicine I have not had any nervous chills or weak spells. I am better than for years.

"My daughter is now taking the 'Prescription' and Dr. Pierce's Golden Medical Discovery, also the 'Pellea' for nervousness and weak, tired feeling. These remedies have helped her ever so much in a short time. We have great faith in your medicines for female troubles."

Dr. Pierce's Pleasant Pellets induce mild natural bowel movement.
