Hon. Locke Craig Last Saturday.

The largest audience in the present campaign heard Hon. Locke Craig, Democratic nominee for Governor of North Carolina, at the Court House in Morganton last Saturday afternoon. Every seat and all available standing room was occupied, and for two hours the speaker was heard with close, tireless attention. There was frequent applause as he reviewed the history of the Democratic party and told his hearers that the party to-day flies the banner of equal justice and opportunities to all men. In speaking of trusts, combines and monopolies he said: "Instead of protecting the people against monopolies, the Republican party has protected the monopolies against the people."

In addressing his remarks to the Roosevelt Republicans he said: "You have stood loyally to your party for long years, regardless of the odium connected with it, even negro domination, and that all the while the Democratic party had been inviting you to come out from the Republican party. But at Chicago and Charlotte you were kicked out of the party and you are now out in the cold. Still the Democratic party extends the hand of welcome and invites you to join the ranks."

It is especially gratifying to THE NEWS-HERALD, which has so long stood for good roads, that Mr. Craig laid especial stress on the importance of good roads and promised that during his administration as Governor he will do everything in his power to forward this public improvement.

The chairman of the Democratic executive committee conferred on Mr. J. E. Erwin the honor of introducing the speaker. Mr. Craig was the guest of Mr. F. F. Tate at luncheon on Saturday.

When the Show Comes to Town.

Amusement seekers and show goers of Burke county will have the treat of their lives on Wednesday Oct. 23, when the famous Sun Brothers' World's Progressive Shows appear here. Nothing better has ever before been seen in this section.

Every dream of boyhood days will be realized. The peanuts, the caramels, pink lemonade, the clowns and the smell of the fresh shavings, the whole good atmosphere of the tented show will be there. Every act with the show this season is entirely new, novel and of an ultra-meritorious character. A noteworthy engagement this year is the positive appearance at each performance of the famous Electric De Kamos, a quintette of high air equitation artists? This act is doubly discounted by the Electric De Kamos. They float through the air like winged seraphs, and whirl through the empyrean like whirling dervishes, and all that sustains them is wires gripped in their teeth. It is indeed one of the most amazing and superbly ornate dizzy height performances ever conceived.

Nearly one hundred performers take part in the big programme and are all artists of extraordinary ability. In the wild beast department will be seen many unique, strange and distinctively novel specimens of the animal kingdom and zoologic creation, and all are exhibited in a classified manner and explained by competent keepers and lecturers. Seats are provided for all patrons and the tents are well ventilated and commodious. Courteous ushers are in attendance to show visitors to eligible seats, courtesy being a red letter rule with the Sun Brothers' Shows. The big aggregation will arrive here by special train, and will spread their tents on the grounds at Morganton on Wednesday, Oct. 23rd.

Mr. McKesson Will Not Continue in Race for Congress.

The Morganton correspondent of the Charlotte Observer in last Saturday's issue of that paper says: The Postmaster General has recently ruled that the department will insist that all postmasters who are candidates for an elective office shall resign and when the notice of this ruling reached Mr. Charles F. McKesson of Morganton, who is the Republican nominee for Congress in this district, he immediately announced his withdrawal from the race.

Mr. McKesson, in his letter of withdrawal expresses his appreciation of the honor conferred on him in the nomination, and also desires to thank many Progressives for their promise of support and the Democratic newspapers and the Charlotte Observer, in particular, for many expressions of confidence. He feels that it would be unjust to himself and his family if he should resign as postmaster in order to make the race.

Mr. McKesson will immediately call a meeting of the Executive Committee, tender them his resignation and ask that they take such action as they deem best. Mr. McKesson said to-day that he regretted that the ruling eliminates him from the race, and many residents of this district will be disappointed because of the arrangements which have been made for joint debates. Both Mr. McKesson and Congressman Webb are excellent speakers and in addition are warm, personal friends.
