### New Meaning Of Democratic Ticket

One Must Not Cast His Ballot for Any Opposition Cand date.

Raleigh Dispatch, 24th.

After a session continuing until past midnight and in which one series of proposed resolutions was voted down and a flood of new ones offered, following an unsuccessful motion to adjourn, the State Democratic Executive Committee to-night adopted the following resolution by A. ## WALTER CLARK TO THE PEOPLE OF NORTH CAROLINA.

My Friends and Fellow Citizens: Your choice of your United States Senator will deeply affect your welfare. It ought not to be procured by agencies employed to control your votes.

The increase in the production of wealth has been marvelous, By Wondarful Romedy indeed-nearly double that of ten years ago. National legislation, controlled by the Special Interests, has transferred the wealth created by you to a few so that there are now over one thousand men in this country who possess from ten millions up to one thousand million each and 3 per cent. of our population own more than the other 97 per cent.

Not only this but the same legislation has transferred the wealth created in the South, which has been retarded in its development by the discrimination, to the enrichment of other sections. The discrimination in freight rates against North Carolina amounts to \$12,000,000 annually. The tobacco tax takes from the farmers 8 cents on every pound they raise and deprives this State of \$7,000,000 a year, while twenty-five States pay no tobacco tax whatever. The war contribution of \$5,000,000 yearly for Federal pensions, almost none of which comes back to us, ought to cease now that it is nearly half a century since the war. The contribution by each State for pensions should be returned to the State to be distributed by it among its own citizens and their widows.

Neither of my competitors during the twelve years each of them served in Congress has done anything for the relief of the people of this State from the above annual burdens of \$22,000,000. Each of you pays your part of this tribute. Do you wish it stopped?

On 13 May, 1910, Mr. Simmons voted against a bill to prohibit freight discrimination and to send the matter back to the Interstate Commerce Commission which had theretofore done nothing for our relief, and which has done nothing since, and about the same time the tax on tobacco was raised from 6 to 8 cents a pound-an annual addition of \$2,000,000 yearly upon our tobacco raisers.

The tobacco tax maintains the existence of the Tobacco Trust We us that order for Let- by preventing farmers and others from manufacturing tobacco just Note Heads, Bill as the Protective Tariff creates the other Trusts.

In the Senate I shall stand firmly for the removal of the above eased hundreds of others. and other burdens upon our people. The sharp contention between the friends of my two opponents render it unadvisable for the party to nominate either of them.

The great contest between the People and the Special Interests use 50 men. T. T. must be fought out in the U.S. Senate and there I can do fifty times as much for your good as in the position which I now hold by Your friend, your good will.

WALTER CLARK.

DEMOCRATS MUST BE ALERT

National Chairman McCombs Calls Attention of Wilson Supporters to Necessity of Meeting This Unjust

New York, Oct. 15, 1912. My Dear Democratic Friend and Co-

The success of the Democratic ticket on Nov. 5 is dependent wholly upon the activities of you loyal working Democrats. And we are depending upon you with absolute confidence. I know that the responsibilities are heavy, but I further know that the results will justify this confidence which we place in you. The way to attain the most effective results is to have each voting district so thoroughly organized that every Democratic voter will be brought to the polls on election day and will vote the Democratic tick-

et. When elections are lost to the Democrats it is generally because the Democratic vote has not been brought out. Will you surely see to it that all your Democrats vote this year?

Senator Gore, who is chairman of the organization bureau of the nationas committee, is delighted and enthusiastic about the way the real Democratic workers are getting into the harness, and he feel this same derendence and confidence in you.

"Wolf! Wolf!"

I take the liberty of calling your attention to a line of attack on us that is being used by the Republicans, and I urge you to guard against and to counteract in your district. They are raising the false and wholly unfounded charge that Democratic success will mean business depression. To show you one way in which they are attempting this line of fooling the voters I quote a few sentences from a letter recently got out from their Chicago headquarters which they are now sending the business firms;

"The campaign now in progress has a direct personal interest for you. Upon its result depends the maintenance of the present business prosperity which the country is enjoying. Why sacrifice present prosperity for uncertainty and depression, which a tariff for revenue only would certainly bring?"

That these suggestions are wholly false and are wickedly made to fool the people is evidenced by the fact that with the election a short time off and with almost every reader and thinker and political observer believing that Wilson and Marshall will be elected, yet practically every line of business is showing extremely marked activity. The railroads are placing heavy orders for new rails and equipment, and their earnings are running ahead of last year by many millions of dollars monthly, wholesale houses are having tremendous demands for goods, the steel mills and factories are full of orders, and bank clearings show heavy gains all over the country. This intense business activity is due to the fact that the business world knows Governor Wilson will do just what he says he will do. His record is one of complete fulfillment of his promises. All well posted business men know that Governor Wilson's election will

TURB THE INDUSTRY OF THE COUNTRY. . . THE CHANGES (IN THE TARIFF) WHICH WE MAKE SHOULD BE MADE ONLY AT SUCH A RATE AND IN SUCH A WAY AS WILL LEAST INTERFERE WITH THE NORMAL AND HEALTHFUL COURSE OF COMMERCE AND MANUFACTURE." To Fool the Voter.

I call your special attention to the fact of these evident conditions of heavy business in the face of the very apparent election of Wilson and Marshall. What does this mean? Simply that the legitimate business world knows that the election of the Democratic ticket means continual and unprecedented prosperity, yet in spite of this the Republican managers make Democratic National committee, this wicked attack, which, if it has any effect at all, can be only to fool the voters and to create worry and hardship in the minds of some of the people where there is no basis for any feeling except that of happy anticipation of better things to come when our

candidates are elected. Give special attention to this line of attack in order that you may meet it and overcome its effects. They are writing these letters, putting their advertisements in the papers and magazines and on the billboards with the unholy purpose of falsely scaring people into voting the Republican ticket. Please let me know at once if these attacks are having any influence among the people or in any of the communities where you have had occasion to

I myself and the national committee want to co-operate with you, and we want you to help us bring about the greatest Democratic victory this country has ever seen. We do this with the full knowledge that Democratic victory will mean greater business prosperity, greater demands for wage earners and greater opportunities for every person in our nation, with the exception of those who are now enjoying special and unfair privileges under

the law. Sincerely yours, WILLIAM F. M'COMBS. Chairman Democratic National Com-
