> Real Nerve and Blood Building Remedy.

We believe Rexall Olive Oi Emulsion is the best remedy made for toning the nerves, enriching the blood, building up wasted tissues, renewing health, strength and energy-the best medicine you can use if you are run-down, tired-out, nervous and debiliated, no matter what the cause. It doesn't depend for it's good effect upon alcohol or habitforming drugs, because it contains none. It may not make you feel better in a few hours, but it will make you feel better, we are sure, just as soon as the tonic and food properties it contains have a chance to get into the blood and, through the blood. into the rest of the system. Pure Olive Oil and the Hypophosphites have long been endorsed by successful physicians, but here, for the first time, they are combined into one preparation which, as a nerve-food and a builder of has no equal.
