The Seed We Sell Are Different

In the first place we are conscientious in that nothing but the best will be allowed a place in our store.

Then, too, we are large buyers, and we have a decided advantage over the small buyer, and this advantage is yours, for we sell you for less.

We were the first in this place to put the seed business on a proper business basis. We were the first to offer reliable seed in bulk—doing away with the custom of selling packages at the package price.

We sell all seed in bulk, and these seed are bought direct from the grower, and are sold to you fresh, at a saving of a least 100 per cent.

In addition to all the different varieties of garden seed, we sell Clovers, Grasses and all seed for the Farm, and we know something about the advantages of certain varieties, and certain mixtures which from experience have proved desirable in this section. All we know is at your service, and we invite you to see us before buying seed.

Rheumatism Pain Stopped.

The drawing of muscles, the soreness, stiffness and agonizing pain of Rheumatism quickly yield to Sloan's Liniment. It stimulates circulation to the painful part. Just apply as directed to the sore spots. In a short time the pain gives way to a tingling sensation of comfort and warmth. Here's proof—"I have had wonderful relief since I used your Liniment on my knee. To think one application gave me relief. Sorry I haven't space to tell you the history. Thanking you for what your remedy has done for me."—James S. Ferguson, Philadelphia, Pa. Sloan's Liniment Kills pain. 25c. at Druggists.

Rollins Notes.

Correspondence of The News-Herald: R. D. Saunders has been on the sick list for some time and although under medical care did not seem to grow much better. Last week Dr. Hennessee took him to Statesville where he was examined by Dr. Long and it was found that he had enlargement of the liver. Dr. Long gave him directions as to medicine and diet and he is now home again and gradually improving.

Elbert Bollinger was home for a few days last week looking up men to take back with him to cut logs and get out lumber. He went back to his work Monday.

The rains last week and the showers since have done lots of good and everything is growing now and gardens are coming forward much to the satisfaction of every one.

W. Turner of Statesville, is at W. N. Woodbury's helping him to get his tractor machinery in perfect order. He had to leave his work there over a week ago to go to Statesville to get his left wrist examined. The Xray showed several bones cracked and split. He now carries that arm in a sling and suffers no pain, only the inconvenience of not having two hands to work with.

John L. Baker is working for W. N. Woodbury, running his traction engine. In order to get safe roads for his engine Mr. Woodbury has graded roads around the hills and has straightened every bridge and culvert between him and Morganton that needed it.

The Mt. Olivet Baptist church was crowded Saturday at the annual memorial service. A dinner was served after the exercises. Regular preaching service was held the following Sunday.

Don't Make Curiosity Telephone Calls

"Because 2,000 idle curiosity seekers in Binghamton asked 'Central' where the fire was, an emergency call for an ambulance was held up for nearly 15 minutes and this delay resulted in the death of a young child. Physicians say that had the ambulance been secured at once—'a life might have been saved.'"
—Elmira Advertiser.

IT is beyond the bounds of possibility to answer promptly the mass of curiosity telephone calls that threaten to swamp our exchanges every time there is a large fire.

Calls for physicians, the ambulance or the police, held up at such times might result in the loss of human life.

For your protection, as well as for the protection of your neighbors, we ask you not to call the telephone operator merely out of curiosity. After all, she has no more information than you have.
