

### WHAT EACH STATE WILL FURNISH.

#### North Carolina Will Furnish 15,974 Men to the Selective Draft in Addition to Volunteers.

A formal order from President Wilson has been issued by the war department promulgating the number of men to be drafted and the quota each State will furnish.

The total number to be drawn will be 667,000 men which will complete the war strength of the National guard and give the 500,000 for the new army.

#### South's Quota.

Following are the net and gross quotas for the Southern States:

State	Net	Gross
Florida	6,325	10,129
Georgia	18,337	27,209
Kentucky	14,236	22,152
Louisiana	13,582	18,481
Mississippi	10,801	16,429
North Carolina	15,974	23,486
South Carolina	10,081	15,147
Tennessee	14,528	11,158
Texas	30,545	48,116
Virginia	13,795	21,354

Every State will give its full quota as appointed by the President, but all States will be allowed credit for the men they have enlisted since April 1st. The gross number of men from each State is the total available men required and the difference between the net and the gross number represents the number who have volunteered and for which the State has received credit.

#### Williams-McCurry.

Mt. Olive Tribune, June 28th.

The First Methodist church of Mount Olive was the scene of a very pretty marriage Wednesday morning, when Miss Mayo McCurry became the bride of Mr. R. Mack Williams.

The church was very artistically decorated with palms, ferns and shasta daisies, these being banked so as to form a background for the bridal party.

Promptly at ten o'clock, as Miss Ellen McPhail began playing Mendelssohn's "Wedding March," little Elizabeth Wooten, cousin of the groom, and Amelia Williams, niece of the bride and groom, dressed in pretty frocks of white organdie with light blue taffeta jumpers, came down the right and left aisles and looped back the ribbons for the ushers, Messrs. Ralph English and Guy Ross, to pass. These took their places near the altar.

Then came little Emma Tate Williams, daintily dressed in white net over silk, bearing the wedding ring in an Easter lily. Down the right aisle came the groom, with his best man, Mr. J. E. Kelly, while the bride followed down the left aisle with her sister, Mrs. George Williams, as dame of honor. They met at the altar, where the bride's pastor, Rev. J. M. Wright, performed the ceremony. During the ceremony Miss McPhail played MacDowell's "To a Wild Rose."

The bride wore a tailored suit of midnight blue poiret will, with boots and accessories, and carried a shower bouquet of Bride's roses and valley lilies; while Mrs. Williams, the dame of honor, wore a gown of Georgette crepe and taffeta, with hat, shoes and gloves to match, and carried la France roses.

Mr. and Mrs. Williams left on the 10:45 a. m. train for a bridal trip to Washington, Baltimore and other cities.

The bride is a young woman of charming personality, having received her education at the State Normal College. She was formerly of Morganton, but has made her home here for the past three years, where she has very creditably filled the chair of professor of mathematics in the high school. Mr. Williams is a graduate of Davidson College, and well-to-do business man with a wide circle of friends and acquaintances, whose very best wishes Mr. and Mrs. Williams will have for a life of peace, plenty and happiness.

The popularity of the happy couple was attested by the large array of useful and beautiful gifts they received.

The out-of-town guests were Mr. and Mrs. J. Harvey Edwards and Mr. and Mrs. Oscar Miller, of Snow Hill.

#### Meeting at Enon.

A protracted meeting will begin at Enon Baptist church next Sunday. The pastor, Rev. C. A. Caldwell, will be assisted by Rev. Rush Padgett, of East Hickory.

### OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's.

Scott & Bowne, Bloomfield, N. J.

### "WHY THIS WAR?"

Judge Robert W. Winston, of Raleigh, in Charity and Children.

You ask, "Why did we go into this war?" May I try to tell you? And I will take Germany's last offense first. In 1916 Germany was sinking all enemy's ships without warning, contrary to law. We overlooked this.

We adopted the advice of Charity and Children, "Let Americans sail on American ships and keep off belligerent ships." We followed this advice. Americans generally sailed only on American ships. We swallowed our pride, gave up our rights, wrote note after note, and begged Germany not to make war upon our unoffending men, women and children, upon our commerce; not to violate the laws of the seas. Her answer was to sink American hospital ships, to destroy Belgian relief ships and even to torpedo American Red Cross ships on their mission of mercy; hundreds of men, women, children, some sick, many wounded, others dying, indiscriminately, and without warning, deliberately and premeditatedly, not once, but time and time again, sent to the bottom of the sea. This was the straw that broke the camel's back.

We fought Spain and liberated Cuba because of the tyranny, cruelty and barbarity of Spanish rule. Shall it be said that we will fight for a small tyrant but will run from a big one? May the Germans, unmolested, break solemn treaties, overrun peaceful Belgium, destroy fair France, annex Serbia, outrage women, burn houses and churches, terrorize little children, and shall we not join the police force and put down this terror which menaces the peace of the world for generations? This is our legal and moral justification. God knows it is enough.

But suppose we had not entered the fight at all. We would then have been branded as cowards by the nations of the earth, dubbed "Old Money Bags," China would have outclassed us. It is not all of life to live. Well, we would have stayed out and saved our bodies and lost our souls. Germany would have won the war; she would have taken over Belgium; the rich coal and iron districts of France, regained her colonies, possessed herself of the British fleet and received an indemnity so large that the Kaiser and Hindenburg and Von Tirpitz would have said, "See what we have done, any war is a good war when it increases the power of the State." The war-like German people and the German army, flushed with victory and wealth, would have backed up this sentiment and poor little shrinking United States would be hiding away in a corner with her money bags concealed under the bed and Germany would be saying to her, "Come out, you must make good the loss which you inflicted upon us by furnishing arms and munitions and food and contraband of war to our enemies." We would have shelled out all right! Talk about a million men springing to arms overnight, why my dear friend, a half million trained soldiers with high grade machine guns could and would over-run and conquer our one hundred million unarmed, untrained and peaceful citizens as fast as they could march from city to city. They did it in Serbia, they did it in Roumania, and they did it in Russia; yet Serbs, Roumanians and Russians were as well armed as we are and better trained.

But this is not the worst that would have befallen us. By that time we would have begun to wake up to the fact that Germany's conquest of England was the enthronement of force and we would have begun to arm ourselves and get ready for the final battle between civilization and savagery. Our boys would have left the farms for the camp and more money would have been spent on arms and munitions, on the pomp and ceremony of war than on internal improvements, education, food, raiment, charity and religion combined.

We know that the entrance of America into this war will bring peace to the nations and dethrone Force. We believe that the Kaiser is an anachronism. We feel that the stars in their courses are against Siseria, but we also know if civilization is saved we must do our part to save it.

My youngest, the Benjamin of our household, is now in training for the conflict. You do not despise war more than I, but I feel that this generation had better face the trials of the hour than postpone them for our children and grandchildren to settle on a bloodier and vaster scale.

Mrs. Theodore Roosevelt, Jr., is an instructor in the cooking school for naval reserves at Newport.

**Biliousness and Stomach Trouble.**  
"Two years ago I suffered from frequent attacks of stomach trouble and biliousness," writes Miss Emma Verbryke, Lima, Ohio. "I could eat very little food that agreed with me and I became so dizzy and sick at my stomach at times that I had to take hold of something to keep from falling. Seeing Chamberlain's Tablets advertised I decided to try them. I improved rapidly." Obtainable everywhere.

### BIG CROPS IN PROSPECT.

#### July Forecast Estimates a Billion Bushels Increase in Principal Food Crops.

A billion bushels increase over last year's production in the principal food crops in the response American farmers have made to President Wilson's mid-April appeal, saying that upon them "rests the fate of the war and the fate of nations."

The extent of the farmers' response was disclosed when a production of 6,903,000,000 bushels of principal food crops was forecast in the Department of Agriculture's July crop report. The forecast estimates that this year's corn crop will be the largest in history except one and that four and possibly five other crops will make new high records.

The corn crop, which with favorable weather from now on may equal the number yield of 1912, shows an increase of 541,000,000 bushels over last year with a total of 3,124,000,000 bushels. The acreage is 14 per cent larger than last year.

The combined winter and spring wheat crop will be 38,000,000 bushels more than last year's, with a total of 678,000,000 bushels.

Barley, with prospects of the third largest crop ever grown, will exceed last year's production by 33,000,000 bushels, with an output of 214,000,000 bushels.

Oats promise to exceed last year's crop by 201,000,000 bushels, the total production being forecast at 1,453,000,000 bushels. That is slightly under the record. Improvement between now and harvest, however, may result in a record crop.

White potato production on a 22-1-2 per cent increase in acreage, will be a record crop, with 452,000,000 bushels, or 167,000,000 bushels more than last year, not taking into account the home garden production, which this year is estimated to be much larger than ever before.

Rye, another record crop this year, will amount to 56,100,000 bushels, or 8,700,000 bushels more than last year.

Sweet potatoes will register a new high total with 82,200,000 bushels, or 11,000,000 bushels more than last year.

Rice production will be 34,400,000 bushels, the second largest crop ever produced.

Production of tobacco will break another record with a crop of 1,215,000,000 pounds, which is 64,000,000 pounds more than was grown last year.

A marked increase in acreage of all of the principal corn producing States of the South is shown in the 1917 crop figures forecasting a record corn yield for the United States of 3,124,000,000 bushels. The acreage increase for 1917 over 1916 ranged from 2 per cent in Oklahoma to 25 per cent in Alabama. North Carolina's increase is 14 per cent—3,306,000 acres and the estimated yield 63,277,000 bushels.

### NEWS ITEMS FROM WORRY

Correspondence of The News-Herald.

Miss Ruth McLain, of Collettsville, is the guest of Mrs. C. A. McLain.

Miss Lelia Corpening, who has been visiting here, left Saturday for Statesville.

Mr. and Mrs. John Rhodes were the guests of Mrs. W. E. Harris Sunday.

Quarterly meeting will be held at Arney on Saturday and Sunday, July 21 and 22. The week following protracted meeting will be held there.

Mr. and Mrs. C. D. Forney and children, of Lawndale, are the guests of Mesdames M. M. Bost and G. S. Ramseur.

Mr. Edgar Harris had the misfortune of getting one of his horses badly cut on a moving scythe Sunday.

Miss Zalie Henderson spent Monday in Morganton.

The mayor of Somerville, Massachusetts, has hit upon an idea that should spread like a smile across the face of the whole country. When young vandals and youthful trespassers in gardens are caught, they will be sentenced to work in the "disciplinary garden" that the city has established for that purpose. The idea has grown out of a practice of the Somerville police court of compelling young evildoers to make some sort of restitution to those whom they have injured. The boys who robbed a woman's pear tree were sentenced to keep her walks free of snow during the following winter; and the gang that annoyed street-car conductors were obliged to work in the company's car barns on Saturday afternoons.

#### Stop Left Over Coughs.

Dr. Bell's Pine-Tar-Honey will stop that hacking cough that lingers from January. The soothing pine balsams loosen the phlegm, heal the irritated membrane, the glycerine relieves the tender tissues, you breathe easier and coughing ceases. Don't neglect a lingering cough, it is dangerous. Dr. Bell's Pine-Tar-Honey is antiseptic and pleasant to take, benefits young and old. Get it at your druggist today. Formula on the bottle. 25c.

### BOSTON WOMAN RECOMMENDING IT TO FRIENDS.

#### Popular Boston Lady Says Tonoline Has Proven a Godsend to Her.

It is always interesting to listen to the statements of our friends, and especially when you know they are sincere and honest in what they say. Added interest is created in a statement coming from one who has spent a lifetime in Boston, where she is well known socially.

Such a person is Annie Stewart, who resides in Boston, and is possessed of the respect and confidence of her associates, and is willing for anyone to call on her to verify the following signed testimonial:

"I have suffered with stomach trouble for the past seven years. It took the form of indigestion and dyspepsia. I had dizzy spells and headaches, and after I ate a little food it would ferment and cause gas to form in my stomach. I had pains all over my body and was chronically constipated. My liver was torpid, and I felt generally miserable. I had doctored and had been in the hospital, but received no permanent relief. I was so nervous and restless that at night I could scarcely sleep. The gas pressing under my heart caused palpitation, and when I arose in the morning I was just as tired as when I retired. About two weeks ago I began to take tonoline, and I can truthfully state that it has done wonders in my case. I am feeling like a new woman and can eat any kind of food. I sleep the night through and have no more aches and pains; in fact, it has cured me, and I am recommending it to all my friends, as it has been a God-send to me."

Kibler Drug Co. sell and guarantee tonoline.

There are numerous symptoms of this trouble that tonoline can relieve. In fact, any of the following may denote affections of the stomach: Indigestion, dyspepsia, belching of wind, bad breath, sick, throbbing headache, poor circulation, night sweats, that tired feeling, costiveness, coated tongue or a poor complexion.

Caution:—As tonoline is recommended as a flesh builder those not wishing to increase their weight 15 pounds or more should not take it continuously.

## LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relying on Black-Draught After a Few Doses of Black-Draught.

Meadorsville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak. I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few doses of Black-Draught."

Seventy years of successful use made Theodor's Black-Draught standard, household remedy. A member, of every family, at need the help that Black-Draught give in cleansing the system and relieving the troubles that come constipation, indigestion, lazy stomach, liver and bowels are in working order. Keep them that Try Black-Draught. It acts promptly and in a natural way. You will feel fresh tomorrow. 25c. a package—One cent a dose. All druggists.

"Farmer Haskins" Is the name of a play to be given at Table Rock schoolhouse Saturday night, August 4, for the benefit of the Red Cross. The Morganton Band will furnish music.
