

Hon. William Jennings Bryan

Will Lecture at the Graded School Auditorium

MORGANTON, N. C.

Tuesday Morning, September 10, at 11 o'clock

General admission, 50 cents. Reserved seats 25 cents extra. Tickets will be on sale at the Burke Drug Store Thursday morning, September 5th. An over-crowded house is expected, so reserve your seat early.

GLEN ALPINE SCHOOL OPENS SEPTEMBER 3D.

On Sept. 3rd the Glen Alpine High School will open. This is a State high school, and any student of Burke county, who is able to enter the high school department, will be admitted without tuition. It is the purpose of this school to prepare students both for college and for life.

Parents who expect to send children to this school are urged to start them at the beginning of the fall term, even though it should require sacrifice to do so. It requires at least eight months to complete the work of a grade, and students who enter late should not expect to be promoted at the end of the school year. If parents should carefully examine the monthly reports of their children, at the end of the year, they would not be surprised to hear whether or not their children were promoted.

This year some high school books have advanced a little in price, but parents should see that each child be furnished with a full set of books. Books for grades below the high school department may be secured at Morganton, but the principal should be consulted for high school books.

A hearty co-operation by parents with teachers will add much to the efficiency of the school.

For further information, see or write the principal.

T. HENDRIX.

If sorghum syrup and cane syrup is sealed to prevent fermentation, it will prove a good winter sweetener. Well made cane syrup can be used to take the place of sugar even in coffee.

Fruits can be preserved in grape juice or apple juice in place of a sugar syrup. Extract the juice from very ripe fruit and boil down to one-half the volume to form a thin grape or apple syrup.

APPRECIATION.

Being unable to thank personally all those who so liberally contributed to the Jewish Relief I take this means of attempting to express in a small measure my heartfelt thanks and appreciation for the generous response that was made to the appeal. I was much gratified at the report I was able to give for Burke and want to thank not only each individual contributor, but those who co-operated with me in Morganton and various communities in the county. The response was remarkable and I am deeply grateful.

ISAAC LAZARUS.

TRADE WITH THE MERCHANTS WHO ADVERTISE

IMPORTANT TO SUBSCRIBERS

The War Industries Board has given positive orders that all newspapers go on strict cash - in - advance basis. The penalty for their not doing so will be that no provision will be made for their supply of white paper, ink and fuel. We are compelled to obey if we are to get supplies with which to continue to do business.

On and after October 1st NO paper will be sent from this office on which the subscription has not been paid in advance. Thereafter papers will be discontinued promptly upon expiration of subscription.

Look at the label on your paper and see that it is moved up before we are compelled to go through the list and cut off all delinquents.

This is fair warning. There is no choice given us but to obey the order. We can make no discrimination in favor of anyone. If you are behind and want to continue to receive the paper, attend to this matter AT ONCE. Don't put it off and possibly let it slip your mind. We should like to continue everyone of our present subscribers but expect to obey to the letter the War Board's order.

Respectfully,

The News-Herald
