War Savings Stamps make ideal Christmas presents. There are sev-

ing this week to go to the limit of gift. It is not to be prized only for its value but for the patriotic spirit in which it was bought and given. The giving of stamps does not require the labor and material so greatly needed by the Government at this time. Furthermore, giving stamps saves the usual rush that makes Christmas a burden instead of a joyous occasion. This year stamps are the most patriotic gift. Buy them and help put your State over the top in the War Savings Campaign.

> Today North Carolina lacks \$11,-500,000 having her War Savings quota subscribed. If every North Carolinian who is able to do so would buy at least one War Savings Stamp as a Christmas present either for himself or some other member of his family, and would do this in addition to what he has already bought or pledged to buy, the amount realized would be sufficient to complete what the State lacks in having its War Savings allot-
