Chronic Constipation.

There are people who never have a movement of the bowels without it Produced by a cathartic. Most of hem have brought that condition on themselves by the use of mineral sat and strong catharties that take much water out of the system and aggravate the disease they are meant to relieve. A mild laxative tonic like Chamberlain's Tablets affords fords a gentle movement of the bow-els that you hardly realize has been Produced by a medicine, and their use is not so likely to be followed by

Carrying a Ton a Mile for less than a Cent

Freight rates have played a very 'small part in the rising cost of living.

Other causes - the waste of war, under-production, credit inflation - have added dollars to the cost of the necessities of life, while freight charges have added only cents.

The average charge for hauling a ton of freight a mile is less than a cent.

A suit of clothing that sold for \$30 before the war was carried 2,265 miles by rail from Chicago to Los Angeles for 161/2 cents.

Now the freight charge is 22 cents and the suit sells for \$50.

The cost of the suit has increased 20 dollars, The freight on it has increased only 51 cents.

Other transportation charges enter into the cost of the finished article-carrying the wool to the mills and the cloth to the tailors-but these other charges amount to but a few cents

The \$10 pair of shoes that used to sell for \$5 goes from the New England factory to the Florida dealer for a freight charge of 533 cents-only one cent more than the pre-war rate.

Beef pays only two-thirds of a cent a pound freight from Chicago to New York.

American freight rates are the lowest in the world
