

**ONCE YOU BREAK A TEN  
IT VANISHES QUICKLY**

That's what everyone says. You know it's true. A bill of any denomination goes quickly once it is changed into smaller denominations.

When you pay by check you eliminate this possibility. You write a check for the exact amount (and you think twice before you write it.)

Open a checking account here. You'll be glad you did.

**HARNETT COTTON AND TOBACCO  
GROWER  
AND  
LOMCO SPECIAL FERTILIZER**

We are making a specialty of these two brands of Guano, which are best suited to Harnett County soils. We will also make a Top Dresser to be applied to growing crops.

We will not do any retail business, but farmers will be able to obtain our products from local dealers.

USE OUR BRANDS AND IMPROVE YOUR SOILS AND  
GROW BETTER CROPS

Yours very truly,

**SCHOOL NOTES**

(By the Superintendent)  
The Lillington Schools are starting out with an enrollment beyond the expected, and yet there are more to come. The High School has an enrollment almost as great as for the entire year last year, which was then the largest in the history of the school. More seats have had to be ordered, and the question is beginning to be where are we to put either the seats or pupils. It seems now that for another year the house will have to be enlarged.

The two young men teachers in the High School are filling a long-felt need. The boys in the dormitory are cared for as well if not better than any other in the State.

Mr. Rickenbacker is somewhat of a baseball and football enthusiast and has at once gone about to organize the boys into teams for play. An athletic field has now become one of the school's urgent needs.

The music department has grown beyond the ability of one teacher to do the work, and it looks now as though even the second assistant will have to be secured.

Miss Gladys Senter and Miss Velma Sexton, who had been planning to go to Flora McDonald college, have decided that Miss Corpening can do as much for them as anyone else, so have decided to take music of her this year.

Miriam Baggett, Isabel Cox and Clarence Senter, three of the 1921 graduates, left for college this week. Miriam goes to Greensboro to the N. C. College for Women, Isabel to Trinity at Durham, and Clarence to A. & E. at Raleigh.

But the High School is not the only part of the school that shows growth. Miss Pierce's room, the 4th and 5th grades, is now full beyond its seating capacity. Another teacher may have to be put in the elementary department. If the parents will send their children to school as they should, such as almost a certainty.

The dormitory is feeding almost as many now as it did at any time last year, and when those come who have spoken for rooms there will be more. When the limit of the dining room is reached what is to be done?

**SHERIFF McARTAN MADE  
THINGS NEAT AND TIDY  
FOR THIS TERM OF COURT**

Not in a long, long time has the courthouse apartments and county jail been holding such an inviting look. Perhaps the term "inviting" should not be applied to the jail,—"compelling" would probably be more applicable. Anyhow, the Sheriff got together a force of cleaners and driers—the cleaners to perform on the walls and floors, the driers to operate against the germs.

Mopping, scrubbing, rubbing and polishing transformed the public "complaint" house into a sanitary institution that is nice to look upon. It is rumored that some of the prisoners in the jail were so impressed by the laundering of their abode that they became ashamed of their misdeeds and pleaded guilty at the bar.

This story is not confirmed, however, there being some evidence tending to show that said defendants were not jubilant over the prospects of leniency at the hands of His Honor.

Sheriff McArtan, who is not at all ashamed of work himself, with the able assistance of Jim Fuller, proponent to the gold dust twins, did willfully and with good intention aforethought, enter upon and into the said premises and did make the temple of justice and its appurtenances wholly conform to rules of the State Board of Health thereunto applying. Whereupon and wherefore, the fortnight has been rendered more pleasurable to those who are compelled to endure the process of law.

The genial Sheriff, by the renovation, introduced an innovation, for which he is due an ovation.

**For  
Torpid  
Liver**

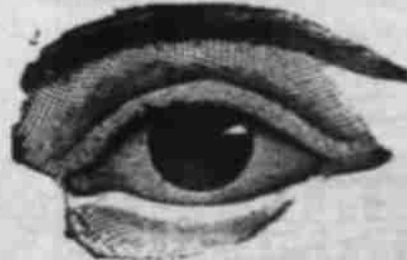

"Black-Draught is, in my opinion, the best liver medicine on the market," states Mrs. R. H. Whiteside, of Keota, Okla. She continues: "I had a pain in my chest after eating—tight, uncomfortable feeling—and this was very disagreeable and brought on headache. I was constipated and knew it was indigestion and inactive liver. I began the use of Black-Draught, night and morning, and it sure is splendid and certainly gives relief."

**Theford's  
BLACK-  
DRAUGHT**

For over seventy years this purely vegetable preparation has been found beneficial by thousands of persons suffering from effects of a torpid, or slow-acting liver. Indigestion, biliousness, colic, coated tongue, dizziness, constipation, bitter taste, sleeplessness, lack of energy, pain in back, puffiness under the eyes—any or all of these symptoms often indicate that there is something the matter with your liver. You can't be too careful about the medicine you take. Be sure that the name, "Theford's Black-Draught," is on the package. At all druggists.

Accept Only  
the Genuine.
