QUESTIONS

Question: What factors cause the highest percentage of plg losses? Answer: The U.S. Department of Agriculture, in co-operation with a two months old, according to Jack Negro farm families. The report said that these results Kelley, Animal Husbandry specialist indicate a moderate supplemental for the State College Extension were active meders of home demonrelationship" between the two foods. Service. Over half this loss is due to factors centered around improper housing. Fifteen per cent are overlaid, 5.2 per cent are born dead, 3 per cent are chilled, 2.2 per cent are they are eaten separately. That's the starved. These figures do not include all of the loss percentages, but will give you some idea of the pig deaths.

> Question: What controls are efeal, and other stored products?

Farm, Home Progress By Negroes Is Noted

Home production and conservation of the family food supply, livestock production and crop production, high-lighted the activities of Negro county Extension workers in fortythree North Carolina counties in 1946, according to a recent annual report submitted to Director I. O. Schaub of the State College Extension Service by R. E. Jones, State Negro Agent, Greensboro.

agents, 129 farmors purchased pure bred bulls and 679 secured purebred or high grade cows and heifers to build dairy herds in 3.87 communities in 37 counties.

Answered at State College

TIMELY FARM

From where I sit ... by Joe Marsh.

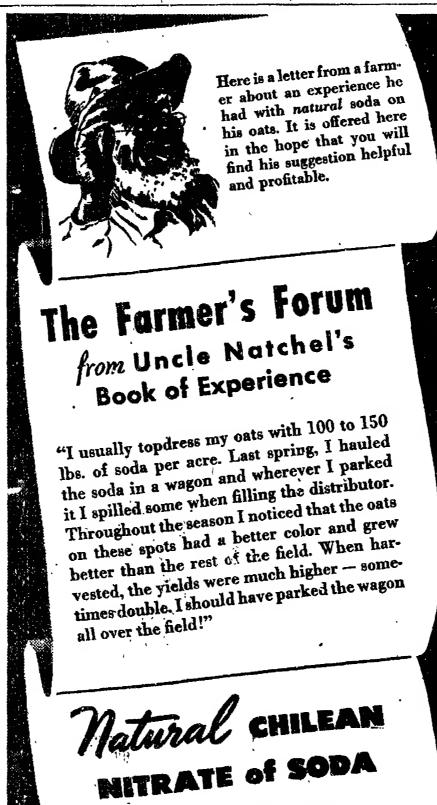

Everybody's joshing Willie Wells about going back to school. They remember when Willie would hide out in the woodshed-scared to bring his report card home to Pa.

But under the G.L. Bill of Rights, Willie (who has a wife and baby) is getting a free education at the Agricultural College. And Uncle Sam is giving him a fine report: "Deportment, excellent; Progress, above average."

That goes for all those undergraduate voterans. Like Willie, they appreciate an education more than ever now. They're industrious and well-behaved-their favorite beverage is milk, or a temperate glass of beer, For them the "three R's" seem to mean: Responsibility, Resourcefulness, Restraint.

From where I sit, cynical folks who thought veterans wouldn't want to return to school-wouldn't stick to steady habits of work and moderation—have their answer in "undergraduates" like Willie.
