"If It Concerns Harnett, It's In THE NEWS"

In and Out of Lillington

THE JOHNSONVILLE ROAD

That improved road the folks in "West Harnett" have been wanting for a long time is now one of the smoothest in the whole state. It connects in a very convenient way those people who formerly felt they lived "too far away from their countyseat."

People along the Johnsonville road now feel that they "belong." "Only hit-b I see in it," said one native. "Is that as soon as out-of-state people find out about it they will come streaming through here on their way to and from Pinehurst and put too much traffic on our road."

THANKS AGAIN

Once a month there comes to The News office a bright little magazine named "Ford Times." It's put out by the folks who revolutionized the automotive industry — Henry Ford and his associates.

Of all the vacation-inducers we've seen or heard about, "Ford Times" is about the punchiest. You simply can't read the short stories and look at the illustrations without wanting to go somewhere.

If you want to enjoy the "Ford Times," drop Casey Fowler at the Northam Company a line and he'll probably let you have one each month. It's a great little magazine.

FROST-BITTEN WIRE

Heavy frosts a couple of weeks ago did considerable damage to early gardens, so we are told. Talking with a group the other day, one man related that the frosts killed everything in his garden.

"And I think it must have hit the wire fence around it too. I notice that the wire is sagging mighty bad."

TOOK HER DRESSES AWAY

"That attractive ad I had in The News certainly took our dresses away," said Mrs. Mary Ray a few days ago. "Ray's, the Shopping Center of Harnett County," showed some fetching styles in ladies' spring outfits—some of those irresistible kind that never fail to loosen a lady's purse-strings.

Pleasing feature of the matter is, though, as soon as Ray's seems to be getting "fresh out" of attractive dresses, it gets more "fresh in."

Some days ago we saw a really fat lady—she was almost as broad around as she was tall. Mrs. Ray happened to be near, and after the fat lady had passed, we said:

"Miss Mary, bet you haven't got a dress to fit that one!" "Oh yes we have. We sold several today as big as that."

HAPPY AS LARKS

Came a couple of young lovers to Lillington one day last week. He was Harry Shuford, son of Forrest Shuford, state labor commissioner. She was Betty Everett, also of Raleigh. She was pretty and happy. He was handsome and ditto.

They are to be married June 24, and Harry was taking Betty around to see everybody who's kin to him.

His brother, Forrest, Jr., married Grace, attractive daughter of Mrs. Hugh Ray and the late Mr. Ray of Upper Little River in the Spring Hill community.

The happy couple were guests of Mr. and Mrs. Duncan P. Ray.

FOACHERS ON FISH PONDS

Berles Johnson, Harnett's tax su-pervisor now own fine fish ponds. They built these ponds at great expense and stocked them with fish so that they and their families could have plenty of fresh fish and at the same time enjoy recreation at the ponds.

You may not be able to imagine anyone with such crude manners as to come to a person's private fish pond and start fishing without even asking permission, now could you?

Well, that's exactly what's taking place.

Many farmers have told The News they are bothered by such poachers. Last week Mr. J. D. Weathers of Holly Springs R-1 was in The News office to get some land posters.

"The people are bad about coming to my pond and fishing without asking me anything about it," he said.

EVERYBODY SATISFIED?

Berles Johnson, Harnett's tax su-pervisor, was highly gratified when only about half a dozen property owners came in on the last day (Continued on page two)

Blackmon Talks to Buie's Creek Club on "Resources"

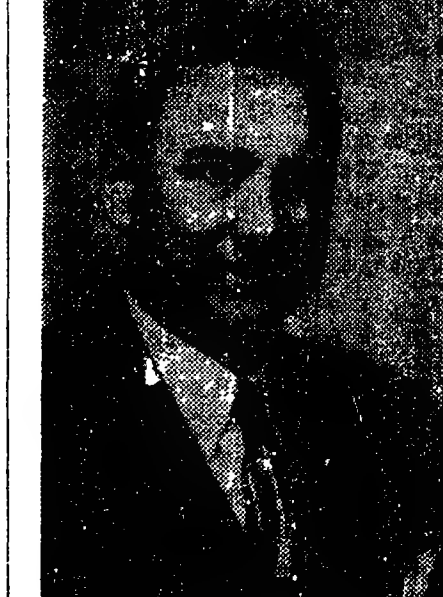

Mr. John H. Blackmon, teacher of agriculture at Lillington high school, was the speaker at the regular supper meeting of the Buie's Creek Civic Club on Tuesday of last week. He based his address on "Road to Survival" by William Vogt.

Blackmon quoted a number of shocking statistics from the Vogt book. The author is chief of the conservation section of the Pan-American Union and an expert in the field.

"For the past 300 years," quoted Blackmon, "man has behaved as though the earth's resources were limitless. It has been living on promissory notes. Now, all over the world, the notes are falling due. We cannot postpone payment much longer."

The speaker went on to point out some of the signs of the spendthrift policy of the human race, the famines, the droughts, the dust bowls, the lowering water supplies in such cities as New York.

GET COUNTED—YOU!

Census takers are completing their work in Harnett county, and it is highly important that this work show an accurate number of people residing in the county.

If the census taker has not been able to find you, find the census taker and get your name listed. It's important!

LEGION POST 28 ELECTS OFFICERS FOR COMING YEAR

New Legion Cabin In Final Stage Of Completion

(By Harry Shuford)

The Lillington American Legion Post No. 28 held its meeting last Friday night, April 21, in the newly completed hut on Little River and elected officers for the coming year. The new commander of the post is Casey S. Fowler, one of the five members of the Go-Getters in the Lillington organization. Fowler is a well known Lillington business man, being on the town board, and connected with the Northam Motor Co. and is part owner of the N & F Tractor Co.

Other officers elected Friday night include: Ralph Davis, 1st Vice-Commander; George Sanders, 2nd Vice-Commander; Prentess Sloan, Adjutant; Jim Faucette, Sgt. at Arms; Robert Coleman, Historian; Neill Ross, Service Officer; and Reid Ross, Chaplain. All of the new officers are veterans of World War II except Jim Faucette who served in the First World War.

The new Legion Hut is located on the old Murchison Mill site on Upper Little River. Work was started on the cabin on January 20 following a meeting the night before when final plans were made for its erection. Mr. and Mrs. George Sanders generously donated the land for the cabin to the Lillington Post and the building work has been done on a voluntary basis. The structure consists of an assembly room with a large fireplace, and there are plans for a kitchen and snack room and a full length porch. The new hut is now completed except for sealing the inside walls.

The Lillington Post has proven itself to be a progressive and rapid growing organization, and during the last two months alone has added 35 new members, bringing the present membership to 145. The fact that it is Post No. 28, the 28th to be organized in the state, shows that it has a history of some consequence and has an important bearing in community affairs. The post is making the new cabin available to any organization which is connected with the Legion, such as the Scouts and the Legion auxiliaries.

Johnson Making Final Windup Of Foreclosures On Tax Liens

County Attorney W. A. Johnson, after filing four more suits Monday morning in his foreclosures on tax liens held by Harnett County, told The News he did not believe he would need to institute very many more suits.

The reason, he said, is that many of the delinquents had settled either as soon as he notified them of his intention to sue, or since that time, and that most of the balance of the delinquent cases he has in hand will be settled otherwise, there being too many of them complicated so that the bringing of suit now is impracticable.

The Attorney finds that many of the delinquencies listed are cases in which the property on which taxes are due has changed hands time and again since the past-due tax began to run into heavy penalties.

Attorney Johnson has filed around 100 suits for foreclosure of tax liens, and he estimates that \$50,000 or maybe more has been realized by the county in payments. Delinquents are still coming in to settle with the tax collector, he says.

He still has in hand about 400 delinquencies, but he says he will not need to file that many suits. He has until July 1st to complete the suits, since the special act by the 1949 General Assembly provided that all of the suits must be started by that time.

The County Attorney has issued letters to owners of property with past-due taxes, and he states that this method of urging delinquents to avoid foreclosures has met with splendid results.

Commenting on delinquents and past-due taxes, Attorney Johnson told The News:

"The tax situation in Harnett county is in better shape now than it has been in many years. This procedure we are now putting through has cleared up practically all the past-due taxes that are immediately collectible. Of course there is some tax money due the county for many years back, but where the property involved has changed hands so many times since the unpaid tax fell due it is altogether impracticable to put the county to the expense of a suit that will bring in less than the cost. In many cases it is only a few dol-lars."

CANCER DRIVE GETS COUNTY-WIDE RESPONSE

County Commander Feels \$1400 Quota Will Be Reached

(By Harry Shuford)

Present indications are that Harnett County is giving full backing to the Cancer Fund drive during the month of April. Commander for the drive in this county, Mrs. Grady Johnson, reports that she is very optimistic that the quota will be met by the deadline on April 30. The quota set for Harnett County is \$1400, and it appears that the residents are giving their support in helping to reach the goal.

The drive is not over yet, Mrs. Johnson said, and she made a plea that the people in Harnett County continue to give to the fund. She also requested that the chairmen of the various townships turn over the receipts they have collected to the treasurer, Mrs. W. A. Johnson, as soon as possible.

The full list of officers for the drive in Harnett County are as follows: Mrs. Grady Johnson, Commander; Mrs. Joel Layton, Jr. and Mrs. Wilbur Adams, Co-Chairmen; Mrs. W. A. Johnson, Treasurer; Dr. A. W. Peede, Chairman of the Executive Committee; and C. Reid Ross, Chairman of the Education Committee.

The chairmen for the 13 townships in the county, and the organizations sponsoring are: Aversboro, Mrs. William Newsome, Senior Woman's Club; Duke, Mrs. W. L. Howell, Book Club; Black River, Mrs. A. C. Barefoot, Senior Woman's Club; Grove, Mrs. M. O. Phillips, Junior Woman's Club; Neill's Creek, Mrs. F. M. Caudell, Book Club; Buckhorn, Mrs. Claire S. Harrington. (Continued on page ten)

Not only are the citizens dissatisfied with the principal, but they disapprove of some of the appointments made by the Board of Education as committee-men.

According to the minutes of the meeting of the citizens, held April 13, they want Roy Butts and Troy Darden retained as committeemen, but they want in place of E. L. Hill, J. E. Hayes, Jr. and Ernest Darroch, the following named as committeemen: Charlie Johnson, to represent the Spring Lake community, R. T. Butler, to represent the Darroch community, and James F. McArtan, to represent the Blaylock community.

Butts represents the Flat Branch community and Darden the Overhills community.

The dissatisfied citizens state that they presented a petition to Chairman S. G. Thomas of the Board of Education outlining their desires, on April 17, and that the chairman promised them "action within 48 hours." However, they declare, no action has been taken.

A spokesman for the dissatisfied citizens stated that at their meeting there were four hundred present and when it was asked that all who favored retaining Principal Yates in the school please stand up, only one stood—a girl in high school.

MAKE THREAT TO QUIT SCHOOL IF NO ACTION TAKEN

Want New Lineup In Local Board Of Committeemen

Dissatisfaction in the Anderson Creek school community has developed a tempo of more than passing moment. It has, in fact, reached the point where hundreds of citizens there are demanding the replacement of Principal L. M. Yates.

Yates was reelected at a recent meeting of the local trustees, but this action didn't meet with the approval of a considerable number of the patrons who held a meeting of their own and invited the county school officials and trustees to be present and hear what was said.

Of the group invited, according to the dissatisfied citizens only two of the local trustees (or Committeemen) attended.

Not only are the citizens dissatisfied with the principal, but they disapprove of some of the appointments made by the Board of Education as committee-men.
