

# Lillington Social Notes

by Mrs. Joe Caviness

**HAPPY NEW YEAR**  
To all who read my page: May 1979 be a most successful year and may your health and happiness be the best.  
To my friends (I have no enemies?), a thousand pardons for all the errors found in my copy. Many letters have a way of falling in the wrong place, and many lines fall all the way out? Forgive and forget, is what we have recently been told to do.  
During the month of January I shall be resting. Hopefully, when I return to my duties I will be able to do a better job for you.

Many thanks to you all for kind words - they help my world to go 'round.  
Sincerely,  
[Mrs. Joe] Vera Dorman Caviness

**CHRISTMAS AT PINECREST**  
The Pinecrest Nursing Home was all aglow with traditional Christmas trees beautifully decorated, burning candles in the windows, and many happy residents enjoying the annual Christmas party, which was held Dec. 22.  
Hundreds of guests assembled

with the residents in the Chapel where hundreds of packages were banked around the tree. Most of the decorations on the tree were made by a group of patients who were instructed by Mrs. Peggy McLamb, physio-therapist for the home.  
Old Santa came with his pack and for the 30 for more tiny tots visiting relatives and friends there, he had a gift. Special music was furnished by Mr. and Mrs. Tommy Shaw, vocalist and pianist. They rendered many lovely selections, then led the group in singing Christmas carols.  
Mr. and Mrs. Joe Boone, owners and operators of Pinecrest, welcomed the guests, and Mrs. John Mason, who with her husband formerly operated the home, gave a warm greeting. She spoke of the love and sincere interest she had for the residents then and now, and how fortunate she was to be able to pass the home into the capable hands of her daughter Janet and son-in-law Joe.  
The group was invited to the dining room where a table was laden with many party dainties, which were enjoyed with Christmas punch served from a huge silver bowl.  
The employees of the home, who were introduced by Mr. Boone, assisted with arrangements and serving.

**Phone Cables to Go Underground**  
C.T. Dorman, Carolina Telephone's district commercial and marketing manager here, stated today that a construction project which will extend underground telephone cable facilities will begin soon in the urban area of Lillington.  
These facilities will result in new, and improved, service to residents of this section. The undertaking, which will cost approximately \$22,357 will include placing cable facilities along McDougald Road (SR 1229). Smaller cable or wire facilities branching from the newly placed cables will serve subscribers in adjacent areas.  
By plowing cable underground, Carolina Telephone avoids setting poles to support aerial wire and cable, thus enhancing the environment of the area.
