This Week's Health News and Views
from Bill Randall, Pharmacist
"Serving the Health Needs of Harnett County"

Major medical kick-back
Forms! Modern man's cause for consternation. Usual prescription is, "take to your pharmacist, take an aspirin, and go to bed."
Granted, forms can be a headache. Nevertheless, they can save you money. Many people don't know that they can be reimbursed for prescriptions through their major medical policies. Yet, it's true. One man I heard about got back \$2,800 dating back over 3 years.
You, too, may be eligible. If you have questions, I'll try to answer them. And remember, "don't underestimate the value of your personal" pharmacist.
