## Hupmobile

The Car of the American Family

## Economy

The net average repair cost of the Hup owner is less than 2 mills per mile.

That's one striking instance of Hup economy.

But Hup economy also includes low gasoline cost, low oil cost, low tire cost.

It includes, too, low depreciation.

Hup owners figure the latter at one cent a mile.

Prove these facts for yourself. Ask any Hup owner.

Then give us a chance to tell you—

Why the Hupmobile costs less to run—

Why the Hupmobile commands a higher second-hand price—

Why the Hupmobile is "The Car of the American Family."

These Hup reasons are important—let us give them to you.

## GERMANS DEFENSIVE BOTH EAST AND WEST

RUSSIANS GAIN ADVANTAGE IN GALICIA AND ARE PRESSING IT—TEUTONS RETREAT.

### ARGONNE REGION IN DOUBT

Germans Claim Success in Only One Point—French Retake Positions They Had Lost.

London.—The German and Austrian armies are now on the defensive on the east and west. They have given up, at least for the present, their effort to break through the Allied lines around Ypres, in Belgium, where the British and French have taken the offensive, and, according to the reports from French headquarters, have commenced to advance. In the east they have fallen back over their own frontiers in East Prussia and in Poland, while Russian cavalry had penetrated Silesia to the north of Kalisz and cut the German railway.

The Russians also are following up their advantage in Galicia, and it is said, have cut the retreating Austrians off from Cracow, while the Germans are retiring through Poland.

At only one point at two battle fronts do the Germans claim success. That is at the west of Argonne region, where they have taken from the French an important height near Vienne-Le-Chateau.

French troops have re-taken the positions which they had lost during the course of the week. That is notably so in the Alsace Valley around Sols, where they have regained the ground which the Germans by fierce assaults have taken from them.

The Belgians, holding the line reaching to the coast also have made progress.

The fighting was carried on in a fog, which interfered with the work of the armies and likewise with the artillery.

While the Allies' offensive in the west has given hope in London that the Germans will fall back to a line further removed from the sea, all uneasiness has not passed, for they repeatedly have shown wonderful recuperative powers. The presence of the Russians in East Prussia and Silesia, however, will, it is believed here, prevent the Germans from sending any more troops to the west. If it does not compel them to withdraw some already at that front.

The Austrians apparently have sent stronger force against Serbia and have driven the Serbs out of Slavonia. Of what is going on in Bosnia, which the Serbians and Montenegrins invaded almost to the capital, Sarajevo, nothing has been disclosed for weeks, but operations against their northern border might have had an effect on the Serbians plans there.

Nothing of moment has occurred in the Near East, but Turkey is being attacked in isolated spots by the Russians and British. The Turks also are apparently coming very close to war with Greece, the situation having been aggravated by the sinking of a Greek steamer by the Turks and the threatening of Greeks in Asia-Minor. Neither Bulgaria nor Roumania has yet made any move.

The Union Defense forces continue to round up the rebels in South Africa. Those in the northern part of the province which have been a worry to the government have been completely routed, while those in Transvaal, where another 400 have been captured, are scattering.

In Orange Free State, however, several small commandoes have been looting towns and damaging railways.

### Made Vigorous Attack

Paris.—A Havas dispatch from Nish, Serbia, says: "The enemy made a vigorous attack November 4, southeast and south of Shabatz, but by a counter attack we put the Austrians to flight. They left 500 dead and 200 wounded. During the same night and again on November 6 the Austrians attacked our positions at Borgan and Goutchevo, but were repulsed with heavy casualties."

### Big Russian Victory.

London.—The Rome correspondent of the Weekly Dispatch says: "According to the Russian embassy the Russians took 30,000 Austrian prisoners, 200 guns, six trainloads of supplies and 40,000 rifles in a victory on the San in Galicia. The Russians attack on Przemyel has been renewed violently. On the East Prussian front thousands of bodies of Germans have been burned because the frozen ground prevents burial. As no armistice is granted for the removal of the wounded many die of cold."

### Out After Japanese.

Amsterdam, via London.—The Berlin Lokal Anzeiger commenting on the fall of Tsing-Tau says: "Germans will never forget the heroic fighting at Kiao-Chow and those who defended the colony. Never shall we forget the brutal violence of the yellow robbers nor England who instigated them. We know we cannot settle our account with Japan at present. Our mills will grind slowly, but even if years should pass before the right moment comes, a shout of joy will respond 'doe to you, Nippon.'"

## MR. BAILEY'S FAITH MOST EXHAUSTED

ADMITS DEFEAT OF SEVENTH TAX AMENDMENT BUT AWAITS OFFICIAL COUNT ON OTHERS.

### MR. TRAVIS LED OBJECTION

Compliments Chairman Travis as a Skillful and Resourceful Man.—Official From 40 Counties.

Raleigh.—In connection with his admission that the tax amendments to the state constitution had been defeated and statement that he will await the official count of the returns by the state board of elections to determine definitely the fate of the other amendments Chairman J. W. Bailey of the amendments campaign committee takes occasion to say: "It is up to Chairman Travis of the State Tax Commission. He is an able man, a skilled man and a resourceful man. I hope that he will succeed in reforming our present revenue system by way of enforcing the constitution that we have and I shall be glad to help him in any way I can."

Chairman Bailey makes the view that if the other nine proposed amendments are defeated they were weighed down by the vote against the tax amendment and that but for the sentiment against the tax amendment the other nine would certainly have carried. Mr. Bailey takes the view that the statement published against the tax amendment by Chairman Travis of the state tax commission, in The Charlotte Observer is what really defeated the amendment. He says that he thinks it should ever be proposed again to amend the constitution it would be wise to submit only one amendment at a time as "it is impossible," as he expresses it, "to so inform the voters upon ten amendments as to insure against misapprehension, prejudice and private interest." At the same time he says he does not expect to see any further effort to amend the constitution for ten years.

Chairman Bailey has conceded the defeat of the amendments, although he still says there is some hope that at least some few of them have got through by small majorities. He gave out a statement of returns in hand from counties to date that shows 40 counties heard from with 23 of them for and 17 against the amendments, but the vote against footing up 16,303 and the vote for the amendments 11,029. The returns as he has them from the 40 counties follow:

For the amendments: Buncombe, 1,600; Brunswick, 673; Haywood, 1,017; Columbus, 77; New Haven, 525; Durham, 311; Wilson, 158; Craven, 156; Davie, 342; Columbus, 25; Onslow, 256; Beaufort, 750; Carteret, 725; Jackson, 467; Forsyth, 1,937; Alamance, 48; Gates, 65; Pasquotank, 23; Hertford, 32; Dare, 250; Warren, 129; Edgecombe, 351; Craven, 351.

Against amendments: Hoke, 200; Franklin, 26; Rowan, 272; Iredell, 45; Cumberland, 1,530; Guilford, 1,354; Johnston, 1,800; Wake, 1,744; Chatham, 989; Gaston, 900; Sampson, 1,821; Anson, 622; Bertie, 200; Lincoln, 924; McDowell, 1,106; Catawba, 567; Davidson, 1,780.

### RALEIGH TO HELP BELGIANS.

Will Hold Big Fancy Dress Ball to Raise Money.

Raleigh.—Within the next week or two Raleigh will undertake to raise money for the homeless and starving Belgians in Europe by holding a big fancy dress ball in the Auditorium, the affair to be under the auspices of Capital Club, the Raleigh Country Club, the Elk's Club and the Raleigh Woman's Club. The details for the affair are being worked out by a special committee from these organizations and it is certain to raise a big sum.

Asheville holds the honors for the biggest contributions for the relief of the Belgians thus far made in this state and Governor Craig, is generally pleased at the record scored by his home city.

### Two Deaf Boys Killed.

Morganton.—Claude Wade of Greensboro, age 13 and Willis Sawyer of High Point, age 12, students of the State Deaf and Dumb School here, were run over and instantly killed a few days ago by train 36 near Hildebran, 15 miles east of here. The boys had run away from school. After going to their rooms at the usual hour they evidently slipped out immediately as they had walked nearly to Hildebran and had just been missed at school when the message of their death came.

### Fire Near Shelby.

Shelby.—At 2:30 o'clock one morning recently fire was discovered in the large new barn of Mr. T. H. Lowery at Patterson Springs and before any help could be called from the neighbors the fire had gone too far to be extinguished. One mule, one horse, three fine milk cows, two wagons, part of his farm tools and all feed stuff were burned. Mr. Lowery was awakened by the noise of the roaring fire and the roof was falling in when he got up. The origin of the fire is not known.
