Bumper crops are becoming so common in this country we will soon have to coin a new phrase to describe the increase.

The combined efforts of the business men of Ahoskie would work wonders towards locating more manufacturing plants in the town. They would mean more families, more houses, more houses will mean a larger town and more business.

We acknowledge receipt of the following invitation; The Trustees and Faculty of The University of North Carolina cordially invite you to be present at the one hundred and twentieth annual commencement May 30, 31 and June 1, 2, 1915.

Let there be a united effort of the business men and citizens of the town in the re-establishment of the Ahoskie tobacco market. There are many ways in which you can be of material aid. Several months will elapse before the opening, but start in time by putting in a word every opportunity in behalf of the market.

The Cost of Saving a Dollar.

There is a fellow in this community (you all know him well) who does not take his home paper. He saves a dollar a year, in a way, but this is what it costs him: He gets his news second, third, or even fourth hand, and even weeks after it has occurred, always stale, and usually garbled beyond recognition.

He knows little of the mercantile opportunities that are offered in his home paper each week, and because of the absence of this information he often pays more than is necessary for what he buys. He knows nothing of many of the important events that are to occur until they have passed—and it is too late. He is never posted on town, township or county affairs, his knowledge being limited to what others in their generosity may choose to tell him.

Does it pay him to hold onto that dollar that would pay for his home paper a year!

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving patient strength by building the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Busy People From a Busy Town

Compiled and Arranged by the Herald Correspondent

Our little town does not seem like the same place—has taken on new life—since the arrival of the boys and girls from college. The following have returned home for their summer vacations: Mr. John Northcott from A. & M., Messrs. Graves Vann, Robt Britton and Charles Watson from Wake Forest, Miss Sillian Shaw from Meredith, Misses Kate Taylor, Jessie and Elsie Piland from Chowan College. Winton is very proud of Miss Jessie Piland, she having graduated with the highest honors in her class.

Miss Gladys Brown has returned from Wake county where she taught school during the past session.

Rev. T. T. Speight, who is travelling in the interest of Chowan College, preached an interesting sermon in the Winton church Sunday night.

The Ladies' Aid Society of Chowan church gave an ice cream supper at the Academy Tuesday night.

Mr. W. R. Herring has commenced work on his new home which he will erect on a beautiful lot purchased Mr. Heriot Faison. He will also build a home for Mr. J. D. Beale on the lot adjoining his at an early date. These houses will be the most modern in town and add a great deal to the looks of that part of Winton.

The new postoffice is about completed. Postmaster Mitchell will move into the new building as soon as the new fixtures are placed.

Rev. S. N. Watson, N. W. Britton and W. S. Herring will leave Friday morning for Etam church in Northampton county to attend the Union Meeting.

The Hertford County Union will meet with Buckhorn church, Tuesday June 1st. Every missionary society in the county is urged to send delegates, as a matter of great importance is to be decided at this meeting—that of the W. M. U. of Chowan Association supporting a missionary on the Foreign Field. Miss Willie Boone and Mrs. S. N. Watson are delegates to this meeting from Chowan church.

Miss Gibbs, who has been the milliner for Mrs. E. A. Vinson the past season, will leave the latter part of the week for her home in Virginia. Miss Gibbs has made many friends during her stay here and she will receive a hearty welcome if she decides to come back to Winton in the fall.

Mr. T. L. Lassiter is able to be out on the streets, after having a severe case acute indigestion.

Mrs. C. W. Jones entertained her Sunday school class on the beautiful lawn of Mrs. Judge Shaw Tuesday afternoon from 5 to 7 o'clock. A luncheon served in picnic style was enjoyed very much by the little folks.
