## TO THE DEMOCRATIC VOTERS OF AHOSKIE TOWNSHIP

You are hereby notified that a Democratic Township Convention will be held in the town of Ahoskie April 15th, 1916, in Newsome's Hall, at 2:30 P. M. This Convention is called for the purpose of discussing generally the political situation of our Township and County, and also to elect delegates to the County Convention, which will be held on the 22th of April, at the Courthouse door in Winton. Let me urge all Democratic voters in the Township to be present on the 15th, for the simple reason there will be matters of great importance discussed. This 24th day of March, 1916. W. W. Rogers, Chairman Executive Committee of Ahoskie Township.

**How To Give Quinine To Children**  
FEBRELIN is the trade-mark name given to an improved Quinine. It is a Tasteless Syrup, pleasant to take and does not disturb the stomach. Children take it and never know it is Quinine. Also especially adapted to adults who cannot take ordinary Quinine. Does not nauseate nor cause nervousness nor ringing in the head. Try it the next time you need Quinine for any purpose. Ask for Quinine original package. The same FEBRELIN is blown in bottles. 25 cents.

## Notice to Democratic Voters.

All Democratic voters of Hertford County are hereby notified and required to appear at the Courthouse in Winton, N. C., on Saturday, April 22nd, 1916, and show cause, if any they have, why an old time, enthusiastic Democratic Convention should not be held, for the purpose of appointing delegates to the State, Congressional, and Senatorial Conventions, and to transact such other business as may come before the Convention. The Chairman of the several townships in the county will call their meetings on Saturday, April 15th, 1916, to appoint delegates to the County Convention. This 24th day of March, 1916. Jno. E. Vann, Chairman of Democratic Executive Com.

**Whenever You Need a General Tonic**  
The Old Standard Grove's Tasteless chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Riches the Blood and Builds up the Whole System. 50 cents.

## TO THE TAXPAYERS OF HERTFORD COUNTY.

I notice during the year 1915 the County had to pay out for interest to the banks for carrying its paper \$74,566. This meant that the County did not have the money to pay its bills, and had to borrow money from the banks. This borrowed money had to be paid from the funds belonging to the year 1916. This naturally creates a shortage in the funds for 1916. If it takes the same amount of money to run the County in 1916 that it did in 1915, there will be a shortage of two years to take care of out of the 1917 funds, and so on from year to year. You may ask how this thing came about. Ten years ago the taxes were divided as follows: State 25, schools 18, County 23 2/3 per cent. Shortly after that the State took two cents from the counties, and gave to the schools, leaving the counties 21 2/3. In 1911, I think it was, the State took 2 2/3 from the counties and raised the State's proportion to 27 2/3. So, you see the counties are having to get along with 4 2/3 on the one hundred dollars less than it did eight or ten years ago. Now there is no use in cursing the State; that will not help the County's condition any. A condition has been created that we have got to prepare for. What shall we do? Remain quiet and have our county levy increased 3c. on the one hundred dollars, or shall we find a way to settle this bill and keep out of debt as a county without an increase of taxation? I suggest the following plan: abolish the office of County Treasurer, get one or more banks in the County to act as Treasurer without pay (this will save approximately \$1500 to \$1800); do away with one of our week courts, I would suggest February. This would save at least \$350. Can the County get along without this extra court? I think so. Then, if we will establish a Recorder's Court that will have jurisdiction in all criminal matters, wherein the fines are not over \$200 or imprisonment not over two years, with power to send convicts to the roads, etc. Also to have jurisdiction in civil cases, where the amount involved does not exceed \$500, or the title to land is not involved. I am of the opinion we can cut out another week of court, leaving four weeks of court, most of which would be devoted to the trying of civil cases. Now the question is, What are we going to do about it? It is the opinion of those I have talked with, and who know best our County's finances, that as matters now stand an extra tax is inevitable. Nobody in the county is willing to do, no not one. The election for county officers comes off before the next Legislature meets. We will have to elect our county officers just as we have been doing, and they will be inducted into office for two years. So we will have to put up with things as they are for 1916 and 1918, unless we might get clear of one of the courts next year. I think we might have a mass meeting in Winton right away, that we might consult together, exchange ideas, and give instructions to him who may represent us in the next Legislature. Now, don't get it in your head that I am after an office. I assure there is no office in the gift of the people of Hertford County that I would accept. The County has honored me sufficiently in the past for me to do what I can toward improving her financial condition. I am opposed to any raise in our county tax rate. If any one can suggest a better plan, or one as good as the one herein outlined it will be satisfactory to me. What I want is something that will bring results. Respectfully, B. F. Williams.
