How to Give Quinine to Children.
FERRILLIN is the trade-mark name given to an
improved Quinine. It is a Tasteless Syrup, pleasant
to take and does not disturb the stomach.
Children take it and never know it is Quinine.
Also especially adapted to adults who cannot
take ordinary Quinine. Does not nauseate nor
cause nervousness nor ringing in the head. Try
it the next time you need Quinine for any pur-
pose. Ask for Quinine Ferrillin package. The
name FERRILLIN is blown in the bottle. 25 cents

COMMENCEMENT PROGRAM OF AHOSKIE HIGH SCHOOL.

Rev. Sparks Melton of Norfolk, to
Deliver Address—Exercises in
Baptist Church, May 5.

The closing exercises of the
Ahoskie High School will take
place at the Baptist Church on
Friday night, May 5. The pro-
gram was published in this paper
in its issue of April 21. Owing to
the work done by the teachers in
this school preparing for the County
Commencement the program
will cover only one night. The
exercises are as follows:

Invocation.
Song.
Introductory Speech, by one of
the trustees.

Address by Rev. Dr. Sparks
W. Melton, of the Fremason Baptist
Church, Norfolk, Va.

Essays by Misses Doris Jenkins
and Nancie Leary, members of the
Graduating Class.

Presentation of Diplomas, by
Prof. F. Q. Barbee, Principal of the
Ahoskie High School.

The address by Rev. Sparks
Melton will be the chief attraction,
as he is a forceful speaker, and a
man of wide distinction as a speak-
er of ability. He occupies the
pulpit of the Fremason Baptist
Church, of Norfolk, Va.

It is with a great degree of re-
luctance that we give up those
who have labored so hard during
the past months to make this clos-
ing session the most successful and
by far the most fruitful of any in
the history of the Ahoskie High
School. There are none who are
at all acquainted with the progress
made in this school, in all of its
departments, but what will join
with the Editor of this paper in
reiterating that this has been the
best year in the history of the
school. And the trustees realizing
this have long ago re-elected every
member of the present faculty, all
of whom are expecting to return
and resume their duties during the
next session. One among this
number, Miss Mina Holloman,
will spend the summer vacation
with her father in Ahoskie. All
of the others are expected to leave
some time next week for their re-
spective homes.

And before closing, might we
not mention the one thing needed
to make the coming term, which
begins next September, even more
successful? Almost from the very
first year that the present building
was erected there has been an
overcrowding of pupils. This
state of affairs has increased each
year, until there is no one who is
at all familiar with the necessary
room and equipment for the most
successful teaching but what real-
izes that the present building is not
at all capable of holding the almost
three hundred students who have
been attending during the session
just now closing. Our pride and
our interest in the best education
of our boys and girls should, and
we believe is, such that demands
more room and increased teaching
facilities for those who have these
boys and girls in charge. The
corps of teachers have shown their
worth; the students have faithfully
done their very best work;
but have we, we whose duty
it is to provide for both teachers
and pupil, done our part?

This is in no degree a criticism
of the present Board of Trustees
or of the Boards that preceded
them, but a plea for a better and
larger building. It is a certainty
that something must be done be-
fore another session, and the pre-
sent members of the Board realize
this as much as anybody. Some
thing is going to be done, and
while we are providing let's do it
like it ought to be done. The town
deserves a better and larger build-
ing, and we believe we are to have
one before the opening of the next
session.

FORCEFUL HEALTH WORKER

W. C. Crosby Stirs the People on the
Subject of the Fly.

"Word comes from the various
organized rural communities
throughout the State that their
organizer, Mr. W. C. Crosby, is
as much an effective health work-
er as he is a good community build-
er," says the State Board of
Health. "He makes health work
or disease prevention one of the
principal features of his program
and puts the matter so squarely
before his people they dare not
hear him if they will remain in-
active and indifferent to his sub-
ject.

"At present, Mr. Crosby is stir-
ring up his people on the subject
of the fly as a filthy disease carry-
ing insect, and advises how by
destroying this pest, especially
their breeding places, that typhoid
diarrhoeal diseases of babies and
other germ diseases incident to
country life in the summer can be
greatly reduced. Mr. Crosby evi-
dently does not mince matters
when it comes to the fly story,
for it is said one of his hearers
accosted him recently with the
remark: 'I like to hear you talk on
other things, but excuse me from
the subject of the fly. I heard you
on that subject the other day and
I just naturally had to spit all the
way home and could eat no dinner
on getting there so sick was I for
thinking of that nasty fly.' 'What
are you going to do about it?'
asked Mr. Crosby. 'Fight like fire,'
said he, 'for never again can I be
comfortable with them around.'"

"Another argument Mr. Crosby
uses in driving home the necessity
for fighting flies as a means of
preventing sickness and death
from typhoid and baby diseases, is
that if it is God's will, as so many
people believe and as many of our
preachers use to say at funerals,
to take young men and young
women by means of typhoid fever,
what use has He for so many of
them in the summer time! And,
if it is His will to take babies by
means of diarrhoea, why does He
want more babies during the
months of June, July and August
than during other months of the
year?"

To The Farmers of Hertford Bertie, and Adjoining Counties.

As it will soon be time for you
to begin planting your tobacco
crop, I feel that you will appreciate
some little information regard-
ing the tobacco situation at pre-
sent. I have taken the trouble to
inquire into the situation thor-
oughly, in order that I might be
of some help to the tobacco raisers
of our section, and, from all that
I can gather, I find that the deal-
ers have sold practically all the
tobacco that they had on hand,
leaving less on hand at present
than they have had for several
years. It is the general opinion of
well-posted tobacco men that next
year's crop will bring a much bet-
ter price than that of the past sea-
son. They are forming their
opinion from the fact that practi-
cally all of the old stock is being
worked up, and the reports from
South Carolina indicate there will
be only fifty per cent of the crop
raised in that State. This means
that the manufacturers will have
to depend upon North Carolina to
supply the required amount of
bright tobacco.

My personal opinion is that you
will not go wrong in planting as
large a crop as you can possibly
house.

I wish to let you know that I
have made arrangements to sell
your tobacco—ungraded as well as
the graded; so if you are hesitat-
ing about increasing your acreage
on account of having to grade it,
I am sure this information will re-
lieve you. I feel that I can safely
advise you to plant as large an ac-
reage as possible the coming sea-
son, as I am sure it will pay you

The Commencement exercises of
the Winton High School will be-
gin Thursday night, April 11,
when the music class, under the
direction of the very popular
teacher, Mrs. James Newsome,
will give a recital, the final and
last recital of the year. Friday
night, Dr. Hubert Potent, of
Wake Forest College, will deliver
the address.

The Rally Day service in Chowan
Church was a decided success.
The church had been made very
attractive with potted plants and
cut flowers. The music was most
inspiring, and the entire program
was thoroughly enjoyed. The
collection amounted to \$82.40.
The Philathea Class led in the
contributions with \$17.

The Concert by the Singing
Class of the Oxford Orphanage in
the Town Hall, Friday night, was
the best that the class has ever giv-
en here. There was a splendid
audience, but this is always the
case when the Class from the Or-
phanage entertains.

Mr. and Mrs. Warner Lassiter
carried their little girl, Violet, to
Norfolk Sunday, to have the ton-
sils and adenoids removed.

Mrs. L. E. McDaniel, nee Miss
Retha Banks, of Lasker, spent
several days with her parents, Mr.
and Mrs. E. F. Banks. Dr.
McDaniel spent Thursday in
town, Mrs. McDaniel returning
home him.

Mr. and Mrs. J. A. Shaw went
to Norfolk Wednesday to consult
a specialist in regard to Mrs.
Shaw's eye, there being a small
growth on her left eye. Mrs.
Shaw will undergo an operation
later.

The many friends in Hertford
County of Mr. and Mrs. J. C.
Scarborough will be grieved to
know that they are desperately ill
at the home of their daughter,
Mrs. Lawrence, near Selma. Mr.
Scarborough has been ill for sever-
al months and has grown worse dur-
ing the last week. Mrs. Scarbor-
ough was taken ill a week ago.
Little hope is entertained for the
recovery of either.

Mr. Roy Britton and family, of
Colerain, spent Tuesday in town.
Several of our young people
will go to Murfreesboro tonight
(Monday) to witness the pageant
to be given on the campus of Chowan
College.

Miss Lucille Britton, of Chowan
College, spent the week end with
her grandmother, Mrs. W. P.
Shaw Sr.

Miss Janie Brown, who is being
treated in Norfolk by an osteo-
path, does not improve.

Miss Mabel Lawrence will spend
the week end with friends in Un-
ion.

Miss Iris Council went to Tar-
boro Thursday and remained until
Sunday with her sister. While
there she attended the County Com-
mencement of Edgecombe, one of
the largest ever held in the State.

Miss Jessie Plaud is home for
the summer, her school having
closed Friday.

Mr. Crawford Easterling, of
Bennettsville, S. C., spent Sunday
with Captain and Mrs. T. B. Stor-
rey.

ating Recital of Miss Bettie Wil-
liams Tayloe at Chowan College
