News From Como

The war clouds and their long in-
cessant patter of rain has almost
obliterated the smile of satisfied
countenances of our farmers. The
prediction that this season that is
on us now resembles so much the
memorable year of 1867, has almost
made the most optimistic to think
seriously of such an event being
possible. Again the great desert of
green stuff i. e. kale, cabbage, tur-
nips and salad has put another
wrinkle in their already furrowed
brows.

Miss Marion Picott is visiting
Mr. J. B. Vaughn's near Franklin.

Glad to report that Mr. Dick
Taylor is improving rapidly from
his serious illness.

Mr. B. T. Davis has disposed of a

her 79th birthday on the 6th inst.

Whooping cough is on the rampage
in this community.

HOW ABOUT YOUR COUNTY

If we were called upon to diag-
nose the condition of a county to
find out whether or not it really
had a genuine case of progressive-
ness, the first eight questions we
would ask would probably be as fol-
lows.

1. Are three-teacher schools
taking the place of the one-teacher
schools?

2. Is the county building good
roads and making plans for main-
taining them after they are built?

3. Has the County a live demon-
stration agent?

4. A whole time county super-
intendent of schools?

5. A whole time county health
officer.

6. A home demonstration, and
canning club agent?

7. Are the farmers growing
legumes, using improved farm mach-
inery, and getting interested in pure
bred livestock?

8. Have the people discovered
the power of organization—so that
each community has a farmers'
club, a farm woman's Club, a boys'
corn club, and girls' canning club—
The Progressive Farmer.
