You have heard of the rob-beries of trains that were so common in the West a few years ago. A raid was made on the Atlantic Coast Line at Cofield Monday night, not by bold, masked men, but a beyy of Winton's pretty girls, not for the purpose of robbery, but to tag the passengers for the Red Cross. The raid was most successful, for when the train got to Tunis, the end of the journey which was only wo miles, the girls had collected eleven dollars. This is another exam-ple of the generosity of the public. When we think of the wonderful sacrifices that our boys are makin, when the folks back home are so willing to give their time and money and, added to these things the prayers of thousand of mothers, its seems that we must win the war; but, how long, oh how long must we wait.

W. D. Boone, Floyd Jenkins and Rob Briton passed their physical examination Monday and are now subject to call at any time.

OUR STAND. It may be we're four-flushing mostly, but feel that we're now on the square; we may not have always been just as we shouldmay not have been playing it fair; but that is no reason why things should not change, no argument favoring wrong, the fact we have found that it pays to do right, just makes us for clean stuff more strong. Our sons and our daughters we love and re-spect, we're anxious their course should be straight, and that is the reason we stand as we do-why things that have wronged us we hate. We know from experience bought at a price, temptation is right on the job; we know what it promises, what it has done, we know that its sim is to rob. The course we have run and the fights we have fought, and the anguish and grief we have stood, has made us come through strong and firm for the right, the rough stuff must beat it Kingt Sigle for good.

person who has purchased as many as one thousand dollars worth of these stamps should be reported, and given the widest sort of publicity. Among those who have already purchased that amount of stamps in Hertford County are: Dr. P. H. Mitchell and Mrs. P. H. Mitchell, of Ahoskie, and Mr. A. I. Parker, of Winton. There may be others in the County, but up until the present time these are the only ones that have been reported to the Publicity Chairman. Hertford County should enroll 160 mem bers of the Limit Club"-those who pledge to purchase stamps to the amount of one thousond dollars during the year 1918. She must get busy to accomplish this: but she cannot afford to lag.

Let every person in Hertford County get busy at once—"get on your toes", "go over the top." We people must not fall short in this campaign. Hertford County must "Come acr 038." Every siggle individual in the County should at leas own one of these stamps be-fore the campaign is over. The campaign wil eitend over the entire year of 1918, it is true, but to attain results we must begin now, if we would do our best.
