ADVERTISING RATES.

Very reasonable and made known on request.

Entered as second-class matter February 25th, 1910, at the post office at Ahsokie, North Carolina, under the Act of March 3rd, 1878.

Ahsokie, North Carolina, January 24th, 1919.

MEMORIAL FOR HERTFORD COUNTY BOYS.

In other column of this paper there is an article written by Mrs. Roswell C. Bridger, of Winton. In this article, she suggests that a monument be erected in Hertford county to its sons that have fought in the war with Germany. She also suggests that the Herald be appointed a committee to receive donations, each week publishing the names of the donors and the amounts.

This suggestion, we believe is a good one; that is, the suggestion that a fund be raised for the purpose of erecting a memorial for the "boys." Some such suggestion has been made by the Editor, but very little response was heard at the time it was published. If there is a desire among the people of this county to further this program, the Herald would gladly consent to receive the contributions, publishing each week an itemized statement of the fund, and giving credit to each individual subscriber.

BROTHER, THE HERALD CONCURS.

The following clipping was taken from a Nebraska paper, but it applies as well to North Carolina. Its caption is "We're For It," and it reads thusly: "A number of our exchanges have been speculating on what would happen if the government took over the newspapers. Well, the first thing the subscription price would be raised 50 per cent, and the sheriff would be kept busy chasing delinquents. The next step would be to raise wages about 25 per cent, and editors, who had not had a cent in six months they could call their own, would be placed on a salary. The merchants who failed to get their copy in until press day would be hauled up before the council of defense, and linotype man who hired out for two weeks and quit his job in a week would be sent to Leavenworth for about ten years as a deserter. It looks like a good proposition, and we're for it."

PAPERS TAKE ADVERTISING DIRECT TO THE BUYER.

The following was clipped from the South Dakota Rural Press: "Did you observe," said a merchant to a customer, "the handsome advertisement I have had painted on the railing of the bridge?" "No," responded the customer, "but if you'll send the bridge around to my house I will try and read the announcement. I read the papers and I haven't time to run around from place to place and read bill boards."

"There is some merit in all forms of advertising, but for down-right economical effectiveness nothing can take the place of the home newspaper for home business."

North Carolina's educational forces have lost another valuable asset in the death of Dean M. H. Stacy, which took place at his home in Chapel Hill Tuesday morning. Since the death of President Edward Kidder Graham, Professor Stacy has been acting President of the State University. He had been connected with the University for several years, and was the best known member of the faculty. He was an interested educator, and is widely known over the state, where his services as a public speaker has been in constant demand. Citizens of Ahsokie will remember him as having delivered an address at the Ahsokie High School closing a few years ago.

Old man Darwin tried to prove that human beings are the offspring of the monkey family—a species of the baboon. But, friend, if Darwin had lived in Ahsokie in this age, he would make it his business to prove that Ahsokie's people sprang from the reptile family, taking the form of a frog. For, the slightest wet season finds the streets and sidewalks in such a condition that one must use the "hopping" antics of the frog in order to navigate and keep above the water and mud. Who said we didn't need better streets?

The North Carolina general assembly will in all probability pass a piece of legislation at this term governing the dogs that are allowed to run at large, and destroy thousands of pounds of good mutton, as well as other objects of sustenance. Hertford county is for such a law, if the poll taken at the last election was at all representative.

Billy Sunday, speaking in Richmond last Sunday said: What God wants is workers, not knockers. Builders, not iconoclasts. Helpers, not critics. Live wires, not dead ones. Yes, and what Ahsokie wants is plenty of "live wires" to shock the dead ones into insensibility, or to arouse them to a point where they will help their town.

National prohibition will soon be an accomplished fact. The required thirty-six general assemblies of the United States have ratified the proposed amendment to the federal constitution. Soon, old demon rum will be no more in this country. The dry forces now plan a World-Wide movement. Push 'em off the face of the earth.

We again caution our delinquent subscribers to settle with us. We have gone to great expense to install latest machinery, in order to give the people a paper "Worth While"; but dead accounts won't pay for it. Off comes the names of those in arrears in thirty days.

If the Herald ever did have any respect for the man or person full of "gas", it has certainly and surely lost it. For, who ever knew any object propelled by gas but what was a thorn in the flesh. We refer you to our linotype "gas burner."

Farmers in this section are not being easily led into marketing their peanuts at seven and seven and a half cents per pound.

We are no doctors, but our advice to those who would avoid the influenza is "keep clean," inside and out.

One bother we don't have. The income men never bothers

THAT PERMANENT PASTURE.

Records kept by farmers in Martin county have shown that they have received on an average of \$360.00 per acre return per year from their permanent pastures at a cost for seed, lime, manure and labor not to exceed \$35.00. Has it paid the farmers of Martin county? If it has it will pay the farmers of Hertford county just as well.

If you will put in an acre of permanent pasture, select an acre of good land well drained and break it deep, disk it, harrow it well, broadcast lime and stable manure, disk this in and sow your seed and cover with a section harrow or by dragging a brush over the land.

It is best to seed about February 20th to March 10th, for spring seeding.

The following mixture has given excellent results in Martin county.

- 8 lbs. Italian Rye Grass.
- 8 lbs. Red Top (Herds Grass)
- 8 lbs. Orchard Grass.
- 8 lbs. Alsike Clover.
- 4 lbs. White Clover.
- 4 lbs. Red Clover or Japan Clover.

This mixture to be used on one acre. It should cost about \$12.00 per acre. Japan Clover or Lespedeza seed are hard to get on the market but they can be secured by scraping off the fence rows or plantation roads almost any where in Hertford county and scattering the scrapings over the field.

For open woods where an hours sunshine a day can be had it will pay well to seed the following mixture.

- 10 lbs. Orchard Grass.
- 10 lbs. Kentucky Blue Grass.
- 5 lbs. Red Top.

Lespedeza or Japan Clover scrapings as much as you like. Any one wishing help in seeding permanent pastures should call on the county agent.

Charcoal Mixture for Hogs.

- Wood Charcoal, 2 bushels.
- Hard Wood Ashes, 2 bushels.
- Air Slaked Lime, 3 lbs.
- Salt, 8 lbs.
- Sulphur, 4 lbs.
- Coperas, 2 lbs.

Pulverize the charcoal and sift the ashes, mix the charcoal, ashes, lime, salt and sulphur thoroughly and dissolve the coperas in one-half gallon of hot water and sprinkle over the mixture. Stir well and store in a dry place.

Keep some of the mixture where the hogs can get it at all times. If they need it they will use it.

Farmers who will use this mixture regularly will find that their hogs will not suffer with indigestion, breaking down in the hips and many other ailments that hogs suffer with.

Any farmer who burns wood in his fire-place can save up enough charcoal and ashes to make a supply of the mixture. "If it is not too much trouble" the rest can be bought almost anywhere at a small cost.

Try it out and see if it does not pay for the trouble.

E. W. GAITHER,
County Agent.

Report of the Condition of the CITIZEN BANK

at Murfreesboro, in the State of North Carolina at the close of business December 31, 1918.

AHSOKIE, N. C.

For Indigestion, Constipation or Biliousness

Just try one 50-cent bottle of LAX-POS WITH PEPSIN. A Liquid Digestive Laxative pleasant to take. Made and recommended to the public by Paris Medicine Co., manufacturers of Laxative Bromo Quinine and Grove's Tasteless Chill Tonic.

Why Take Calomel?

Dr. Thacher's Liver & Blood Syrup will do all that calomel will do and without the "after effects."

Years ago, when people were bilious when the liver got lazy and failed to do its work or the stomach was out of condition, calomel was the standby.

By and by the users of calomel found that the "after effects" of taking the drug were as bad and more often worse than the ailment for which it was taken.

Dr. Thacher, in seeking a medicine to take the place of calomel—one that would do all the good that calomel would do, and yet leave none of its evil effects perfected Dr. Thacher's Liver & Blood Syrup. This was in 1852, and each year since has added to the confidence of those who have used it.

Miss Susie Brewer, of Chattanooga, Tenn., tried calomel. She was suffering with a very serious cold and grippe and had no appetite whatever. After the calomel failed she tried Dr. Thacher's Liver & Blood Syrup. She felt better after taking three doses and she soon got entirely well. "I think Dr. Thacher's Liver and Blood Syrup is a wonderful medicine," she said, "and I am very thankful I tried it."

For nearly three-quarters of a century this sterling preparation has been an "old stand-by" in thousands of homes in treating rheumatism, dyspepsia, indigestion and other stomach and liver complaints. It is a powerful tonic and blood purifier and can be used with the utmost confidence.

Write Thacher Medicine Co., Chattanooga, Tenn. for a copy of "Thacher's Family Doctor," a book giving cause, symptoms and treatment of 47 common diseases.

Dr. Thacher's Liver and Blood Syrup for sale by dealers in medicines everywhere.

Sold at Gerock's Ahsokie, N. C.

The Strong Withstand the Winter Cold Better Than the Weak

You must have Health, Strength and Endurance to fight Colds, Grip and Influenza.

When your blood is not in a healthy condition and does not circulate properly, your system is unable to withstand the Winter cold.

GROVE'S TASTELESS CHILL TONIC Fortifies the System Against Colds, Grip and Influenza by Purifying and Enriching the Blood.

It contains the well-known tonic properties of Quinine and Iron in a form acceptable to the most delicate stomach, and is pleasant to take. You can soon feel its Strengthening, Invigorating Effect. 60c.

The Advertised Article

is one in which the merchant himself has implicit faith—else he would not advertise it. You are safe in patronizing the merchants whose ads appear in this paper because their goods are up-to-date and never shopworn.

No. 366

This is a prescription prepared especially for MALARIA or CHILLS & FEVER. Five or six doses will break any case, and if taken then as a tonic the Fever will not return. It acts on the liver better than Calomel and does not gripe or sicken. 25c.

No Worms in a healthy Child

All children troubled with worms have a healthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

Tax Notice

Ahsokie township is behind with her Taxes; the County Treasurer is calling on me to turn in enough money to meet orders that are coming in. The County's balance has been overdrawn, and borrowed money is creating interest for every day the account is overdrawn. You will have to pay it eventually, and you can save yourself and your County money, if you will see me at once and settle your tax account.

The Treasurer has written me a letter urging prompt collections, and I am calling on you to help me turn in a large total.

S. E. VAUGHN,

Tax Collector for Ahsokie Township.

NOTICE

Having qualified as administrator of W. J. Harrell deceased, late of Hertford county, N. C., this is to notify all persons having claims against the estate of said deceased to exhibit them to the undersigned on or before the 11th day of January 1920, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment. This 11th day of January 1919.

W. A. PERRY,
Administrator of W. J. Harrell.

The Quinine That Does Not Affect The Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. E. W. GROVE'S signature on box. 50c.

A Tonic Laxative

that will remove the bile from the liver and cleanse the system THOROUGHLY without griping or disturbing the stomach is truly a Perfect Laxative.

LAX-POS WITH PEPSIN

is the name of a Reliable and Perfect Laxative which soon relieves Sick Headache, Dizziness, Indigestion, Stomach Trouble, Gas and Flies caused by a Turbid Liver and Constipation. Always use a Reliable Laxative in the treatment of Colds, Grip and Influenza.

LAX-POS WITH PEPSIN is a Liquid Digestive Tonic Laxative excellent in its effect on the system, both as a tonic and as a laxative. It is just as good for Children as for Adults. Pleasant to take. Children like it. Made and recommended to the public by Paris Medicine Co., St. Louis, Mo., manufacturers of Grove's Tasteless chill Tonic.
