DON'T WEAR GLASSES UNLESS YOU NEED TO

So many people put off having their eyes examined because they believe the one who examines them will tell them they must wear glasses, whether they need them or not. That all depends upon whom you consult—upon the man who examines your eyes; you must have confidence in him. Dr. Masrow, Norfolk's recognized eyesight specialist, has won the confidence of the public because of his upright, honorable dealings and because of his twenty-five years' experience in caring for the eyes. So do not "think" or "guess" about your eyes, but consult Dr. Masrow—he will give them a scientific examination and will tell you truthfully whether you should wear glasses or not. His office is in the Dickson building, corner Granby and Tazewell streets. His charges for glasses, considering the high quality of his work are very moderate. Office hours, from 9 a. m. to 6 p. m.; Sunday from 11 to 12 a. m. Telephone 219.

UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop using dangerous drug before it salivates you! It's horrible.

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

Send your job printing to the Herald office.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

Chronic Constipation.

There are people who never have a movement of the bowels without it is produced by a cathartic. Most of them have brought that condition on themselves by the use of mineral waters and strong cathartics that make too much water out of the system and aggravate the disease they are meant to relieve. A mild laxative tonic like Chamberlain's Tablets afford a gentle movement of the bowels that you hardly realize has been produced by a medicine, and their use is not so likely to be followed by constipation.
