A GRATEFUL LETTER

It is in trying conditions like that related below by Mrs. Geo. L. North of Naples, N. Y. that proves the worth of Chamberlain's Colic and Diarrhoea Remedy. "Two years ago last summer" she says "our little boy had dysentery. At that time we were living in the country eight miles from a doctor. Our son was taken ill suddenly and was about the sickest child I ever saw. He was in terrible pain all the time and passed from one convulsion into another. I sent my husband for the doctor and after he was gone thought of a bottle of Chamberlain's Colic and Diarrhoea Remedy in the cupboard. I gave him some of it and he began to improve at once. By the time the doctor arrived he was out of danger."

AN URGENT REQUEST

All patrons of the Ahoskie High School are earnestly requested to be present in a school meeting in the High School Auditorium Friday, September 10th at 8 P. M. We want to make our school plans the most effective for our children. Do your best by your presence, for your children, homes, town and vicinity. N. Wright, Superintendent.

Adv. 21-22

PERMANENT PASTURES FOR HERTFORD COUNTY.

Now that the Stock Law is an assured fact we must begin to make preparations to care of our stock by other methods than we have been in the habit of doing. A few acres sodded down to a good grass and clover mixture will be found to among the most profitable acres on the farm. The secret of success with permanent pastures in Hertford County is having your soil well drained, well limed and in good productive state of cultivation. Clover and grass like any other of the cultivated crops do best on the richest and best drained lands but they can be grown successfully on land not suited to intensive cultivation. Don't fail to be ready to do your part for the stock law when it comes but begin now and get in two or more acres, depending on the amount of stock you have, of good pasture this fall.

Pasture mixtures found most successful in this section:

- No. 10 Alsike Clover
- No. 4 Bur clover
- No. 4 Red clover
- No. 8 Italian rye grass
- No. 8 Red top grain
- No. 8 Orchard grass

The clover seed should be inoculated with a bacterial culture for best results or soil obtained from fields where the clover has been grown and distributed over the field desired to grow it.

For any particular write or see your county agent.

H. L. Miller, County Agent.

THREE RINGED CIRCUS COMING TO AHOSKIE. SPARKS WORLD FAMOUS SHOWS TO BE HERE WEDNESDAY SEPTEMBER 15th. 1920.

A real three ringed circus is coming to town, with wise lions and tigers two herds of elephants, tango and shimmy dancing horses intermingled with human stars and with troops of clamor let loose between thrills.

The Sparks Circus which is coming to Ahoskie, on Wednesday, September 15 is huge and grand and new enough to warrant the very highest of praise.

Everyone will laugh at the capering clowns, gasp at the feat acts and shudder at the sensations crowded together in two hours and a half. The biggest and most daring of the animal acts are the two elephants herds, one of which includes earth's mightiest monster, Big Zulu "the skyscraper elephant". Less spectacular, maybe, but almost as sensational, are the Harrison bears who are not only natural born comedians, but have been taught such difficult feats as roller skating, riding bicycles, boxing and wrestling, walking the tight rope and even the playing of musical instruments has been mastered by these four footed actors. Just to add good measure to the performance it is interspersed with a score or more of high class stars or the serial world.

Of course there are clowns and forty of them will surely make you laugh, if you have one stored away in you. Altogether the wonderful program presented under the "big top" of the Sparks Circus will give boundless pleasure to big and small.

Ahoskie Defeats Tunis

The Ahoskie team easily defeated the Tunis team Thursday afternoon on the Tunis grounds, by a 10 to 6 score. Features of the game were the home run of Dixon for Tunis and the pitching of Bozeman for Ahoskie.

Cpl. Albert Holloman, colored Co. C. 344 Labor Bn. died on his way overseas and was buried in Liverpool, England, remains was returned to Ahoskie Friday morning, September 3rd. Holloman was sent to camp August 5th, 1918, and died October 14th 1918.

OVER 2,000 SIGN CONTRACT

More than 2,000 peanut growers have signed the Exchange contract. Practically all these signers have come from only four counties, and they represent more than 40 per cent of the necessary number, of signers to insure the perfection of the growers' organization.

On account of the early opening of the tobacco warehouses in Hertford and Bertie, the completion of the campaign in these two counties will be postponed till a later date. However, enough signers have already been secured to give the necessary 50 per cent of signers in the territory that has been canvassed.

This week the campaign will open in Surry Sussex counties with a series of meetings Saturday afternoon. The following week the campaign will open in Isle of Wight and Nansemond Counties. After these four counties are canvassed, the campaign will then be resumed in North Carolina.

It is confidently expected that enough signers will be secured in Surry and Sussex counties to bring the total number of signers well above the half way mark and to begin the home stretch. It is also expected that signers will be secured much more rapidly after the half way mark is passed.

This campaign for signers to the contract is under the direction of the Board of Directors of the present Exchange. These nine Directors were elected by the members of the Exchange in their respective counties and so are the representatives of the growers themselves. As has been previously stated, the representatives of the Exchange are employed by this Board of Directors, who are the real promoters of the new Exchange.

THREE WEEKS IN BED UNABLE TO WORK

DELANCY TAKES TANLAC AND IS NOW BACK AT WORK AGAIN FEELING FINE.

"When I began taking Tanlac I had been confined to my house for four months, but I never felt better in my life than now," said William Delaney, well-known employee of the City Street Department and who lives at 427 Fairview Ave., Seattle, Washington.

"I had stomach trouble and indigestion so bad that everything I ate disagreed with me," continued Mr. Delaney. "Gas would form after meals and cause me to have the worst sort of cramping spells. I actually suffered so much I dreaded to eat at all and I never dared touch meat or anything heavy. I also had rheumatism all over my body and it was so bad in arms and legs I could hardly get about at all; then my nerves went back on me and I could never get a good night sleep."

"I heard so much good about Tanlac that I decided to try it and it just seemed to be made especially for my case, for every one of my troubles left me so quickly it was really amazing and I am enjoying better health now than I have in years. I have a ravenous appetite, eat anything I want and sleep like a log every night. I have gained a lot in weight, too, and put in a big day's work on the job every day. I feel like a different man in every way and Tanlac deserves all the credit for it."

Tanlac is sold in Ahoskie by Z. V. Bellamy and Copeland Drug Co., in Harrellsville by Williams and Taylor.

CHRONIC CATARRH

Our manner of living makes us very susceptible to colds and a succession of colds causes chronic catarrh a loathsome disease with which it is estimated that ninety-five per cent of our adult population are afflicted. If you would avoid colds or having contracted a cold get rid of it as quickly as possible. Chamberlain's Cough Remedy is highly recommended as a cure for colds and can be depended upon.

LEST YOU FORGET

Let us remind you that Chamberlain's Tablets not only cause a gentle movement of the bowels but improve the appetite and strengthen the digestion.
