DR. L. R. SCARBOROUGH,
Chairman Conservation Commission
Baptist 75 Million Campaign.

Dr. L. R. Scarborough, who was general director of the Baptist 75-Million Campaign, and who was later elected chairman of the Conservation Commission that is seeking to conserve all the interests of that campaign, has issued a report from the Nashville headquarters showing the various interests that have profited from the \$16,851,100.65 collected on campaign pledges up to Dec. 1, 1920.

With its receipts of \$2,953,808.07, the Foreign Mission Board has added to its territory five new provinces in China and made the beginning for opening up work in the new fields of Spain, Hungary, Roumania, Jugoslavia, and the Ukraine in Russia; strengthened its work in Syria and Palestine, made a beginning in Eastern Siberia, added 100 new workers to its force of American missionaries in foreign lands, provided new houses of worship, hospitals, schools, publishing plants and other institutions needed in the prosecution of missionary work. What is of even more importance, in the estimation of Secretary Love, is the completion of many institutions and undertakings that had been held up for lack of funds.

Home Missions Doubles Budget
By reason of the larger receipts from the campaign, the Home Mission Board has been enabled to practically double its annual budget for its work of evangelism, church building, work among the foreigners, Indians and negroes, mountain mission schools, enlistment, and general mission work in Cuba and Panama. The appropriations to evangelism have been practically doubled, those to church building increased between 500 and 600 per cent, those to the mountain schools, forty in number, 100 per cent, and those to the work of enlisting undeveloped churches, 300 per cent.

In the realm of state missions, which embodies such work as providing missionaries and other special workers for needy fields within the states and aiding weak congregations in the building of houses of worship, the advance made possible by the campaign ranges from 25 to 180 per cent in the eighteen states of the convention territory.

Returns to the Conservation Commission by forty-five of the Baptist institutions of learning which are sharing in the returns from the campaign, show that they have received \$2,712,756 so far. Of this sum, \$1,666,000 has been expended on improvements, \$400,000 has gone to endowment, several hundred thousand dollars in old debts have been wiped out and other improvements are under way.

Ten New Hospitals Provided
Southern Baptists were operating fourteen hospitals when the campaign began, and as a result of the new interest in this work aroused by the campaign ten additional hospitals have been launched. These hospitals have received \$1,111,489.45 from the campaign so far, while local communities in which the hospitals are located have subscribed approximately \$2,000,000 additional. The hospitals have practically \$1,000,000 in improvements under way. The seventeen Baptist orphanages have likewise come in for much larger support as a result of the campaign, their receipts from this source being \$1,018,785.87. As a result of this income the orphanages have been enabled to make improvements valued at \$225,000.

The work of aiding aged preachers is a new one among Southern Baptists as a whole, but as a result of the campaign the Relief and Annuity Board has received \$408,148.82 from that source and \$306,000 from Mr. Rockefeller, Sr.
