**Too Much Meat Hurts Kidneys**

Take a glass of Salts to Flush Kidneys if Bladder bothers you.

Eating too much meat may produce kidney trouble in some form or other, says a well-known authority, because the uric acid excites the kidneys, they become overworked, get sluggish, clog up, and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with bicarb, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so that it no longer irritates, thus often ending bladder disorders.

Jad Salts can not injure any one; makes a delightful effervescent lithia water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders.

Alamance citizens, regardless of church affiliations, are enthusiastic over the movement and invite any person interested in aiding the college to join them. C. B. Riddle, Burlington, N. C., is secretary of the committee, to whom any donation may be sent.

**Where Is Your Money?**

The daughter sold an old teapot to the junk dealer when her mother was absent from home. The teapot contained mother's savings of five years.

Johnny thought the ten dollar gold pieces, which he found tucked away in the bottom drawer, were pennies---and exchanged them for ice cream cones.

Their house burned down one night and in the flight for safety Farmer Jones and his family didn't have time to rescue the money, hidden for years in the mattress.

Such unexpected accidents nearly always happen to hidden money even when it escapes fire and theft. Why not protect yours by placing it in an interest bearing account at this bank? It's safe here and is working for you every day.
