

The Asheboro Courier.

PRICE ONE DOLLAR A YEAR

Wm. C. HAMMER, Editor.

Published at the Post Office at Asheboro as Second Class Matter.

The absence of Federal officers with their big pistols buckled around them was noticeable at the precinct where the registration books were open Saturday.

A correspondent from Cid to the Davidson Dispatch says that a large number of Republicans in that section of the county will support the Democratic ticket this year on account of the beneficial effects of the Watts Law.

Thomas E. Watson, Populist nominee for President, in a recent interview with J. O. McNeill of the Charlotte Observer, speaks of Marlon Butler as a traitor. Butler is entirely lacking in principle and when in the Populist party was a spy in the camp. This is a scathing denunciation from one of Butler's own party.

The past ten days has been a period of great encouragement to the Democrats of Indiana and of New York, Connecticut and other states. It now looks like Ind. will go Democratic and that Sen. Beveridge's successor will be a Democrat. The Democrats are having great meetings in all these states, while the Republicans draw slim crowds.

Elsewhere in our columns will be found an account of the death of Hon. M. W. Ransom. In his death North Carolina loses a truly great son. Probably no citizen of our state has ever accomplished more for North Carolina than did General Ransom. Linked with his long and illustrious career is the memory of Vance, with whom he served in the United States Senate.

It is a comforting fact to the Republicans are getting in New York state as the autumn days approach. It seems that Roosevelt's dye is cast in his own state. It is said that the Republican candidate for Gov. will run 30,000 votes behind his ticket, and it is also said that his nomination was secured by the most corrupt methods of a most corrupt party. Conditions in the Empire state will largely influence conditions in other states.

President Cleveland in the last issue of the Saturday Evening Post writes a strong article on why a young man should vote the Democratic ticket. He tells us he chose the Democratic Party instead of the Republican, and why every young man should do so. Many people vote from prejudice or because some graveyard ancestor voted so, never giving a serious thought to the principles or merits involved in the two political controversies which divide the country.

The republicans are at their old tricks. They are telling the uneducated white men that they will be allowed to vote up to 1905, but not after that time. This statement is just as false as the statements which they made in 1900 to the effect that the uneducated white men would not be allowed to vote after the adoption of the Amendment. Every uneducated white man who registered under the Grandfather Clause should have his name enrolled on the permanent record, and by doing this his right to vote will never be questioned so long as he lives if he will take the trouble to go to the statute books.

The republicans will have a hard time convincing the people that they have experienced such a reformation since they went out of office in this county. All the accusations that democracy employ dishonest methods in elections are simply the bare pretense under which the gang hopes to defeat an honest and economical administration and thereby mismanage the affairs and again run the county in debt. In the face of their record in this county they now talk about honesty—the most brazen hypocrisy ever committed of. Honorable men, whether they be democrats or republicans, will regard their cry as a lie and label it what it really is—a lie.

John Wilkerson & Co. have made over 1,000 gallons of molasses this fall. J. Routh went to Asheboro last week and purchased sheet iron to cover his mill. "Little John" has purchased a lot and is erecting thereon a combined store and dwelling. G. E. Tague is spending a few days with his parents.

THE NORTH CAROLINA BOOK-LET.

The North Carolina Booklet is one of the most valued publications in the state. It is for the purpose of preserving and developing North Carolina history. The best writers in the state contribute the articles for the Booklet. This publication is issued monthly and the editors do the work free of charge.

Mrs. E. E. Moffitt, who lived in Asheboro for many years and is well known to a large number of our readers, the daughter of the late Gov. Worth and a lady of the finest culture, well educated and equipped with a love and devotion and a patriotism, which few people of either sex possess for their state, if the editor in chief.

The Booklet is in its fourth year. Back numbers can be obtained at 10 cents a copy. It is to be regretted that this valued periodical has few, if any, subscribers in this county.

Senator Simmons' idea of obtaining emigrants to the South and West will be advocated at the coming session of Congress. The provisions are contained in a bill endorsed by Senator Simmons during the session of Congress, by which Italians, Poles, Austro-Hungarians, Russians and other similar classes will be induced to go to the farms and mines, instead of to the cities, as heretofore.

Republicans are funny folks. They talk about saving the country in 1896, when the truth is a large part of them were hesitating as to free silver, turning higher and thither, courting populists and saying to one man one thing and another man another thing—facing both ways.

The Quakers for Watt's Law. R. L. Gray in an article in last Sunday's News & Observer has the following to say about the political situation, which will interest many of our readers:

THE SEVENTH DISTRICT. In the Seventh District Mr. R. N. Page who two years ago had no opposition, estimated his pluralities for this year at 2,000 in Union; Anson, 2,500; Richmond, 600; Scotland, 1,000; Moore, 500; Montgomery, 400; Randolph, 600, giving to his opponent J. Mendenhall Davis county by 200 and Yadkin by 700 votes.

Mr. Page has doubtless underestimated his strength in excess of caution, if what well posted Randolph men told me on the occasion of Glenn's great oration at Asheboro he true. In the Seventh district, where there are many of the Society of Friends, the Watts law is making many votes. In Randolph county recently a Quaker preacher, for the first time recalled in history, is stated by a gentleman to have advised his congregation to vote the democratic ticket. For every vote that the "Watt's" law will lose to the party among the disgruntled element it will make two among the friends of temperance who have hitherto been divided between the parties. This is especially true among the Quakers who, for causes arising in ante-bellum days, have formerly been largely affiliated with the republican party.

The Handolph incident as well as the expressions coming from many of these good, high thinking folk, indicate that the Friends in this election are going to put temperance above party.

Fell and Broke His Rib. Mr. J. C. Bain, of this city, sustained a serious and painful accident at Guilford College, recently. He was aiding his friend, Mr. B. Millikan, in constructing a covering over a well when he fell from the top to the ground breaking a rib and sustaining a severe shock. Dr. Roberson was summoned from here and rendered the necessary attention. Mr. Bain is still at Guilford College and will be detained there for some time by reason of the accident.—Greensboro Telegram.

Gray's Chapel Items. October 10.—The continued dry weather is retarding the preparation of land for wheat.

Some of our citizens went before the Board of Commissioners at their last meeting asking for the convicts to work the old Liberty-Asheboro road by way of Gray's Chapel. Glad to say we got some encouragement.

John Wilkerson & Co. have made over 1,000 gallons of molasses this fall. J. Routh went to Asheboro last week and purchased sheet iron to cover his mill. "Little John" has purchased a lot and is erecting thereon a combined store and dwelling. G. E. Tague is spending a few days with his parents.

GENERAL MATT W. RANSOM DEAD.

North Carolina's Honored Son Falls to Sleep—His Career, Etc.

After a sudden illness, Hon. Matthew W. Ransom died at his home in Northampton county, near Garrettsburg about 1 o'clock Saturday morning of heart trouble. He was just seventy-eight years old. Friday he was apparently well and had been busy looking after his large farming interests. He ate a hearty supper and not feeling well he retired about nine o'clock. His condition grew worse and a physician was summoned and the venerable soldier, statesman, and citizen expired before his arrival. Three of his sons were at his bed side, and his wife and daughter, Miss Esther, were at Blowing Rock. His last words were "Boys do right. God bless your mother."

General Ransom was born in Warren county; was a graduate of Chapel Hill, a lawyer and was elected Attorney General of North Carolina when 28 years old. He was a member of the legislatures of 1856, '59 and '60. In June 1861 he entered the confederate army, was soon appointed Lieutenant-Colonel of First North Carolina Regiment, and in June 1865 was appointed Brigadier-General. He was wounded at Petersburg but soon returned to the command of his brigade and served until the surrender at Appomattox. He was a brave soldier. In 1872 he was elected United States Senator and served his state in that capacity until March 1895. Soon after his retirement he was appointed Minister to Mexico by President Cleveland. After his term ended he returned to his farm in Northampton county where he has since resided. Gen. Ransom was conscious until the last. He was an able lawyer, possessing a gigantic mind, a true patriot and statesman and history will record no brighter page than the record of this glorious and eventful career of this illustrious son.

Prominent cotton mill men of the South met in Charlotte last week and formed a Southern Colored Goods Association. They perfected their organization and adopted resolutions recommending curtailment.

Tom Love, a negro, was sentenced to be hanged Oct. 28th in Haywood court last week by Judge Long, for breaking into the dwelling apartments of Mrs. Rogers at Waynesville a few weeks ago.

Ernest Sheppard, of Winston, was arrested in Greensboro Monday on a charge of stealing a watch from a room in the Phoenix Hotel in Winston. The watch was found in a pawn shop, where Sheppard had pawned it for \$10.00.

Henry G. Davis, the democratic nominee for vice-President, began his campaign tour in Baltimore Monday night. The Lyric Hall, where he spoke, was thronged and thousands were unable to gain admittance.

Mr. and Mrs. J. M. Brewer and family, who have been visiting Mr. William Cox returned home Sunday evening. It is now rumored that Mr. Im Scott will canvass the county with the county candidates.

Messrs. A. K. Wilson and Devotion Hancock went out squirrel hunting Saturday and killed seventeen. People who do not visit their sick and afflicted neighbors, unless providentially hindered, and then are almost ready at the grave to push aside some heart-broken child, in order to place a wreath of flowers on the coffin, are a people not wanted at our burial.

We visited the sick room of Master Lester Johnson this morning and on noticing a nice bunch of flowers near his bed, he, with a bright smile on his face, said, "Miss Della Baldwin brought them to me." She is one of Ransom's pious good girls who never neglects to visit the sick and administer to their wants. She is certainly worthy of placing a wreath of flowers on the coffin of those she visited while sick.

Mr. J. M. Brewer made a strike in sweet potatoes last Saturday. He carried them to the Ransom Store Co. and they offered him 35 cents per bushel, whereupon he carried them back home and now proposes opening a pudding factory.

SHANKS. G. A. Hise is at home for a short day.
